New York, Saturday, January 5, 1878.

Railroads in Colorado.

During the year 1877 there have been built 150 miles of railroad in the State, making the total extent of the railway system within its borders 1,067 miles, viz:

	Miles.
Kansas Pacific	210
Atchison, Topeka and Santa Fe	148
Denver and Rio Grande	308
Colorado Central	182
Denver and Boulder Valley	27
Denver Pacific	106
Arkansas Valley	66
Denver, South Park and Pacific	14
Boulder and Caribou	6
Total	1,067

These railways afford travel and freighting facilities to all sections of the State, accommodating over 80 towns and stations.

Among the further railway enterprises now on foot are the extension of the Denver, South Park and Pacific road to Fairplay, in the South Park country; the Denver and Rio Grande to Del Norte, the outfitting point of the San Juan country, and to Santa Fe; the extension of the Atchison, Topeka and Santa Fe over the range, to a connection with the Utah Southern Railway, and with the Southern Pacific; also, the building of a new narrow gauge line from Denver to the old mining districts of Gilpin and Clear Creek Counties.

The Western Union Telegraph lines reach all the larger towns in the State, and are being extended as fast as the business of the newly settled sections demands.

The population of Colorado, according to the best estimates, is fully 150,000, and the increase during the past year has been about 25,000. The San Juan section, almost wholly settled in the past four years, has now a population of 15,000. The larger towns are Denver, 26,000; Pueblo, 4,000; Boulder, 3,200; Georgetown, 3,500; Central City, 3,000; Greeley, 2,500; Lake City, 3,000; Colorado Springs, 2,200; Trinidad, 2,500; Del Norte, 2,000. Most of these towns have increased their population, during 1877, from 10 to 25 cent. From the facts above given we think it fair to say that the Centennial State is now on the high road to prosperity.

Lake Shore and Michigan Southern Railway.

The following is an abstract of the report of the Lake Shore and Michigan Southern Railway Company, made to the State Engineer and Surveyor of New York, for the fiscal years ending September 30, 1876 and 1877:

STOCKS AND DEBTS.

Capital stock, as by charter	$50,000,000
Amount of stock subscribed	50,000,000
Amount paid in, as by last report	50,000,000
Total amount now paid of capital stock	50,000,000
Funded debt, as by last report	36,125,000
Total amount now of funded debt	36,000,000
Total amount now of funded and floating debt	36,000,000
Average rate, per annum, of interest on funded debt	7 per cent.

COST OF ROAD AND EQUIPMENT.

	1876	1877
Construction	$65,435,776 78	$65,435,776 78
Equipment	14,378,709 04	14,378,709 04
Total cost of road and equipment	$79,814,485 82	$79,814,485 82

CHARACTERISTICS OF ROAD.

	1877
Length of road, miles	540.37
Length of road in this State, miles	69.50
Length of double track, including sidings, miles	702.50
Length of branches owned by the company laid, miles	324.23
Weight of rail per yard on main track, pounds	60
Number of engine-houses and shops	30
Number of engines	495
Number of first-class passenger cars	143
Number of second-class and emigrant passenger cars	35
Number of baggage, mail and express cars	67
Number of freight cars, including coal cars	10,048
Number of service cars	157
Length of main line of road from Buffalo, N. Y., to Chicago, Ill	510.37

TRANSPORTATION AND TOTAL MILES RUN.

	1876	1877
Number of miles run by passenger trains	2,734,477	2,376,047
Number of miles run by freight trains	6,069,882	5,991,881
Number of passengers (all classes) carried in cars	3,104,353	2,784,801
Number of miles traveled by passengers, or number of passenger carried one mile	167,635,062	157,948,856
Number of tons, of 2,000 pounds, of freight carried in cars	8,439,168	8,642,284
Total movement of freight, or number of tons carried one mile	1,054,841,419	1,113,985,311

TRANSPORTATION EXPENSES.

	1876	1877
Maintaining road bed, etc	$2,592,022 67	$2,784,980 71
Repairs of machinery	1,420,822 45	1,846,778 73
Operating	5,514,855 45	5,193,220 20
Totals	$9,527,700 57	$9,304,559 64

EARNINGS AND CASH RECEIPTS AND PAYMENTS.

Receipts.

	1876	1877
From passengers	$3,781,163 33	$3,269,710 29
From freight	9,753,999 64	9,117,532 87
From express	287,711 14	247,914 35
From mails	507,892 62	466,012 40
From rents	49,383 67	52,808 95
From all other sources	66,370 55	60,555 35
Totals	$14,417,020 95	$13,214,434 15

Payments, other than for construction.

For transportation expenses	$9,527,700 57	$9,304,559 64
For interest, leases, etc.	2,793,433 00	2,762,350 00
For dividends on stock—amount and rate p. c.—1¼ p. c.	1,979,860 00	618,331 25
To payments to surplus fund	116,224 38	.....
Ashtabula accident to Sept. 30	.....	474,776 00
Balance	.....	54,417 26
Totals	$14,417,020 95	$13,214,434 15
Total amount of surplus fund	2,295,530 38	.....
Interest on funded debt—		
L. S. & M. S.	.....	$2,520,000 00
D., M. & Tol.	.....	84,000 00
K. & W. P.	.....	44,000 00
Totals	$2,635,997 00	$2,628,000 00
Less int. and div. on assets	165,267 00	192,335 00
	$2,470,730 00	$2,436,345 00
Div. (10 p. c.) on guaranteed stock	83,380 00	83,380 00
Rental four branch roads	249,853 00	272,625 00
Totals	$2,793,433 00	$2,762,350 00

NOTE.—The taxes in 1876 were $458,245 35; and $495,747 17 in 1877; included, according to law, in transportation expenses, under the head of "Maintaining the Road."

Atchison, Topeka and Santa Fe Railroad.

The earnings of the Atchison, Topeka and Santa Fe Railroad for the month of November, 1877, were $385,078, the expenses $189,898, and the net earnings $195,180. For the month of November, 1876, the earnings were $225,792, the expenses,

$100,528, and the net earnings $125,264—showing an increase in earnings of $109,286; an increase in expenses of $39,269, and an increase in net earnings of $69,916. For the eleven months ending November 30, 1877, the earnings were $2,482,-327, the expenses $1,188,507, and the net earnings $1,243,820. For the eleven months ending November 30, 1876 the earnings were $2,282,185, the expenses $1,082,346, and the net earnings $1,-199,789—showing an increase in earnings of $150,-194, an increase in expenses of $101,161, and an increase in net earnings of $44,061.

Nashville, Chattanooga and St. Louis Railway.

The earnings of this road for the fiscal years ending June 30, 1876 and 1877 were as follows:

	1876.	1877.
From passage.....	$480,889 51	$135,666 83
" freight.....	1,207,167 59	1,133,208 14
" mail.....	38,606 92	38,606 92
" rents, etc....	24,983 85	24,792 63
	$1,751,599 87	$1,632,276 52
Expenses, viz:		
Maintenance of way.	$294,212 51	$274,191 95
Motive power.....	300 833 71	272,311 80
Maintenance of cars.	87,633 98	84,326 89
Conducting transp..	250,876 85	231,223 34
Miscellaneous.....	62,712 56	64,180 26
	$996,269 61	$926,234 24
Net income.....	$755,330 26	$706,042 28

In addition to the operating expenses as above, the following payments have been made:

Interest on bonded debt for the year.	$438,120 00
Interest on floating debt and exchange, for the year.....	16,627 18
Taxes in Tennessee, for the year....	21 827 54
Taxes in Alabama, for the year.....	1,913 28
Two dividends of stockholders of 1½ per cent. each on the capital stock.	196,088 14
Difference in cost of steel over iron rails 25 per cent. on $123,871 44...	30,967 89
Cost of extra ties used in laying 32 miles steel rail, 600 to mile extra..	5,760 00
Cost of new bridges built in excess of ordinary repairs.....	11,763 70
	$723,012 70

From the foregoing statement, it will be observed, that counting the payments made on account of improvement of property in the use of steel rails, etc., payments for the year exceeded the net income $16,970 42, while but for these necessary improvements, the purchase of steel instead of iron rail, etc., the net income would have exceeded the payments $28,994 33. The improvement in property was considered by the board as an equivalent for the ten per cent. upon the amount of net profits in excess of expenses and interest, which had been ordered to be set aside for reduction of the small floating debt, and which was referred to in last report; therefore the directors passed a resolution on March 21, 1877, suspending the operation of the order "until the Chattanooga Division is laid in steel rail."

Taking, however, the two years, 1875-6 and 1876-7 together, the net income over and above all expenses, ordinary and extraordinary, exceeded the interest on bonded and floating debts, taxes, dividends, and all other payments, $62,348 55. Deducting from this amount $26,647 92, for mail service on the Northwestern Division, appropriated towards relieving lien of the United States Government on certain engines bought with the Nashville and Northwestern Railroad, and you have the sum of $35,700 63 surplus, which was applied to reducing the floating debt.

During the two years we paid $126,688 33 on account of rails and fastenings, besides other improvement of track and bridges, and all was charged to expenses.

It is desirable to pay off the small floating debt, and in ordinary times a large part of it might be met out of the assets in possession of the company, but at present they could not be disposed of on terms reasonable or satisfactory to the board. The anxiety of the stockholders to pay off this small floating debt, and keep, for the present, at least, the assets on hand, has caused some members of the board, and other stockholders, to consider the propriety of reducing somewhat the semi annual dividend paid the stockholders, while the floating debt is being paid off, and the Chattanooga Division laid with steel rail, which necessarily adds largely to the expense, but when completed will insure greatly increased earnings, and increase the amount of dividends to stockholders.

By authority of the amended charter of your company, the directors purchased in January last the Tennessee and Pacific Railroad, with its rolling stock, and all other property extending from Nashville to Lebanon, Tennessee, a distance of thirty miles, for the sum of about $140.000 in money, at present price of State bonds. We took possession of this road on the 16th day of January last, and the directors are well pleased with the purchase. The directors also purchased on the 21st March last, the McMinnville and Manchester Railroad, and the Winchester and Alabama Railroad, with the rolling stock and all other property of both, the former extending from Tullahoma to McMinnville, about thirty-five miles, and the latter from Decherd to Fayetteville, about forty miles.

These properties cost $320,000 in six per cent. forty year bonds of your company, with mortgage upon the roads. These roads came into our possession on the 26th March last, and the use of them from that date to the close of this year was given to your company, in the purchase, as the interest on the bonds given in payment does not commence to run until January 1, 1878. The directors are satisfied with the purchase of these roads, after operating them for the last five months.

It is believed that after the return of prosperity and business to the country, these roads will be worth much more money than they have cost your company, and that in the meantime, they may be made to carry themselves. The Tennessee and Pacific will do much more than that. Besides, the ownership of these roads may give important protection to your company in the construction of other lines at some future day. The directors ask that the stockholders ratify the purchase of these three railroads.

TENNESSEE AND PACIFIC RAILROAD.

Net earnings.....		$3,976 97

On the Tennessee and Pacific Railroad an unusual amount of work on repairs of tracks, bridges and machinery, was done and charged to expenses; therefore, the amount of net earnings for the five and a half months shown above, is not a fair exhibit of what that road will do. The tracks, bridges and machinery, were all in very bad order when received by your company. After being put in good order, we think its net earnings will reach at least $20,000 per annum.

The net earnings, as shown by the McMinnville and Manchester, and Winchester and Alabama Railroads, for the three and one eighth months, will be increased, as the months reported for were not a fair average for the year in gross receipts.

There will, however, be a considerable number of ties required in the track, and some repair of bridges and trestles in this fiscal year—more on the Winchester and Alabama than on the McMinnville and Manchester Railroad.

In the purchase of the McMinnville and Manchester Railroad, your company acquired the title to, and the work done on the Southwestern Railroad, from McMinnville to Sparta, (if you see proper to accept) and negotiations are now pending with the County of White and her citizens, for finishing the road, and it is hoped with their aid, and the securities provided for by your company for that purpose, this important extension may be completed, which will add considerable business to the McMinnville and Manchester Railroad, and the Main Line.

Under the contract made between the "Southern States Coal, Iron and Land Company," (limited) of England, and your company, the Jasper Branch has been extended from Jasper to Victoria, a distance of 7¼ miles, with freight house at Victoria, and 1¾ miles of side track at that and intermediate points, in all nine miles, at a cost of $10,000 per mile, which was the estimate for the main track alone. The work has been well, and very substantially, done. The best quality of iron rails, 56 pounds to the yard, and first class white and post oak ties, and iron bridges, were used in its construction. The maximum grade from Victoria to Jasper, the direction in which cars will go loaded, has been reduced to 26 feet to the mile. But even in the other direction the maximum grade is only 50 feet.

The English Company is represented in this country by James Bowron, Esq., a gentlemen of large experience, great energy and acknowledged ability. The work of erecting two large blast furnaces of eighty tons capacity each, per day, by that company is progressing at South Pittsburg.

This new town was laid out by that company about midway between Bridgeport and Jasper. They have erected also large machine shops and other important works at this point, besides opening out one or more collieries at Victoria. Unavoidable delays have occurred in the prosecution of their work; but it is believed their first furnace will be completed by March next, and the second one soon after.

From the improvements of this company in that Valley, we expect to receive considerable business for the main line, as well as for the branch. Besides which, the extension will increase the amount of produce and other general freights moved over the branch.

The construction of other branches from your road, by parties not connected with your company, are spoken of. Among which we may mention the enterprise being put on foot by E. F. Falconnett and others, for a road from Burns Station, on the Northwestern Division of your road, through Centerville, in the direction of Tuscumbia, Alabama. The construction of all such feeders your directors will encourage in any reasonable and prudent manner.

Thirty-eight and one-half miles were laid in steel rails during the past year, making fifty-one miles laid with steel at the close of the fiscal year ending 30th June, 1877, and about eleven miles of steel rail on hand, which, when laid, will make in all about sixty-two miles, to which will be added thirty-seven miles during this fiscal year. So that by 1st July next we calculate upon having two-thirds of the Chattanooga Division laid with steel. Our own observation and experience unite with the larger experience of others in confirming the wisdom of the use of steel rails.

The company have 83 locomotives, 26 coaches, 11 baggage, 1 pay, 49 stock, 200 flat, 700 box and 2 wrecking cars. Passenger train mileage, 488,586; freight train mileage, 752,168—total, 1,240,754. Total mileage of engines, 1,393,991.

Number of passengers carried west, 95,171; do. east, 88,652—total, 183,823.

BALANCE SHEET, July 1, 1877.

President.—E. W. COLE.

Directors.—E. W. Cole, Jno. M. Bass, G. M. Fogg, W. T. Walters, E. L. Jordan, J. W. Childress, Thos. C. Whiteside, V. K. Stevenson, W. S. Huggins, A. Iselin, Jr., N. C. Collier, J. A. Satterwhite, B. F. Wilson, T. D. Fite, Thos. Lipscomb. By the Georgia Railroad and Banking Company, John P. King.

Secretary and Treasurer.—R. C. BRADFORD.

General Superintendent.—J. W. THOMAS.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio of the East and West Railway Company (narrow gauge), to run from the east line of Ohio in Trumbull county, through the counties of Trumbull, Geauga, Portage, Summit, Medina, Huron, Seneca, Hancock, Putnam and Paulding, to the east line of Indiana, in Paulding county; capital $8,000,000, by George L. Ingersoll and others.

Railroads of Ohio.

From the forthcoming Annual Report of Commissioner L. G. Delano, we learn that the net gain for the year in length of line within the State is 273.73 miles, whereas the gain for the previous year was but 53 miles.

During the year 16,992,589 passengers were carried by the roads doing business in Ohio, which number is 634,063 less than was carried in 1876, deducting one line not reporting and four suburban lines not included this year.

The freight tonnage of the year aggregates 30,338,004, an increase of 990,204 over the previous year.

The gross earnings of operated lines aggregate $58,095,489 57, a decrease of $5,166,650 76 below those of last year.

In net earnings there is a falling off, compared with the previous year, of $2,977,214 65. The total, $14,862,228 06, is 2.56 per cent. upon the paid in stock, bonds and other debts of companies owning lines.

The earnings from passengers aggregate $15,592,149 82, a decrease of $894,716 45.

The freight earnings amount to $38,678,764 65, which shows a falling off of $3,765,827 82.

The total paid in capital stock of the several roads aggregate $273,310,568 02, the outstanding bonds amount to $282,228,180 99, the other net debt to $24,976,549 21, making an aggregate of $580,572,246 82. The interest reported paid on bonds during the past year was $9,830,682 94, and on floating debt $646,128 96.

The dividends paid on preferred stock amounted to $580,029 75, and on general stock $8,940,338 05. The proportions of these aggregates for Ohio is as follows:

Capital stock paid in	$156,288,960 79
Funded debt	152,408,441 49
Other debts, net	17,696,107 72
Total debts	170,104,549 21
Total stock and debt	326,888,510 00
Miles of main track	4723
Miles of sidings and double track	1249
Total earnings	$1,917,638 57
Net earnings	8,073,820 07

☞ The Ashley River Railroad in South Carolina, which was opened on the 27th ult., is the last link in the coast line of railroads between New York and Jacksonville, Florida. The new bridge over the Ashley river replaces the ferry heretofore used, and passengers now go through to Florida on Pullman cars without transfer.

☞ Receiver Wickham, Special Commissioner appointed by the Circuit Court of Richmond, will sell, on the 2d of April, the Chesapeake and Ohio Railroad, with all its rights, franchises and privileges. The road extends from Richmond to Huntington, a distance of 429 miles.

☞ It is stated that a branch of the Pittsburg, Fort Wayne and Chicago Railroad will shortly be built, extending from the Erie and Pittsburg Division into the mineral lands of Wayne and Shenango townships, in Lawrence county.

☞ The Wheeling Intelligencer says that there is no reasonable doubt that the Baltimore and Ohio Company intend to carry forward the Memphis road to the Connellsville line at an early day.

RAILROAD AND CANAL DIVIDEND STATEMENT.

Showing the amount of Stock Outstanding, the Dividend Periods and the date of last Dividend.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An *asterisk* (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

The Sutro Tunnel.

The Sutro Tunnel has been pushed on to a distance of 18,400 feet, being within fifty feet of the great combination mining shaft, (Comstock lode,) where its usefulness and value will be tested. The sound of the blasts can be heard in the Comstock workings, complete connection with which will be made by April 1, 1878. Thus far the expenditure has been $2,830,597; about $250,000 will be required to complete the work, and $500,000 more to equip it. The object of the tunnel is to afford a natural outlet for the waters of the bonanza mines, now pumped up from the depth of 2,300 feet, at an annual cost of nearly $3,000,000. With the tunnel it will only be necessary to raise it to the 1,800 feet level. Besides, the tunnel will afford ventilation, and so do away with the necessity for expensive mining, where, the atmosphere being at 120 degrees and the water at 160 degrees, a miner cannot work more than five minutes at a stretch, having then to take refuge in cooling chambers, to which compressed air is forced. Further, the cost of moving the ore from the bottom of the shafts to the open air will be by the tunnel $150 a day, as against $4,500 by the present system of hoisting.

New York Central and Hudson River Railroad.

The following is an abstract of the report of the New York Central and Hudson River Railroad Company for the fiscal years ending September 30, 1876 and 1877:

STOCK AND DEBTS.

	1876	1877
Capital Stock	$89,428,300 00	$89,428,300 00
Funded debt	39,844,733 33	39,901,239 33
Bonds and mortgages given or assumed by the company upon purchase of real estate	556,546 58	534,212 23
Average rate per annum of interest on funded debt	6½ per cent.	6½ per cent.

COST OF ROAD AND EQUIPMENT.

Grading and masonry	$19,423,106 83	$19,501,106 83
Bridges	2,526,026 21	2,526,026 21
Superstructure, including iron and steel	28,826,925 68	29,119,425 68
Passenger and freight stations, buildings, etc.	11,654,886 78	11,926,328 49
Land, land damages and fences	11,812,743 56	11,968,899 31
Locomotives, fixtures and snow-plows	5,628,903 51	5,988,903 51
Passenger and baggage cars	1,780,143 82	1,764,143 82
Freight and other cars	9,940,401 93	10,115,901 93
Engineering and agencies	2,999,473 27	2,999,473 27
Horses	16,985 00	16,985 00
Harness and stable equipage	4,293 10	4,293 10
Rochester and Lake Ontario Railroad	150,000 00	150,000 00
Buffalo and Niagara Falls Railroad	658,921 56	658,921 56
Lewistown Railroad	400,000 00	400,000 00
Saratoga and Hudson River Railroad	2,000,000 00	2,000,000 00
Total	$97,822,811 05	$99,142,408 71

CHARACTERISTICS OF THE ROAD.

	1876	1877
Lines owned—		
Length of road, miles	740.17	740.17
Second track, miles	465.30	465.30
Third track, miles	236.69	264.07
Fourth track, miles	222.19	225.27
Turnouts, miles	414.60	432.14
Lines leased—		
Length of road	260.03	260.03
Second track, miles	49.96	49.96
Third track, miles	3.85	3.85
Fourth track, miles	3.85	3.85
Turnouts, miles	37.35	37.35
Total miles of track	2,432.99	2,471.99
Weight of rail per yard	(lb.) 65	(lb.) 65
Number of engine-houses and shops	61	61
Number of engines	557	602
Number of dummies	8	8
Number of first-class passenger cars	416	416
Number of second-class and emigrant cars	83	80
Number of baggage, mail and express cars	216	211
Number of freight cars	15,310	15,661

DOINGS OF THE YEAR IN TRANSPORTATION.

	1876	1877
Number of miles run by passenger trains	4,743,485	4,894,540
Number of miles run by freight trains	9,273,266	9,774,033
Number of miles run by switch-work trains	4,224,856	4,154,869
Number of passengers carried	9,281,490	8,919,438
Number of miles traveled by passengers	359,136,145	316,847,235
Number of tons of freight carried	6,803,680	6,351,356
Total movement of freight	1,674,447,055	1,619,948,685

TRANSPORTATION EXPENSES.

Maintaining roadbed, etc.	$3,616,696 19	$2,456,115 40
Repairs of machinery	3,260,071 61	2,864,734 90
Operating expenses	10,247,405 54	9,625,261 57
Total	$16,124,172 34	$14,946,161 87

EARNINGS.

	1876	1877
From passengers	$6,762,966 88	$6,576,816 33
From freight	17,593,264 76	16,424,316 67
From car service	973,293 01	1,057,113 74
From rents	828,615 16	1,055,855 71
From mail service	446,537 00	325,420 52
From telegraph	4,434 62	4,417 89
From interest	337,801 33	355,281 24
From use of road	261,092 77	236,006 31
From miscellaneous	836,582 90	542,855 48
Total	$28,046,588 45	$26,579,085 90

PAYMENTS.

For transportation expenses	$16,124,172 34	$14,946,161 87
For interest	2,791,629 13	2,744,004 59
For dividends	7,139,528 00	7,140,659 43
For rent of other lines	1,917,711 26	1,945,573 19
Total	$27,973,040 73	$26,776,398 13

The following are deductions from the report:

Net earnings, 1876	$11,922,416 11
Net earnings, 1877	11,632,924 03
Decrease	$289,492 08

The expenses for 1876 were 57.47 per cent. of gross earnings, and for 1877 56.23 per cent.

The Isthmus of Darien Canal.

At a recent meeting of the Paris Academy of Sciences a paper was read by M. De Lesseps, in which some further particulars are given of the proposed canal across the Isthmus of Darien to connect the Atlantic with the Pacific Ocean. The line advocated by M. De Lesseps, starting from the Pacific coast, ascends in the first place the river Tuyra as far as the island of Piriaque or Alligators. From this point a straight cutting, 16,200 metres long, connects the Turay with the Chucunaque, near the point where the Tupisa flows into this latter river. The line then ascends the Chucunaque for 11,400 metres, then, turning to the northeast, continues up the valley of the Tiati, to the point where, for reasons of economy, it would be preferable to make a tunnel rather than continue a deep cutting. This tunnel passes to the south of the Peak of Gandi, under the remarkable ridge, from which on the one side an arm of the Tuquesa, the Tupisa, and the Tiati flow down toward the Pacific, and on the other the Tolo and the Acanti to the Atlantic. On emerging the canal continues through an open cutting about 10 kilometres long, down the valleys of the Acanti and Tolo to the deep waters of Port Candi. The probable length of the tunnel is estimated at between 13 and 14 kilometres, and the cost of making the whole canal at 600,000,000 francs. Since the reading of the paper a surveying party, under the command of Lieut. Wyse, of the French navy the officer who commanded the expedition which made the preliminary survey last year, has sailed from St. Nazaire to complete the work then begun.

☞ It is stated that the Pennsylvania Railroad Company has given contracts to the Columbia Iron Works and Pennsylvania Steel Company for 40,000 tons of steel rails at $40 per ton.

American Railroad Journal.

Saturday, January 5, 1878.

Financial and Commercial Affairs.

Disturbances in one form or another in the financial line have tended during the week to lessen the confidence of Money lenders, especially as to Street applications for aid, and call loans have been ruling stronger, on a more exacting discrimination as to collaterals. The inquiry for accommodation from local sources has been more active, chiefly for Stock Exchange purposes. The discount business has been on a limited scale, and indicative of no marked alteration as to rates. Call loans were quoted here at the close at from 6@7, with the most important negotiations reported at the full legal rate of 7 per cent, and, in extreme instances, at 1-16@1-8 of one per cent per day added; and very choice to prime mercantile credits were rated at 5@8 per cent per annum. The general market closed tamer. The City bank exhibit of last week indicated a decrease in the loan and discount average of $590,800, with a further enlargement of the item of circulation of $868,900. The average of deposits was augmented $2,869,800. The legal tender reserve was cut down $767,000; and the specie average enlarged $2,477,800. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $7,994,950, as against $7,031,475 the preceding week. The City bank exchanges in currency reached $324,336,661, or a daily average of $64,867,332.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $5,498,845; special deposit of legal

tenders for the redemption of certificates of deposit, $32,830,000; Coin, $139,518,405, including of Coin certificates, $33,424,900.

The outstanding amount of legal tender notes is $349,943,776. The National bank circulation is now $320,240,885 of currency notes and $1,482,-120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,823,000.

Government securities have been less sought after, even on investment account; and have been quite variable as to price, though toward the close quoted steadier. At the close on Wednesday the current quotations were as follows:

United States currency sixes, 118@120; do. 6s, 1881, registered, 106⅜@106½; do. coupon, 106⅜@106⅝; do. 1865, new, registered, 102⅛@102¾; do. coupon, 102⅛@102¾; do. 1867, registered, 105⅛@105⅜; do. coupon, 105⅛@105⅜; do. 1868, registered, 106⅜@107; do. coupon, 106¾@107; do. ten-forties, registered, 106¼@106½; do. coupon, 106¾@107; do. five per cents, 1881, registered, 105¼@105½; do. coupon, 105⅛@105⅜; do. 4½ per cents, 1891, registered, 103⅛@103⅜; do. coupon, 103⅛@103⅜; do. 4 per cents, 1907, reg., 101@101¼; do. small, 101¼@102; 500 and 1,000, coupon, 101¼@102.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $346,217,550, and $18,-988,000 as security for public deposits.

State Bonds have been in generally moderate request and prices have been quoted quite irregular; Tennessee loans showing a marked decline. Railway Mortgage loans have been in fair demand, and the favorites of the actual interest bearing loans have been quoted firmer. And in the line of Railway and Miscellaneous share property business has been much more animated, but prices have been unsettled, influenced in part by the local financial disturbances, leaving off, however, as a rule, more firmly and buoyantly.

The income of the Government from internal revenues last week was about three millions, and from Customs last week again about 2½ millions.

The U. S. Sub-Treasury receipts in December were $58,166,663 (of which $6,061,712 from Customs;) payments, $53,025,450, (of which $9,012,-293 were for coin interest.)

The aggregate of the outstanding U. S. currency of all denominations, January 1st, was $368,-154,092; including of old demand notes, $63,538; legal tender notes, $349,943,776; one year notes of 1863, $54,165; two year notes of 1863, $16,-050; two year coupon notes of 1863, $23,950; compound interest notes, $288,510; fractional currency, $17,764,092.

The liquidation of the public debt of the United States in December reached $71,623; and since July 1, $14,202,780.

Gold has varied little as to price, the influences in operation not having been of sufficient weight to seriously disturb the course of speculation in this line, which was devoid of spirit. The customs call was light, and the export movement unimportant. The extremes of the price during the week have been 102⅝@102⅞, closing on Wednesday at 102¾, as against 102¾ on Wednesday of the preceding week. The specie outflow last week was only $225,000 making the total exports of specie hence since January 1, $25,721,338 against $43,587,394, the same time in the preceding year. The imports of specie at this port last week reached only $11,873 and since January 1st 1877 have been $15,120,685, as against $26,228,-376 same time in the preceding year. The Customs demand for gold last week reached $1,299,-117 or an average of $259,821 per day.

Foreign Exchange has been less active and unsettled as to price, closing rather stronger, though without urgent inquiry. Bankers' sixty day bills on London closed on Wednesday at $4 81¾@$4 82⅛; sight bills on London at $4 85¼@$4 86 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $4,451,783 as against $4,035,572 the corresponding week of 1876. The week's import entries of Foreign Merchandise at New York included $773,073 of Dry Goods, and $3,678,660, of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the value of $5,317,093, against $6,953,910 same week in 1876; total in all 1877, $295,382,619, against $279,097,136 in 1876.

Hardware, Boots and Shoes and Dry Goods, have been moderately sought after and held with firmness.

Less activity has been noted in the leading kinds of domestic produce, and values of Breadstuffs and Provisions have been quoted toward the close generally easier and irregular; Cotton weaker; Naval Stores, firm. Foreign merchandise has been in slack request and at about former prices.

Metals have been in generally light demand yet prices have varied little. Eglinton Pig Iron quoted at $21@$24 50; Glengarnock $25@$25 50; Coltness $26 50@$27; No. 1 American Pig at $17@$20; No. 2 do. at $17 50@$19. Forge $16@$17; American Rails at works $34@$38. Old Rails $18@$19. Wrought Scrap $22@$28. Steel Rails, on the basis of $44@$46. Ingot Copper quiet on the basis of 17¾ for early delivery.

Ocean freights have been more active, chiefly for Breadstuffs and Provisions, and have been quoted generally stronger. Liverpool steamer rates at the close for Grain, quoted at 9½@10d. Flour, at 3s. 6d.@3s. 9d. Provisions, 40s.@50s.; Leather, 55s.@60s. Measurement Goods at 22s. 6d.@27s. 6d. per ton; Cotton, ½d.@9-32d. per lb. Liverpool, by sail. Cotton, ½d.@9-32d. Grain, at 7@8d.; Flour, 2s. 9d.@3s.; Measurement Goods 17s. 6d.; Tobacco 35s.; Oil Cake at 25s. Grain rates on charter hence for Cork and orders left off a 6s. 6d.; for the Continent at 6s. 6d.; and from Baltimore for Cork and orders, 6s. 4½d. and from Philadelphia at 6s. 3d.@6s. 4½d. per quarter. Refined Petroleum hence for Cork and orders, 4s. 3d.@4s. 6d.; for the Continent, 4s.@4s. 3d. Cotton by sail from Charleston or Savannah to Liverpool or Havre at 13-32@7-16d; from Galveston, at ½d; from New Orleans for the Continent 7-8@15 32et. Naval Stores from Wilmington or Charleston for Cork and orders at 4s. 3d.@4s. 4½d. and 6s. 3d.@6s. 4½d. Resin from Wilmington to Trieste at 4s. 6d. Lumber from Brunswick to the River Platte, $19. Through Provision freights from the West for Liverpool, by steam, 73@78; for the Continent at 85@$1 per 100 lbs.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY CO., TREASURER'S OFFICE, GRAND CENTRAL DEPOT, NEW YORK, Dec. 21, 1877.

THE DIRECTORS OF THIS COMPANY HAVE this day declared a dividend of TWO PER CENT. upon its capital stock, payable on the 1st day of February next at the office of the company, in Grand Central Depot.

The transfer books will be closed at 3 o'clock P. M. on Monday, the 31st inst., and will be reopened on the morning of Saturday, the 2d day of February next.

E. D. WORCESTER, Treasurer.

CHICAGO, MILWAUKEE AND ST. PAUL RAILWAY COMPANY, NEW YORK, Dec. 27, 1877.

NOTICE IS HEREBY GIVEN THAT A DIVIDEND of Three Dollars and Fifty Cents per share has been declared on the preferred stock of the Chicago, Milwaukee and St. Paul Railway Company, payable at the office of the company, No. 68 William st., on the 25th day of January next, on account of the net earnings of the current year; and that the transfer books will be closed on the 10th and reopened on the 26th of January next.

JULIUS WADSWORTH, Vice-President.

Finances of the State of New York.

Gov. Robinson, in his message, states that the receipts into the Treasury for the year ending September 30 were $28,055,816 69; payments, $26,219,436 25; balance in the Treasury, $5,759,434 22, against $8,923,053 78 the previous year. The total funded debt of the State September 30, 1876, was $23,315,899 58, and on September 30, 1877, was $10,957,054 87, a reduction by cancellation of $12,358,843 71.

The balance in the sinking fund September 30 last was $2,231,002 41, which if applied to the cancellation of the debt would leave a total of but $8,707,663 85. The bounty debt of the State has been extinguished. The total paid in twelve years for this purpose is $48,270,837 47, of which $10,137,000 were paid the past year. The canal debt has been reduced to $7,750,016 29. The tax levy for 1877 was 3 1 6 mills. The Comptroller estimates 2¼ mills sufficient for the next fiscal year. The revenues of the canals at the low rate of the past year were $1,053,361; and the disbursements $1,050,329.

☞ The railroad bridge across the Ashley River, near Charleston, S. C., being completed, arrangements will soon be made by the Post Office Department for a fast mail service of ninety-six hours between New York and Havana, via Cedar Keys and Key West, Florida.

☞ In the United States Circuit Court, at Indianapolis, Ind., on the 28th ult., Judge Gresham appointed L. A. Milbank receiver of the Anderson, Lebanon and St. Louis railroad, on application of the creditors of the road. Mr. Milbank filed his bond and is in possession of the road.

Miami Valley Railroad.

The Miami Valley Narrow Gauge Railroad, coming out from Cincinnati and reaching to Waynesville, has an eastern extension in the Columbus, Washington and Cincinnati Narrow Gauge, which takes up the line at Waynesville and carries it to Columbus by way of Washington Court House. This extension is an important one, and the fact of its being almost completed makes it doubly interesting to the people building the Miami Valley Railroad. A trip over the Columbus, Washington and Cincinnati Railroad is sufficient to establish its importance; it is built through a rich agricultural section, and runs through half a dozen thriving towns, full of life and business. The grading is finished over the entire line, and the ties are cut and delivered for the whole work, and in many places are laid in position. The rails are laid to a point about five miles east of New Burlington, which is four miles from the intersection with the Little Miami Railroad. This leaves but nine miles of track to be laid, when the road will be entirely completed from here to its western terminus.—*Ohio State Journal.*

Billerica and Bedford Railroad.

The people of Windham county, Vt, who have had the two-foot Billerica and Bedford Railroad in this State so enthusiastically held up to them as a model, will stare when they read the news that the stockholders have voted to put in into bankruptcy. This road has been running less than six months, and enjoyed the distinction of being the narrowest narrow-gauge railroad in the country and one of the narrowest in the world. Its management seems also to have been in the hands of narrow men. It capital stock was $50,000, its debt $20,000, and being unable to sell its bonds for more than 50 cents on a dollar, the stockholders, alarmed at a $2,500 attachment, voted to throw up the sponge. The road has hardly been running long enough to show whether a two-foot gauge can be made profitable; but the untimely collapse of the enterprise would seem to show that not even its friends have much faith in it.—*Springfield Union.*

Pullman Palace Car Co.

The stocks and bonds of the Pullman Palace Car company have been placed on the regular list of stocks called at the New York Stock Exchange. The capital stock outstanding is $5,938,200. The bonds outstanding amount to $2,667,000. The company have 460 cars which cost $8,491,252, works at Detroit which cost $343,323, patents $164,383, invested in other car associations $2,392,577, and materials, supplies, etc., $266,122. The total revenue for the year ending July 31 last was $2,570,639, and the dividends declared, $471,056.

☞ J. S. Morgan & Co. notify, through the London Times, that the Baltimore and Ohio Railroad six per cent sterling debentures, maturing January 1st, and amounting to $1,798,870, together with the interest thereon, will be paid by them.

☞ McCalmont Brothers & Co., notify, through the London Times, the payment there of the coupons due January 1st, of the Philadelphia and Reading and Northern Central Railroads.

☞ The receipts of the Grand Trunk Railway of Canada for the week ending December 22, 1877, were $207,601; for corresponding week of previous year $146,583—increase, $61,018.

☞ The Montreal, Ottawa and Occidental Railway is advertised to be leased by the Quebec Government.

Columbus and Gallipolis Railway.

Books for subscription to the capital stock and bonds of the Columbus and Gallipolis Railway Company were opened at the office of the company in Columbus, Ohio, on the 1st inst. The basis upon which the subscriptions are to be made are stated as follows:

The franchise of the company already amounts to $680,000, which embraces 52 miles of graded road bed, 8¾ miles of track, a large lot of coal cars and implements for construction; one thousand two hundred acres of coal and iron lands in immediate vicinity of the line in Vinton county; the right of way from Columbus to Gallipolis, and $203,000 of donated subscription.

The contract for completing the construction of the entire line from Gallipolis to Columbus, embracing 40 miles of iron and 50 miles of steel rails, has been let to responsible parties.

The line from Columbus southeast, passes through 50 miles of the finest agricultural country in the State, and 40 miles of the finest coal and iron lands in S uthern Ohio. The company has C. P. Huntington's written statement that he will complete the connection with the Chesapeake and Ohio Railroad, a distance of twenty miles, thus affording to Columbus a shorter as well as much preferable route from Columbus to Washington City and Baltimore, and also opening up to the merchants of Columbus a vast section of Southern Ohio and Western Virginia which Cincinnati now controls without opposition.

City Passenger Railroads.

The following annual reports of City Passenger Railroads have been received, examined and filed in the office of the State Engineer and Surveyor at Albany.

TWENTY-THIRD STREET RAILROAD.

This report includes also the transactions of the Bleecker Street and Fulton Ferry Railroad, as the two are so closely connected it is impossible to separate their reports.

Capital stock, by charter, subscribed and paid in	$600,000 00
Funded debt, by last report	250,000 00
Funded debt, by present report)	335,665 00
Floating debt (last report)	80,312 75
Floating debt (present report	94,000 00
Average rate of interest 7 per cent.	
Cost of road and equipment:	
Roadbed and superstructure	$577,274 85
Land, buildings, &c	165,141 25
Horses, mules, and harness	72,768 85
Cars	87,454 07
Total	$902,638 02
Expenses during year:	
Repairs of roadbed	$5,077 65
Taxes on real estate	4,688 86
Expenses of operating	273,737 42
Interest	41,525 07
Dividends	48,000 00
Order of Bleecker Street Company	50,000 00
Coupons past due	16,088 95
Detective service	813 80

Tyndall Association.

WITNESSING THE GREAT TESTING MACHINE AT THE AGRICULTURAL AND MECHANICAL COLLEGE.

The Tyndall Association held its regular meeting on Saturday evening at the Ohio Agricultural and Mechanical College, in one of the basement rooms connected with the physical laboratory. This room contains the massive Testing Machine made by Riehle Bros., Philadelphia, and recently purchased at an outlay of $1,000. The purpose of the machine is to test the strength of materials, such as the various woods, iron, steel, building stones, etc., and is so arranged as to test equally well the tenacity of tensile strength, the resistance to transverse strain, and resistance to pressure. By means of hydrostatic pressure a force of 42,000 pounds can quickly be applied to the specimen to be tested; should the specimen yield before this enormous strain is reached, the reading on a lever-arm, not unlike the arm to common scales, shows the exact pressure at which the substance breaks.

The details of the machine were explained by Prof. Mendenhall in his usual clear way, and the machine was operated under his direction by students of the College.

The tests followed each other rapidly, and all present, including General Thomas, of the rolling mill, and a number of other practical engineers, were delighted at the prompt and accurate working of the machine. The first six tests were of tenacity. A ¼-inch annealed iron wire broke with 2,160 pounds; another piece of unannealed iron wire of the same size required 3,860 pounds to break it; a piece of bar iron, ½ inch square, broke with 18,660 pounds; while a bar of Bessemer steel, scant ½ inch square, only gave way with 30,320 pounds. The last two tests showed very conclusively the comparative strength of iron and Bessemer steel. These four specimens were furnished by Mr. William Hayden. A piece of hickory one inch by one-half inch broke with 10,460 pounds, and a piece of black walnut, same size, with 3,270 pounds. The arrangement of the machine for transverse tests was shown by breaking a bar of applewood one inch square and one foot long, supported at the ends and weight applied in the middle, with only 960 pounds. A two-inch cube of white Waverly sandstone was next crushed with 12,560 pounds. Inch cubes of oak required 7,000 and 8,300 pounds to crush them. The specimens of wood were from the Ohio Tool Company. The last experiment was the breaking of a 15-16-inch iron screw bolt from the Hocking Valley railroad shops, which required 25,850 pounds.

All specimens of metals stretched very perceptibly before breaking, becoming of less diameter near the place of rupture. It is interesting to notice the heat generated when this stretching takes place, due, as is believed, to molecular friction. Prof. Mendenhall is ready and desirous to make tests of the comparative strength of the various materials used by manufacturers and builders.—*Columbus Evening Dispatch, Nov.* 18, 1877.

Public Indebtedness.

The census of 1875 is the first in which an attempt has been made in this State to ascertain the amount of public indebtedness. The effort has been to obtain correct returns of every species of public debt, whether of the State, counties, cities, or incorporated villages. The returns submitted are all derived from official sources.

The following table gives the aggregates of our public debt, together with the purposes for which in the main it was created:

	Sum of County debts, June 1, 1875.	State debt proper. Sept. 30, 1875.
Aid of railroads	$26,756,077	....
War and bounties	20,176,445	$15,054,500
Bridges, docks, &c.	88,844,142	....
Boulevards, &c	30,130,514	....
Court houses, &c	6,687,518	....
Alms houses, &c	1,268,116	....
School buildings, &c	3,582,098	....
Other purposes, &c	66,684,949	13,274,186
Total	$244,079,859	$28,328,686
Sinking fund	32,508,855	13,581,882
Debt less sinking fund	$211,571,004	$14,747,804

In estimating the amount of this indebtedness it should be borne in mind that the assessed valuation of the taxable property of the State in 1875 was $2,169,705,765. Of the aggregate public indebtedness $142,028,255, or more than half, is chargeable upon the County of New York. The assessed valuation of the taxable property of the County of New York was also more than half the taxable property of the State, $1,129,291,028. There is no county without a debt. The five

counties having the largest indebtedness after New York are: Kings County, $42,644,821; Erie, $6,407,140; Monroe, $6,131,335; Albany, $4,687,000; Westchester, $3,682,819. and Ulster, $3,039,341. The counties having the largest indebtedness for railroads are: Oswego, $2,014,112; Chenango, $1,966,950; Ulster, $1,444,941; Oneida, $1,274,400, and Onondaga, $1,223,000.

☞ Baring Brothers & Co. notify through the London Times the payment, January 1st, of the interest due in London on the Boston 5s and 4½s and Massachusetts sterling 5s. They also announce the numbers of 77 bonds of the Boston 5s which will be paid off on account of the sinking fund; also of 68 bonds of the Louisville and Nashville Railroad Company (South and North Alabama 6 per cent bonds redeemable 1903,) which had been purchased and cancelled in the usual manner.

Statement of the Public Debt of the United States, January 1, 1878.

Totals	$64,623,512 00	$1,938,705 36

Interest paid by United States, $35,957,629 14; interest repaid by transportation of mails, &c., $9,004,189 62; balance of interest paid by United States, $24,951,439 52.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, December 31, 1877.

JOHN SHERMAN,
Secretary of the Treasury.

Delaware and North Shore Railroad.

The Chancellor of New Jersey has decided the Delaware and North Shore Railroad insolvent, and appointed Thomas L. Ogden receiver. The road runs from Woodbury to Pennsgrove. Its bonded indebtedness is $200,000, and the appointment is made in the interest of the bondholders. The Philadelphia Ledger, in alluding to the above, says:

The universal announcement that Chancellor Runyon had appointed a receiver for the Delaware Shore Railroad Company is commanding undue attention, and, at remote points, no doubt helps to add to the general distrust felt in almost all railway property. The matter is of very small concern. The Delaware Shore Railroad was cheaply built within the last two or three years, and never enjoyed much, if any, credit. It branches at Woodbury from the West Jersey Railroad, and runs down to Pennsgrove, twenty miles, at an average distance of about one mile from the Delaware a river navigable for the largest ships. For about half its entire length it runs parallel, some four or five miles distant, with the Swedesboro Railroad, and is made through a farming region devoted mainly to the cultivation of the lighter agricultural products. There is neither mineral, marl nor other staple from which to command a paying tonnage, and there is the least possible passenger travel. There was the least possible necessity for a railroad in that particular locality, and the wonder is how enough of money and of credit could have been found to construct it, little as was its cost. How the idea of a railroad there ever came to be entertained is a wonder that far surpasses its failure, in which latter fact there is nothing at all that affects the great railroad interest of the country. The company's bonded indebtedness is $200,000, and since the 24th of July, 1876, the receipts have been but $25,000. Before it was completed the company became insolvent, and equipments were hired from the West Jersey Railroad to put it in operation. The receiver's bond was fixed at $20,000, and he was appointed on an application made in behalf of the bondholders. We see it stated that the franchises of the company will probably be merged with those of the West Jersey Railroad, and if its business can be made to equal its current expenses it may be continued in operation.

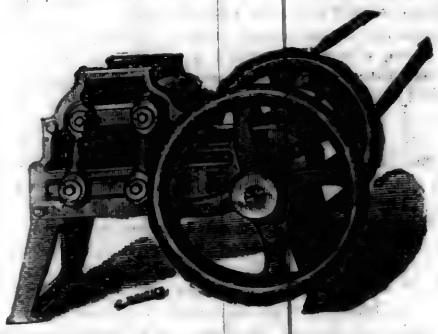
☞ At a meeting of the State Board of Control, held at Lansing, Mich., on the 24th ult., ex-Governor Bagley, of Detroit, and Howard B. Crosby, of New York, were appointed Trustees to receive proceeds from the sale of lands granted by the State for building the Marquette and Mackinaw Railroad. The contract for building the road has been let and work will be commenced at once and pushed forward with all possible speed.

☞ A company has been formed to construct a railway from a point on the Canada Central Railway to Lake Nipissing, thence to the eastern terminus of the Canadian Pacific Railway.

The George Place Machinery Agency.
Machinery of Every Description.
121 Chambers and 103 Reade Streets, New York.

ÆTNA GRATE.
A SIMPLE, DURABLE AND SUCCESSFUL SHAKING GRATE. Saves Fuel, Bars and Labor. Prices reasonable.
For particulars, illustrated circular and references, address
ALFRED J. WOLF, Manufacturer,
120 Wall Street, New York.

Hynes' and Abbott's Patent VENTILATORS.
TIN AND SHEET IRON WORK.
WEST'S SQUARE TUBE COPPER.
OTIS' PATENT AND OTHER
LIGHTNING RODS.
Pumps, Windmills, etc.
WEST & CANNON,
40 Cortlandt St., New York.



THE ALMOND CHUCK

Is the BEST, most Elegant and Durable, simple and cheapest Chuck in the market. Thoroughly well made.
All Steel. Price $5.
T. R ALMOND,
84 Pearl St., Brooklyn, N. Y.

Proportional Parallel Rule,
T Square and Protractor Combined.
FOR ARCHITECTURAL AND MECHANICAL draughtsmen, surveyors, engravers, students in industrial drawing and art studies. Engineers and draughtsmen approve of it, and consider it the best instrument for the purpose ever invented. Can be seen at the office of the inventor, patentee and manufacturers, W. GARDAM & SON, who construct and repair engineering and astronomical instruments, etc.
112 John Street. New York
Send for illustrated circular.
Is now on exhibition at the Fair of the American Institute, Depart. I, Group 7.

The Alden Crusher.

New in Principle, Simple in Construction, Economical in Use of Power, and of Remarkable Efficiency.

FOR BREAKING STONE FOR BALLASTING RAILROADS, McAdamizing Streets,

AND FOR

CRUSHING AND PULVERIZING ORES OF ALL KINDS,

NO LOST MOTION, ADJUSTABLE, DURABLE, PORTABLE.

SEND FOR ILLUSTRATED CIRCULAR.

COPELAND, DODGE & CO., 206 Broadway, N. Y.

Hopkins' Patent Lead-Lined

JOURNAL BEARINGS.

USED ON NEARLY ALL THE

Leading Railroads of the United States and Canadas.

NON-HEATING,

PERFECTLY SELF-FITTING,

CHEAPER AND BETTER THAN ANY OTHERS.

D. A. HOPKINS,

Patentee and Manufacturer,

113 Liberty Street, New York.

EDWIN H. BROWN,

7 Warren Street, New York,

Solicitor U. S. & Foreign Trade Marks & Patents.

Make a note of the time when you first think of an invention, date and keep all writings, sketches, drawings and models of it. It will be well to have persons sign the former as witnesses, and this may be done without exhibiting the contents. To establish title to your invention, even after obtaining a patent, you may have to prove that you made it before any one else, and never gave it up.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

The Coal Trade.

For the week ending the 22d instant, the total tonnage, as reported by the several carrying companies, amounted to 486,419 tons, against 342,944 tons in corresponding week last year an increase of 142,416 tons. The total amount of anthracite mined for the coal year is 20,188,024 tons, against 18,434,735 tons for same period last year, an increase of 1,753,289 tons. The quantity of bituminous coal sent to market for the week amounted to 57,431 tons, against 54,169 tons in corresponding week last year, an increase of 3,262 tons. The total amount of bituminous mined for the year is 3,518,549, tons against 3,626,027 tons for corresponding period last year, a decrease of 107,478 tons. The total tonnage of all kinds of coal for the week is 542,841 tons, against 397,168 tons in corresponding week last year, an increase of 145,678 tons. The total tonnage of all kinds of coal for the coal year is 23,706,573 tons, against 22,060,862 to same date last year, an increase of 1,646 811 tons. The receipts at Perth Amboy for the week ending on the 22d instant were 26,235 tons, the shipments 32,580 tons, leaving a stock on hand of 91,538 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first and second weeks of December was 218,676 tons, of which 185,820 tons were coal, and 32 856 tons coke. The total carried for the year is 4,643,470 tons, of which 3,792,785 tons were coal and 603,799 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, Dec.* 31.

American Railroad Journal.

New York, Saturday, January 12, 1878.

Railroads of Massachusetts.

The Annual Report of the Massachusetts Railroad Commissioners states that the almost entire stoppage of construction which was noted in 1876 has continued through 1877. Only 17.25 miles of new road were built during the year, of which only 6.62 miles were of the standard gauge. The total length of railroads belonging to corporations reporting to the board is 2,496.082 miles of main line and branches, of which 627.514 was double track with 733.858 miles of sidings, equivalent in all to 3,887.454 miles of single track. Of these totals, there are within the limits of Massachusetts 1,854.628 miles of main tracks and branches, 440.594 miles of which are double track, and 575.416 miles of siding—the equivalent of 2,870.638 miles of single track. Sixty-three corporations reported, three of those reporting last year have disappeared, three new ones have been added, and the name of one dropped last year has been restored.

The average cost of the roads of the standard gauge is returned at $57,964 70 per mile, exclusive of equipment, which has amounted to an additional sum per mile of $6,861 63. The narrow gauge roads are returned at $18,563 20 per mile, and $4,042 33 additional for equipment. The average cost of an equipped road, irrespective of gauge, is returned at $63,488 20 per mile, but varies from $110,219 50 for the Boston and Albany to $4,595 96 for the Billerica and Bedford.

The 63 corporations included in the returns are represented by $171,085,026 18 of securities, of which $118,170,201 03 are in the shape of stock, and $52,914,825 15 in various descriptions of debt. The amount of capital stock has been decreased $9,414 during the year, and that of the several forms of debt increased $1,294,450 88. Of the latter amount, $521,000 was incurred by the Fitchburg road, $400,000 by the old Colony, $145,000 by the Boston, Clinton, Fitchburg and New Bedford, and $182,000 by the Boston, Barre and Gardner.

The total gross income for the past year amounts to $30,008,513 74, a falling off of $998,984 58, or 8.22 per cent. from that of the year preceding. The gross income, being derived from a number of sources outside of the legitimate railroad business of the companies, does not afford so good a basis of comparison as the transportation earnings. These have steadily decreased since 1872-3, the aggregate shrinkage for four years amounting to $4,924,990 87, or 14.5 per cent. There are signs that this falling off process is coming to an end, as the loss last year was over $100,000 less than in either of the two previous years. During the last year the whole decrease sustained has been in the receipts from passenger business, which fell off 7.2 per cent., while the freight receipts increased 1.2 per cent. Of the decrease in passenger business $479,486 06 was sustained in the through traffic, and $568,509 21 in the local. The loss in the first is probably due to the absence of the heavy Centennial travel, and that in the second to the general business depression. The increase in freight earnings was due to the larger volume of the through tonnage, which increased 12 per cent. Of the total transportation earnings 49 per cent. were in the shape of freight and 46 per cent. in that of fares. This shows a noticeable change from preceding years, being the exact reverse of what was true in 1874-5.

The average sum earned on each mile of main track and branch road operated was $11,735 22; if, however, the double track is computed as additional single track, the average amount earned per mile was $9,314 52. The amount varied from $25,859 52 per mile, on the New York, New Haven and Hartford road to $1,228 70 per mile on the Grafton Centre. Upon the eight roads running out from Boston the average amount earned per mile was $11,899 33.

The cost of operation throughout the State has been $8,494 18 on each mile of road in use, or 68 per cent. of the gross earnings as compared with 69 per cent. for the preceding year. On the eight Boston roads it has been $8,421 87 per mile of road operated, or 70 per cent. of the gross earnings as compared with 70 per cent. for the preceding year. The increased efforts at economy during the past year resulted in an average reduction of $342 22 per mile in the cost of operating throughout the State as compared with the preceding year, and $703 93 per mile average reduction on the eight Boston roads. The heaviest reduction effected was on the New York, New Haven and Hartford, where the cost of operation was reduced during the year, $2,309 15 per mile, or 13.6 per cent. from the preceding year.

The total net income reported is $9,344,088 38, or 5.5 per cent. on the permanent investment.

The total number of passengers carried was 38,450,823, a decrease of 2,682,406 from the preceding year. The aggregate falling off in the total number of passengers carried during the last year as compared with 1872-3, amounts to no less than 9.3 per cent., while that of season ticket passengers has been 12.6 per cent. Meanwhile the decrease of freight tonnage since 1872-3 has been only 4.2 per cent. There were 11,910,668 tons of freight moved, an increase of 583,161 over the movement of the preceding year.

Of the 63 corporations making returns, 28 paid dividends varying from 1 to 10 per cent., and averaging on the entire stock of all the dividend paying roads 7.17 per cent., or one-third of one per cent. less than last year. The sum paid in dividends ($5,429,183 31) amounted to 4.6 per cent.

on the entire stock capital of all the corporations, dividend paying and non dividend paying. The sum paid in dividends in 1872-3 ($7,230,456 02) amounted to 6.34 per cent. on the entire stock capital of the railroads of the State at that time. It would hence appear that since 1872-3, the average rate of dividend on the stock of the Massachusetts railroads has been reduced 29 per cent.

As interest, the average rate being in the neighborhood of 7 per cent., $3,437,926 was paid, being $267,762 less than during the previous year.

The average cost of running a train one mile has been $0.918 for the passenger service and $1.058 for the freight service. The variations are very large, ranging from $0 484 per mile on the Springfield, Athol and Northampton for the passenger trains to $1.140 on the Providence. The average cost per mile on all trains has been $0.980, or 6 per cent. less than last year. The falling off in earnings per train mile run, was 5.5 per cent., so that a reduction in expenses was effected, 8 per cent. in excess of what was necessary to make good the falling off. There has been a falling off of 43 per cent. in the item of "renewal of rails" in five years, largely due to the substitution of steel for iron. The replacement of iron rails by steel has, during the last year, been going on with unusual rapidity.

The average number of passengers to each train during the last year was 60, and the average number of tons of freight was 70. The passenger trains, including locomotive and baggage cars, averaged 125 tons of dead weight, and the freight trains 220 tons.

The total mileage of passenger trains run during the year was 10,479,546, or an increase of 89,690 over the previous year. As regards freight, 9,967,200 train miles were run, an increase of 562,729 over the year previous.

The average fare charged per mile on all the roads was 2.10 cents per mile, ranging from 8 mills per mile for season ticket passengers for long distances to 10 cents per mile for single ticket passengers for fractional parts of a mile.

Contrary to the general impression, through freights during the year have on the average ruled lower than the low rates to which attention was called in the last report. On the Boston and Albany road, for example, the rate for 1877 was but 34 per cent. of that for 1865. During the year 200 additional miles of road have been laid in steel; the number of telegraph stations connected with railroad lines has decreased; the number of locomotives has increased from 994 to 1031, and the number of freight cars from 16,836 to 17,292.

Briefly stated, the average mile of single track road (the mile of double track being estimated at two miles of single track) of which returns are made to this Board, has cost $45,000, and its equipment has cost an additional sum of $5,500, making a total of $50,500 for the mile of single track equipped road, which is represented by $38,000 of capital stock and $17,000 of debt. The gross yearly revenue from it is $9,700, of which $6,700, or 69 per cent., is consumed in the cost of operation, and $3,000, or 31 per cent., remains as profit. Forty-nine per cent. of the revenue is derived from the freight business, and 46 per cent. from passenger, and the balance from miscellaneous sources.

Returns were received from 31 street railway corporations, having an aggregate capital stock of $5,782,950 and a total indebtedness of $3,109,882 68. Of these 31 roads, 18 made no dividends. The average rate of dividend on the whole capital stock of the corporations was 5.75 per cent., while their net earnings represented a return of 6.96 per cent. on their entire stock and indebtedness. The aggregate length of track returned, inclusive of branches and sidings, was 217,614 miles, or an average of 7.02 miles to each corporation. The total cost was $39,861 89 per mile of road operated. During the year an aggregate of 1,418,425 round trips were made, amounting to a total mileage of 9,298,565 miles, and 52,203,472 persons carried, being 13,752,649 more than were carried by the steam roads during the same time, and an increase of 841,500 over the number carried during the previous year. The average amount received for the carriage of each person was 5.72 cents, and the average cost for the carriage of each person was 4.53 cents, leaving an average profit to the company of 1.19 cents on each passenger.

There were 19,063 persons employed by the railroad corporations of the State during the last year, or 209 more than were employed in the year previous, and 1,119 less than were employed in 1872-73. The street railway companies employed 2,190 persons, being 136 more than were employed by them the year previous.

The Commissioners draw attention to the exceedingly bulky character of the volumes containing railroad returns. They assert that many matters are included which are of little or no general interest. This year they group into tabular form all essential facts in order to show how great a reduction can be effected. The result is a volume of 200 instead of 500 pages. They ask for the repeal of the Act providing for 3,000 printing copies of the returns of the corporations, such repeal to take effect at once; also the repeal of section 172 of the General Railroad Act. The original returns will then be preserved in their office, and be open to public examination, but the treasury will not be depleted by the printing a vast amount of unnecessary raw material.

Proposed Change in the Patent Laws.

The destruction of the greater number of the models in the Patent Office fire has inaugurated a movement among inventors for a radical change in the patent laws. It is claimed that the present cost of a patent is excessive and greatly detrimental to invention and national progress. At present the model, the Patent Office fee, the agent's fee and other expenses average about $100. It is proposed to abolish models and examinations, and grant patents to all who apply, as in England, leaving the right to contest the invention in the Courts. The inventor is to pay the Patent Office for the drawing, printed specification and the patent, which latter averages a cost of about $5. This will leave $95 to aid the inventor in introducing his invention, which is now the greatest difficulty. It is claimed that the reduction of patents to $5 will not only greatly encourage inventions, but will cause their introduction in even a greater ratio, and as national progress is dependent upon the number of useful inventions introduced, our national advancement will thereby be correspondingly increased.

Louisville and Nashville Railroad.

The following is a condensed statement of the earnings of the Main Stem, Branches and Leased roads for the year ending June 30, 1877:

	Memphis Division.	Clarksville Division.	Main Stem.
Passenger.	$223,956 27	$158,115 47	$564,184 04
Freight ...	338,206 90	343,146 52	1,511,898 65
Express...	22,475 00	21,760 07	52,998 31

South and North Alabama Railroad	197,856 20	
		$2,140,520 28

The total gross earnings of the Main Stem and Branches and Memphis Line were $3,859,957 04, the expenses $2,184,116 58, and the net earnings $1,675,840 46; interest on bonded and floating debt of same $1,025,903 28—showing surplus earnings of $649,937 18, against $340,520 40 in the year 1875-'76, an increase of $309,416 78.

In 1872-3, the fiscal year previous to the panic, the gross earnings were $6,106,051 84, and the net earnings $1,484,047 37; for the year 1873-4,

gross earnings $5,510,695 45, and the net earnings $1,565,382 34; for 1874-5, gross earnings $4,863,873 80, and net earnings $1,682,182 84; for 1875-6, gross earnings $4,961,490 29, and net earnings $1,967,960 05; and in the past year the gross earnings were $5,315,326 80, and the net earnings $2,140,520 28.

In the operations of the past year is included the Cecilian Branch, 45.54 miles, operated since January 19, 1877. The total length of main stem and branches is now 891.54 miles, and the total of all roads 966.44.

The equipment of the whole line is as follows: 180 locomotives, 73 coaches, 22 baggage, 5 postal, 9 express, 1,697 box, 43 caboose, 322 rack, 609 gondola, 274 flat, 132 low flat, 47 boarding, 9 wrecking and 19 tool cars.

The mileage of engines is as follows: passenger, 1,352,854; freight, 1,609,994; switching, 755,762; work train, 107,254—total, 3,725,864. Mileage of sleeping cars, 1,598,369; of passenger cars, 4,933,030; of freight cars, 33,497,770.

Number of local passengers carried north, 281,301; do. south, 367,392—total, 648,693. Number of through passengers carried north, 57,761, do. south, 57,266—total, 115,027. Total local and through passengers, 668,720. Mileage of local passengers, 18,930,239; do. through passengers, 22,929,017—total 41,859,256. Miles traveled by each passenger 63.06; do. by each local passenger, 34.50. Revenue through passenger per mile, 3.0790; do. local passengers per mile, 3.7189.

Tons of freight carried: on main stem, 762,886; Bardstown Branch, 15,825; Knoxville Br., 120,097; Richmond Branch, 23,927; Glasgow Branch, 7,896; Clarksville Division, 249,468; Memphis Division, 216,088; Nashville and Decatur Division, 252,805; South and North Alabama R. R., 340,180; Cecilian Branch, 6,372—total, 1,997,044. Tons carried one mile north, 92,535,064; do. south, 109,578,963—total, 202,114,027.

The bonded debt of the Nashville and Decatur Railroad Company has been reduced by the payment of 21 of its first mortgage bonds into the sinking fund; and the bonded debt of the South and North Alabama Railroad by the purchase of $65,000 of its sterling bonds for the sinking fund.

Assistant Secretary.—A. M. QUARRIER.

International Conference of the Railroad Young Men's Christian Associations.

We have been favored with a copy of the report of the "Proceedings of the First International Conference of the Railroad Young Men's Christian Associations of the United States and British Provinces," held in Cleveland, Oct. 25-28, 1877. The report is published by the International Committee Y. M. C. A., New York, R. C. Morse, Sec'y.

From the list of railroad associations it appears that there are now 87 of these organizations in the United States and Canada. The names of the officers, the attendance at the rooms, the details of their college meetings, Christian visitation and other work are given. The current expenses last year of nine of the organizations amounted to $8,000. At seven points secretaries are employed to attend to organizing and pushing this work. The extension of the societies thus far has been chiefly due to the labors of the visitor of the International committee. At twelve points the organization was effected by him and the committee are making every effort to keep him in this useful field.

W. R. Davenport, of Erie, was president of the conference. Great enthusiasm was manifested. Delegates were present from every department of railroad employ. Letters of hearty approval were received from Mr. Thaw, of Pittsburgh, Vice President of the Pennsylvania Co., W. K. Muir, General Manager Canada Southern, and other railroad officials. R. F. Smith, General Manager of the C. & P. Railroad, was present and made several earnest addresses. The farewell meeting was held in the Cleveland Tabernacle with an audience of over 3,000 people and a decided impulse was given in aid of this work.

Railroads of Virginia.

The first annual report of Col. Thomas H. Carter, Railroad Commissioner of the State of Virginia, has been issued. From this we learn that the whole length of main track of railroad within the borders of Virginia is 1,025.57 miles. The total cost of road and equipment, $96,405,809 36 for 1,732.68 miles laid; average cost for road and equipments per mile, $55,060. Total amount of capital stock paid in, (exclusive of Winchester and Potomac, Strasburg and Harrisonburg, and Royal Land Company's narrow gauge railroads,) $40,168,602 39. Amount of funded debt due to the State and others by roads reporting, $57,523,940 73. Funded debt due to the State, $4,553,986. Funded debt due to others than the State, $52,969,754 73. Floating debt, $4,701,350 91. Assuming that the passenger earnings and passenger mileage are correctly reported, the average rate per mile for passengers is 3.97 cents. On a similar assumption for freight earnings and freight mileage the average rate per ton per mile is 1.82 cents.

☞ The Fitchburg Railroad Company have purchased the Shawmut Elevator and all its appurtenances for $15,000, and leased the Constitution Wharf property for the term of 20 years, at a rental of $11,000, taxes, &c., for the first five years; $15,000 for the balance of the lease, with the right of purchase for the sum $270,000. This purchase and lease has been effected in order to secure terminal facilities for the Hoosac Tunnel line.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "§."

Finances of Maryland.

The receipts into the State Treasury from all sources during the year ending September 30, 1877, (including $401,134 39 from the previous year,) were $2,510,628 02, and the disbursements therefrom $2,179,813 76, leaving a balance in the Treasury September 30, 1877, of $330,814 26.

The funded debt of the State as given by the report of the comptroller, amounted on the 30th of September, 1877, to.....	$10,758,677 99
Deduct the value of stocks and bonds held by the State on which interest is paid, and considered productive assets.....	4,362,355 09
Balance due, or net debt, on which interest must be provided.....	$6,396,322 90

As an offset to the funded debt given above, the State holds a very large amount of unproductive assets, which are fully set forth in the report of the comptroller, and are estimated at $20,000,000.

Animas Valley Railroad.

A company has been incorporated in Denver, Col., by David H. Moffat, Jr., and others, to construct a railroad from or near Animas Forks, in San Juan county, via Eureka, Howardsville, Silverton and Elbert, to a point on Las Animas River, a distance of sixty miles. The company also asks the right to construct branch lines. One of these is to commence at Howardsville, running up Cunningham gulch a distance of four miles. Another commencing at Silverton and running up Cement creek eight miles; and another running from Silverton up Mineral creek seven miles. The capital stock is placed at $400,000.

☞ The annual meeting of stockholders of the Great Southern Railway Company was held in this city on the 8th inst. The report of the President shows a large amount of work done between Jesup, Ga., and Jacksonville, Fla., the road being nearly ready for the rails. The work will be pushed energetically. The directors elected for 1878 were: T. W. Osborn, of Fla.; Solomon Turck, of N. Y.; Thos. J. Latham, of Washington, D. C.; George P. Thrie, of N. Y.; A. P. Minear, of San Francisco; Henry Heth, of Richmond, Va., and Jno. J. Chapman, of Ga. The capital stock was increased from $10,000,000 to $14,000,000.

☞ The New York and Manhattan Beach Rail road Company, in their annual report, place the cost and equipment of the road at $750,515 09; the receipts last year (the first year of the company's existence) at $96,684 55; payments for transportation expenses and for interest at $45,398 01, and the surplus fund at $21,286 54, which gives a return of about 3 per cent. on the capital invested, although the road was not in operation until the season was far advanced.

☞ John A. Hambleton, Thomas E. Hambleton, Augustus G. Davis, John Henry C. Watts, Robert C. Hall, Charles Reeder, Alexander Shaw, Alan. P. Smith, Francis H. Hambleton, directors, have formed a corporation under the name of the "Maryland Telephone Company of Baltimore City," for the construction, owning and operating telephone and telegraph lines in the State of Maryland. The capital stock is $50,000 in 5,000 shares of $10 each.

Madeira and Metamore Railway.

The screw steamship Mercedita, Captain William Jackaway, commander, sailed from Willow street wharf, Philadelphia, on the 2d inst. for Brazil. She had on board 227 souls, comprising railway laborers, wood choppers, diggers and other workmen who were engaged by the Messrs. Collins to build the Madeira and Metamore railway, in Brazil. Her cargo principally consisted of 1636 iron rails, 30 feet in length, 46,000 pounds of fish plates, flanges, switches and other material used in the construction of a railroad. In all her cargo was estimated at 1000 tons. Those in command of the engineer corps are Messrs. C. M. Buckholtz, Amos Stiles, John Runk and Wm. White. Of these Mr. Stiles has had a long and practical experience in the construction of railroads in the far West and in the Mexican Territory.

The Best in the World.

The superiority of Wheeler & Wilson's New Sewing Machine is as clearly established as human testimony permits. In addition to the Vienna, Centennial, and other awards, there is an unbroken series of American Institute awards for five years, published in another column, that unqualifiedly proves this Sewing Machine "*the best in the world.*" Still it is sold on as favorable terms as any in the market.

☞ The Lehigh Coal and Navigation Company, of Pennsylvania, have resumed possession of their canals and coal lands which have been worked for account of that company by the lessees since the first of April last. The lessees of the coal lands have expended large sums in improvements, and have paid royalties to a large amount in advance, all of which inure to the benefit of the Lehigh Coal and Navigation Company, who are not required by their agreement to pay for them.

☞ At the annual meeting of the stockholders of the New York, New Haven and Hartford Railroad Company, held in New Haven, Conn., on the 9th inst., the following gentlemen were elected directors: W. D. Bishop, E. M. Reed, W. G. Hunt, G. N. Miller, C. W. Chapman, A. R. Van Nest, H. C. Robinson, E. H. Trowbridge, N. Wheeler, C. M. Pond, Augustus Schell, George H. Watrous, and W. H. Vanderbilt.

☞ The report of the earnings of the Eastern (Mass.) Railroad for the month of December shows the following increase over the corresponding month for 1876: on passengers, over $15,000; on freight, $10,000; reduction of expenses, $15,000.

☞ The funded debt of the State of Ohio, now outstanding is $6,479,505. The total indebtedness aggregates $39,828,569, and the irreducible debt $4,231,404, making a grand aggregate of the debts of the State $50,030,478.

☞ The earnings of the Grand Trunk Railway of Canada for the week ending December 29, 1877, were $167,019, against $140,008 for the corresponding week of 1876, an increase of $27,011.

☞ Alex. T. Berthond has been appointed Receiver of the St. Croix and Lake Superior Railroad Company.

American Railroad Journal.

Saturday, January 13, 1872.

Financial and Commercial Affairs.

Early in the week the Money market was active and stringent, especially in the line of call loans, partly due to the first of January arrangements for interest and dividend disbursements, and partly to the uneasiness occasioned by the recent numerous failures, suspensions and embarrassments in business circles throughout the country, the reports of which were used in the Street to lessen confidence in the general situation, and to depress values at the Stock Exchange; but toward the close, the market exhibited a much calmer temper, with free offerings of capital noted to responsible borrowers, at comparatively moderate figures. Call loans were quoted here at the close at from 6@7, in instances as low as 4@5 per cent (against equal to 7@10 per cent early in the week); and very choice to prime mercantile credits were rated at 5@7½ per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $82,590, with a further enlargement of the item of circulation of $129,300. The average of deposits was augmented $4,269,700. The legal tender reserve was cut down $688,500; and the specie average enlarged $8,085,100. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $9,824,125, as against $7,994,950 the preceding week. The City bank exchanges in currency reached $412,719,867, or a daily average of $82,543,973.

On Wednesday of this week the cash balances of the Treasury Department at Washington were:

of Currency, $3,287,074; special deposit of legal tenders for the redemption of certificates of deposit, $33,600,000; Coin, $131,663,515, including of Coin certificates, $34,381,100.

The outstanding amount of legal tender notes is $349,943,776. The National bank circulation is now $320,170,000 of currency notes and $1,432,-120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,-025,000.

A much more confident demand prevailed, especially near the close, for Government securities which have been freely purchased on investment account; and have been quoted stronger as to price. Several of the loans are now quoted ex the 1st of January coupons. At the close on Wednesday the current quotations were as follows:

United States currency sixes, 118½@120; do. 6s, 1881, registered, 106⅛@106⅜; do. coupon, 106¼@106⅞; do. 1865, new, registered, 102⅞@103⅛; do. coupon, 102⅞@103⅛; do. 1867, registered, 105½@105¾; do. coupon, 105⅝@105¾; do. 1868, registered, 107¾@108¼; do. coupon, 107¾@108¼; do. ten-forties, registered, 106¾@107; do. coupon, 107⅛@108; do. five per cents, 1881, registered, 105¾@106; do. coupon, 105¾@106; do. 4½ per cents, 1891, registered, 103¾@104; do. coupon, 103⅝@103⅞; do. 4 per cents, 1907, reg., 101⅛@101⅜; do. small, 102⅝@103; 500 and 1,000, coupon, 102¼@102¾.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $346,097,550, and $18,-988,000 as security for public deposits.

In the line of State Bonds business has been on a very moderate scale, with prices quoted variable, and, in several instances, lower. Railway Mortgage loans have been much more eagerly sought after by investment purchasers, and the favorites of the actual interest bearing loans have been quoted generally higher. And in the line of Railway and Miscellaneous share property the dealings have been more extensive, and though the temper of the speculation was feverish early in the week, as reflecting in part the activity in Money, and the various disturbing influences, growing out of the European advices, the domestic business troubles, and the tenor of the reports and rumors from Washington, as to pending legislation, especially on the financial issues, the general market was stronger, though irregular toward the close, favored in part by the returning ease in Money, and even more directly by the advices of heavy winter grain and provision freight traffic of the great trunk lines, the New York Central Railway leading off with a very satisfactory showing, in these important connections. The shares of the Coal carriers were affected adversely by the conflicting reports as to the progress of arrangements, relative to the control of production, etc.

The income of the Government from internal revenues last week was about 2¼ millions, and from Customs last week again about 2¼ millions.

Gold has been less active, influenced in part by the high rate asked for carrying, and the price has been depressed, closing weak, as effected in part by the armistice reports and rumors from Europe. The extremes of the price during the week have been 102⅛@102⅞, closing on Wednesday at 102½, as against 102¾ on Wednesday of the preceding week. The specie outflow last week was only $457,620, making the total exports of specie hence since January 1, $457,620 against $268,634, the same time in the preceding year. The imports of specie at this port last week reached $12,116, and since January 1st have been $12,116, as against $509,831 same time in the preceding year. The Customs demand for gold last week reached $1,585,028 or an average of $317,-006 per day.

Foreign Exchange has been less sought after and quoted lower. Bankers' sixty day bills on London closed on Wednesday at $4 81@$4 82; sight bills on London at $4 84@$4 85 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $4,977,793 as against $5,259,709 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $1,885,869 of Dry Goods, and $3,591,924 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the value of $6,477,544, against $3,-981,539 same week in 1877.

Rather more activity has been reported in the line of Hardware, Boots and Shoes and Dry Goods, though not yet very marked in its development. Prices have been quoted generally steady.

A fair business has been reported in the leading kinds of domestic produce, especially in Breadstuffs, Provisions and Cotton Seed Oil (refined summer yellow), with prices quoted toward the close for Wheat and Cotton Seed Oil firmer, Linseed Oil higher, and Flour, Corn, Pork, Lard and Bacon lower. Cotton and Naval Stores, steady, Petroleum lower. Foreign merchandise has been in very moderate demand; Coffee quoted lower; Sugars firm.

Metals have been attracting rather more attention but prices have been without improvement. Eglinton Pig Iron quoted at $24@$24 50; Glengarnock $25@$25 50; Coltness $26 50@$27; No. 1 American Pig at $17@$20; No. 2 do. at $17 50@$19. Forge $16@$17; American Rails at works $34@$38. Old Rails $18@$19. Wrought Scrap $22@$23. Steel Rails, on the basis of $45@$46. (2,500 tons reported sold on p. t.) Ingot Copper in moderate request on the basis of 17⅝ for early delivery.

In the line of Ocean freights a more active movement has been noted chiefly in the way of contracts for Breadstuffs, Provisions, Cotton and Tobacco, and rates have been quoted generally firmer. Liverpool steamer rates at the close for Grain, quoted at 9d@10d. Flour, at 3s. 6d. Provisions, 40s.@45s.; Leather, 60s. Measurement Goods at 22s. 6d.@27s. 6d. per ton; Cotton, ⅛d.@9-32d. per lb. Liverpool, by sail. Cotton, ¼d. Grain, at 8d@8¼d.; Flour, 2s. 9d.; Measurement Goods 17s. 6d.; Tobacco 33s. 6d.; Oil Cake at 25s. Grain rates on charter hence for Cork and orders left off at 6s. 4½d.; do. Barley, 7s.; for the Continent Grain at 6s. 6d.@7s.; and from Baltimore for Cork and orders, 6s. 6d.@6s. 9d. and from Philadelphia at 6s. 3d.@6s. 6d. per quarter. Refined Petroleum hence for Cork and orders, 4s. 3d.@4s. 6d.; for the Continent, 4s.@4s. 3d. Cotton by sail from Charleston or Savannah to Liverpool or Havre at 13-32; from Galveston, at ¼d; from New Orleans for the Continent 7-8@15 32ct. Naval Stores from Wilmington or Charleston for Cork and orders at 4s. 3d. and 6s. 3d. Lumber from Brunswick to the River Platte, $19. Through Provision freights from the West for Liverpool, by steam, 75@82; for the Continent at 87½@$1 per 100 lbs.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

New York.—St. Louis, Kansas City and Northern R. R., 4½; New Jersey Southern, R. R., 1⅝; Missouri, Kansas and Texas, R. R., 8¾; do. 7s, S. F., Ass., 45¼; St. Louis and San Francisco R. R., 8⅛; Wabash R. R., 16¾; Kansas Pacific Inc. THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY CO., TREASURER'S OFFICE, GRAND CENTRAL DEPOT, NEW YORK, Dec. 21, 1877.

THE DIRECTORS OF THIS COMPANY HAVE this day declared a dividend of TWO PER CENT. upon its capital stock, payable on the 1st day of February next at the office of the company, in Grand Central Depot.

The transfer books will be closed at 3 o'clock P. M. on Monday, the 31st inst., and will be reopened on the morning of Saturday, the 2d day of February next.

E. D. WORCESTER, Treasurer.

CHICAGO, MILWAUKEE AND ST. PAUL RAILWAY COMPANY, NEW YORK, Dec. 27, 1877.

NOTICE IS HEREBY GIVEN THAT A DIVIdend of Three Dollars and Fifty Cents per share has been declared on the preferred stock of the Chicago, Milwaukee and St. Paul Railway Company, payable at the office of the company, No. 68 William st., on the 25th day of January next, on account of the net earnings of the current year; and that the transfer books will be closed on the 10th and reopened on the 26th of January next.

JULIUS WADSWORTH, Vice-President.

Railroad Foreclosures.

From a statement published in the Railway Age regarding the foreclosure of mortgages on American railroads during the year just ended, it appears that the actual sales under foreclosures cover 8,875 miles of road, with bonds and debt of $119,838,700 and capital stock of $79,045,700. The capital stock is practically rendered valueless by foreclosure, and mortgages later than the first generally go the same way, so that it is probable that the proceedings recited above involve a net loss of not less than a hundred millions of dollars. In addition to this, there have been ordered sold, but not yet brought to the hammer, 2,388 miles of road, with $128,833,400 of bonds and floating debt, and $126,921,900 of capital stock; and in these cases the sales involve a loss of not less than $150,000,000. In the preceding year sales were made of 3,846 miles of road, with $218,000,000 of debt and capital, so that it is not unreasonable to set down the shrinkage of railroad property involved in the cases of these two years at $350,000,000.

Finances of Maine.

From the annual report of the State Treasurer we learn that the total amount received into the Treasury during the year ending December 31, 1877, (including $394,422 27 from previous year) was $1,602,160 54, and the disbursements $1,371,627 64, leaving cash in the Treasury December 31, 1877, $230,532 90. The sinking fund has been increased during the year and now amounts to $911,436 04. The State expenditures for the next year are estimated at $1,266,041 34. The liabilities of the State are: public debt $5,874,900, trust funds held by State $1,825,093 05, other funds $435,627 20, amount due for county taxes $913,261—total, $8,144,752 86. On the 1st of January, 1877, the public funded debt amounted to $5,920,400; $46,500 was paid the past year; deducting the sinking fund, $911,433, leaves the debt at $4,962,464. There remains unpaid of the railroad tax of 1874 $54,684 81, of 1875 $5,549 06, of 1876 $44,544 24, and of 1877 $22,702 68.

☞ The purchasing bondholders of the Alabama and Chattanooga Railroad Company have organized a new company under the name of the "Alabama Great Southern Railroad Co." To secure money to repair and equip the road the company have executed a mortgage to the Farmers' Loan and Trust Company of New York, conveying the road and all of its appurtenances and franchises in trust to secure the loan of $1,750,000, secured by the company's bonds of the denomination of $1,000, payable 30 years from date, bearing 6 per cent interest, payable semi-annually, in United States gold coin, in New York city.

☞ The purchasing bondholders of the Louisville, New Albany and St. Louis Air Line Railroad Company have organized a new company under the name of the "St. Louis and Mt. Carmel Railroad Company." The road, which was intended to run from New Albany, Ind., to Mt. Vernon, Ill., was completed only from Princeton, Ind., to Albion, Ill., 28 miles. Mt. Carmel is the point where the Indiana line is crossed.

☞ The purchasing bondholders of the Lexington and St. Louis Railroad Company have organized a new company under the title of the "St. Louis and Lexington Railroad Company." The road, which is leased to the Missouri Pacific Railroad Company, runs from Lexington, Mo, to Sedalia, a distance of 55 miles.

☞ Toledo and Wabash purchasing committee receipts will not be "called" hereafter at the New York Stock Exchange. If all payments have been made on them they may be exchanged for Wabash Railroad stock, which will be called instead. This is registered at the Metropolitan Bank, and will be a good delivery on unsettled contracts on the receipts.

☞ The gross earnings of the Burlington, Cedar Rapids and Northern Railway for December last were $129,554, an increase of $39,060 over those of the same month in 1876.

Finances of Pennsylvania.

The total receipts into the State Treasury during the year ending November 30, 1877, (including $984,997 62 from the previous year) were $15,644,500 06, and the disbursements $13,482,453 19, leaving a balance in the Treasury November 30, 1877, of $2,162,046 87. The public funded debt of the State is as follows:

Over due loans, upon which interest has been stopped and not presented for payment		$60,981 58
Redeemable loans of five and six per cent. loan, upon which interest has been stopped, and not presented for payment		645,950 00
Five per cent., payable in 1878		273,000 00
Six per cent., payable in 1879		400,000 00
Five per cent., payable in 1882		395,000 00
Four and one half per cent., payable in 1882		87,000 00
Six per cent., redeemable in 1877 and payable in 1882		2,472,200 00
Six per cent., redeemable in 1882 and payable in 1892		9,995,800 00
Five per cent., redeemable in 1892, and payable in 1902		8,000,000 00
Six per cent., Agricultural College, payable 1922		500,000 00
Relief notes in circulation	$96,174 00	
Interest certificates outstanding	13,038 54	
Interest certificates unclaimed	4,448 88	
Domestic creditor certificates	25 00	
Chambersburg certificates outstanding	52 21	
Chambersburg certificates unclaimed	144 60	
		113,882 73
Total debt, December 1, 1877		$22,943,814 13
Pennsylvania railroad bonds, representing an indebtedness, January 31, 1878, of	$4,686,413 06	
Allegheny Valley railroad bonds	3,200,000 00	
Balance in Sinking Fund, November 30, 1877	1,705,014 87	
		9,591,427 93
Indebtedness unprovided for		$13,352,386 38

The new five per cent. eight million loan, for the redemption of the maturing loans of the Commonwealth, authorized by act of March 20, 1877, was duly advertised, and the bids therefor were opened on the first day of May, 1877. The bids above par amounted to over $17,000,000, and the premium realized was $261,922 33. Of the eight millions of bonds redeemed with the proceeds of this loan, over five millions were six per cent. currency interest bearing bonds, and the remainder were five per cent. gold interest bearing bonds. This reduction of the rate of interest will save the State more than fifty thousand dollars annually.

☞ The Executive Committee of the Directors of the Boston, Hoosac Tunnel and Western Railroad Company have returned from an inspection of the road and report the work as going ahead rapidly. On the western side of the river the track is laid up to the bridge; two piers of the bridge are completed, two more are well under way and the coffer dams are being sunk for the remaining piers, and if not interrupted by a rise in the river the foundations of the remaining piers will be laid by the first of February, and the work completed by the first of April. The work on these piers is first class in every respect, the material being of the best blue limestone. The foundations are sunk into the solid rock. At the present rate of progress of work on the line it will be opened for inspection by the first of June next.

Debt of Boston, Mass.

The total debt of the city December 31, 1877, was $43,354,444 06, against $45,058,151 58 on the 31st of December, 1876, a decrease during the year of $1,703,707 52. To the above debt should be added loans authorized, but not negotiated, $4,494,000, making the total debt liabilities $47,848,444 06. The debt paid during the year 1877, and certificates cancelled, amounted to $2,355,707 52. The debt funded during the year was $652,000. The means on hand December 31, 1877, for the payment of the funded debt were $16,498,979 12, leaving the debt, less means for paying, $26,855,464 94.

The debt of the city December 31, 1876, was, less the means for paying the same, $28,376,362 24, which, compared with that of Dec. 31, 1877, as above, shows a decrease of debt, less means for paying the same, during the year 1877, amounting to $1,520,897 30.

The funded debt is classified by the Auditor of Accounts, as follows:

	1877.	1876.
City debt proper	$23,056,255 99	$25,481,389 06
*Cochituate water debt	15,137,097 47	14,121,521 92
War loans (outstanding)	1,711,500 00	1,794,500 00
Roxbury debt (outstanding)	393,450 00	423,600 00
Dorchester debt (outstanding)	104,500 00	109,500 00
Charlestown debt (outstanding)	1,060,000 00	1,195,000 00
Mystic water debt (outstanding)	1,228,000 00	1,249,000 00
West Roxbury debt (outstanding)	430,000 00	450,000 00
Brighton debt (outstanding)	233,640 60	233,640 60
	$43,354,444 06	$45,058,151 58

*The outstanding Cochituate water loans, $11,545,273 98. The above is the cost of the works.

The outstanding loans of all kinds amount to		$43,354,444 06
Less water loans as follows:		
Cochituate water loans	$11,545,273 98	
Mystic water loan	1,228,000 00	
		12,773,273 98
Total amount of loans outstanding for all other purposes than water works		$30,581,170 08

The means on hand for paying the water loans are: sinking funds, $2,067,195 49; bond for sale of land with collector, $2,702; total, $2,069,897 49. The means for paying the $30,581,170 08 are: sinking funds, $13,854,180 95; bonds for sales of land, etc., with collector, $574,900 68; total, $14,429,081 63.

The amount which the city of Boston may increase its indebtedness under the one per cent. clause of the act "to regulate and limit municipal indebtedness" is at this date $2,288,618.

If the three per cent. clause of the act was applicable the present excess of indebtedness would amount $616,926 13.

Troy and Greenfield Railroad.

EXTRACT FROM THE MESSAGE OF THE GOVERNOR.

The large property interest which the Commonwealth has invested in the Troy and Greenfield Railroad and Hoosac Tunnel renders it a subject of prime solicitude. On three former occasions I have had the honor to present to the Legislature the views respecting the general policy which I believed to be essential to the ultimate development of this property, so as to secure the commercial advantages which could alone justify its construction; and these views have seemed to me equally essential in order to secure to the towns and cities along the line of this road, and its eastern and western connections, such influx of life, and volume of business, as should bring them into nearer equality, in facilities of intercourse and transportation with the whole continent, to those enjoyed by their neighbors on the parallel line of the Boston and Albany Railroad.

It does not seem to me practicable, in the present state of things, for the Commonwealth to initiate any new policy in regard to the Tunnel enterprise. Its property is a section of inland railroad, forming, it is true, a section of the trunk line composed of different corporations, and with indefinite western connections, which divide with it the volume of eastward bound freight from the great States of the West. It does not appear possible at present to make a permanent connection with any new line west of the Hudson river without an outlay of new capital, which the people of the Commonwealth neither desire nor would justify. Enterprises appear to be developing which will ultimately, and that very soon, utilize the State property under consideration, in a degree somewhat commensurate with the original expectation; and in the absence of an aggressive policy which is practicable, it seems the part of wisdom and of necessity to wait for a while the approach of such connections as shall present the greatest advantages of strength and enterprise. I cannot but repeat my previously expressed conviction of the expediency of separating the treasury of this railroad from the treasury of the Commonwealth, and of relieving the executive department of the Government of its supervision by placing the road under corporate management familiar with railroad business, and competent to insure proper connections by negotiation when opportunity shall offer.

Two points only upon this road remain uncompleted, namely, the station accommodations at Greenfield and at North Adams; some further legislation may be required in order to secure union stations at these points, in combination with the Connecticut River Railroad at Gaenfield, and with the Pittsfield and North Adams Railroad at Adams. Under the provisions of sects. 6 and 8 of chapter 249 of the acts of 1877, authority was given for the completion of the road accommodations at these points, in combination with the roads referred to; but no power was granted to enforce action on their part, and no agreement mutually acceptable has yet been made. It seems greatly to the public advantage that joint accommodations should be established for the use of these lines; and this arrangement is also desired by those doing business over these roads.

It would seem to be proper that a time limited shall be determined upon, within which all claims for damages on account of land taken, rights of way, or crossings on the line of the Troy and Greenfield Railroad, shall be presented. So many years have elapsed since the commencement of this work, and its construction has been supervised by so many different agents, that it will be difficult in the future for those unfamiliar with the facts in each case to decide between just and unjust claims which may be hereafter presented. Cases of this kind have already arisen; and a limit of time should be fixed for the adjustment of such demands, either by agreement with representatives of the State, or by reference to the county commissioners. I would also respectfully recommend that the location of the Troy and Greenfield Railroad, as filed in the offices of the

counties through which the road is located, be ratified and confirmed by the Legislature.

During the past year the road has been put in thorough order; slopes have been taken down, the track raised and graded from Greenfield to Buckland, and the ditches cleared. The station, engine house and freight house at Shelburne Falls have been moved and put in thorough repair, together with adequate platforms, water tanks and other necessary fixtures. The facade at the east portal of the Hoosac Tunnel, and the stone arch at the west portal of the little tunnel, as well as the brick arching, have been completed in a neat and substantial manner, and at a cost within the sums appropriated.

The method of collecting tolls has been changed, since July last, from a fixed rate per ton to a percentage of two-thirds of the gross receipts; thus allowing a flexible instead of a fixed rate.

The manager's statement of the receipts and expenses of the first three months under this change—namely, from July 1 to Oct. 1, 1877—shows gross receipts as follows; viz:

From Fitchburg Railroad	$36,353 80
From Troy and Boston Railroad	8,846 15
	$45,199 95

Cumberland Coal Trade.

The product of the mines of the Cumberland coal region for the year 1877 aggregates 1,550,029 tons, a decrease of 142,259 tons as compared with 1876. The shipments to the Baltimore and Ohio railroad were for the year 793 284, tons a decrease of 130,549 tons as compared with 1876 The shipments to the Chesapeake and Ohio canal for the year were 585,852, a decrease of 50,720 tons as compared with 1876. The shipments to the Pennsylvania railroad for the year were 170,893 tons, an increase of 39,000 tons as compared with 1876. The heaviest shipper of the year 1877 was the New Central Company, 345,542 tons; the Consolidation second, 334,107 tons; the George's Creek Coal and Iron Company third, 121,303 tons; the Maryland fourth, 119,000 tons, and the American fifth, 117,655; none of the others sending out over 100,000 tons. The total output during the year of each company, with the increase and decrease as compared with 1876, is shown by the following table:

Company.	Tonnage.	Inc.	Dec.
New Central	345,542	105,273	.....
Consolidation	334,107	.....	8,001
Georges's Creek C & I.	121,303	.....	75,760

Value of Money.

The following is a copy of the Report of the Secretary of the Treasury showing the comparative value of the coins of all other nations and the United States:

TREASURY DEPARTMENT,
WASHINGTON, Jan. 1, 1878.

The first section of the act of March 3, 1873, Statutes at Large, volume 17, page 602, reproduced in section 3,564 of the Revised Statutes, provides "that the value of foreign coin, as expressed in the money of account of the United States, shall be that of the pure metal of such coin of standard value," and that "the values of the standard coins in circulation of the various nations of the world shall be estimated annually by the Director of the Mint, and be proclaimed on the first day of January by the Secretary of the Treasury."

The estimate of values contained in the following table has been made by the Director of the Mint, and is hereby proclaimed in compliance with the above stated provisions of law:

Country.	Monetary Unit.	Standard.	Value in U. S. Money.
Austria	Florin	Silver	.45 3
Belgium	Franc	Gold & S.	.19.3
Bolivia	Dollar	Gold & S.	.96,5
Brazil	Mil. of 1,000 reis	Gold.	.54.5
British Posses sions, North America	Dollar	Gold.	$1 00
Bogota	Peso	Gold.	96 5
Central Am.	Dollar	Silver	91 8
Chili	Peso	Gold.	91.2
Denmark	Crown	Gold.	26.8
Ecuador.	Dollar	Silver	91.8
Egypt	Pound of 100 piastres	Gold.	4 97.4
France	Franc.	Gold & S.	19.3
Great Britain.	Pound sterling	Gold.	4 86.6½
Greece	Drachma	Gold & S.	19.3
German Emp.	Mark	Gold.	23.8
Japan	Yen	Gold.	99 7
India	Rupee of 16 annas	Silver	43.6
Italy	Lira	Gold & S.	19.3
Liberia	Dollar	Gold.	1 00
Mexico	Dollar	Silver	99.8
Netherlands	Florin	Gold & S.	38 5
Norway	Crown	Gold.	26.8
Peru	Dollar	Silver	91.8
Portugal	Milr. of 1,000 reis	Gold.	1 08
Russia	Rou. of 1,000 cop	Silver	73.4
Sandwich Isl.	Dollar	Gold.	1 00
Spain	Peseta of 1,000 cop	Gold & S.	19.3
Sweden	Crown	Gold.	26.8
Switzerland	Franc.	Gold & S.	19.3
Tripoli	Mahbub of 20 piasters	Silver	82.9
Tun's	Pias. of 16 caroubs	Silver	11.8
Turkey	Piaster	Gold.	4.3
U. S. of Colom.	Peso	Silver	91.8

The above rates will be taken in estimating the values of all foreign merchandise made out in any of said currencies imported on or after January 1, 1878. I am, very respectfully,

JOHN SHERMAN, Secretary of the Treasury.

☞ The work of completing the Manchester and Keene Railroad, from the terminus of the Peterboro' Railroad at Greenfield to Hancock Centre, a distance of nine miles, is progressing rapidly, and will be finished for traffic during this month. The roadbed from Greenfield to Hancock is first-class in every particular. The Peterboro' and Hillsboro' Railroad, now being built, will form a junction at Bennington with the Manchester and Keene Railroad. The Nashua and Lowell Railroad have taken a lease of this road, and as soon as the work of ballasting is completed, will commence to run trains through from Boston to Hancock.

Lehigh and Wilkesbarre Coal Co.

An adjourned meeting of the Lehigh and Wilkesbarre Coal Company was held in this city on the 4th inst., to receive the report of the committee appointed by these bondholders a few weeks ago to devise a plan for reorganizing the company. It will be remembered that the objections of the bondholders of Lehigh and Wilkesbarre Coal Co. were the most serious of those urged against the scheme for the reorganization of the Central Railroad Company of New Jersey, the latter having guaranteed the bonds of the first mentioned company.

The present scheme, if executed, will separate the two corporations and place them upon an independent basis. The committee consisted of Messrs. John B. Barnes, of J. S. Kennedy & Co.; Frederick A. Potts and G. G. Havens. The scheme is, briefly, as follows:

First—The bonds held by outsiders to the amount of $4,700,000 shall be preferred. [The balance of about $6,000,000 is under the control of the Central Railroad of New Jersey.]

Second—The coupons of the amount to be "preferred" shall be funded for three years into a ten-year income bond bearing 7 per cent. interest, payable semi-annually.

Third—A sinking fund of 10 cents per ton on the amount of coal mined each year shall be set aside for the following purposes: First, payment of any prior mortgage for which purchase money has been used; second, retirement of sterling mortgage bonds, of which $1,680,000 is held in England; third, retirement of the income bonds specified above, and, lastly, for the retirement of the $4,700,000 of bonds held outside of Jersey Central.

Fourth—The earnings of the coal company to be applied, first, to the payment of interest on prior mortgage bonds and sterling bonds; second, to the interest on the $4,700,000 of bonds held by the public; third, to the interest on the income bonds; and, lastly, to the interest on income bonds held by the Central Railroad of New Jersey.

Fifth—If the earnings in any one year are not sufficient to pay the interest on the income bonds and on bonds controlled by the Central Railroad of New Jersey, the interest shall not accumulate, and the Central Railroad of New Jersey shall cut off and cancel such coupons.

Finally, all public or outside bondholders who shall give their assent to this scheme within three months, shall share its benefits. In view of the above the outside bondholders agree to release the Central Railroad of New Jersey from its indorsement.

The report was unanimously accepted, and the committee was authorized to continue with power to perfect this scheme with the Central Railroad of New Jersey. It is understood that the scheme is favorably regarded by the receiver of Central Railroad of New Jersey, the receiver of the Lehigh and Wilkesbarre Coal Company, and their respective counsel, as well as the stock and bondholders' committee on reorganization of the Central Railroad of New Jersey.

☞ A meeting of the holders of the first mortgage bonds of the Petersburg Railroad Company was held in Baltimore on the 7th inst. and a committee appointed to represent their interest in the suit now pending in the United States Circuit

Court for the Eastern District of Virginia. It is understood that the bondholders are in favor of an early sale of the road.

Cleveland and Pittsburg Railroad.

At the annual meeting of the stockholders of the Cleveland and Pittsburgh Railroad Company, held at Cleveland, Ohio, on the 8d inst., the following gentlemen were elected directors for the ensuing year: J. N. McCullough, B. F. Jones, Pittsburgh; Thomas A. Scott, Philadelphia; August Belmont, S. J. Tilden, Charles Lanier, George W. Cass, Francis T. Walker, New York; E. A. Ferguson, Cincinnati; J. V. Painter, James F. Clark, and R. P. Ranney, Cleveland. During the year ending November 30, 1877, the receipts were, from the lessee: account rental, coupons, sinking fund, etc., as per terms of lease, $1,206,406 53; and the disbursements were: for dividends, $786,861 50; for coupon interest, $346,880; for sinking funds, $62,599; for maintenance of organization, $8,926 01—leaving a balance of $1,140 02.

The income other than that derived from the lease, and the expenditures on account of unsettled business previous to the lease were as follows: receipts, $6,303 51; expenditures, $38,855 22; excess of expenditures over receipts, which represents reduction in assets left in the company's hands at the transfer of the property to the lessee, $32,451 71. This balance is charged against the old net earnings account.

The earnings and expenses of the road for the year ending December 31, 1876, as reported by the lessees under the requirements of Article 8 of the lease, were as follows: earnings, $2,484,018 78; operating expenditures, $1,391,447 47; rental, interest, etc., $1,245,530 23; sinking funds, $59,468; total expenditures, $2,696,135 70; leaving a deficit in that year's account of $212,416 92.

The total sinking fund investment during the year reached $58,251 72.

This is the first year in which any deficit has been shown since the lease. The causes are well understood, as growing out of the general business depression, and do not require to be entered into at length. Regular dividends have not been affected thereby, and an examination of the expenses as above set forth, with reference to the maintenance of the property, will show that the lessee had not failed in duty in this respect. The maintenance of way account is unusually heavy. Four thousand tons steel rails, 492 tons re rolled iron rails, and 126 000 cross ties were put on the track. The motive power and rolling stock also show a large expenditure and are in excellent condition. The return of more prosperous business, already inaugurated, gives good promise of the restoration of revenues at no distant day. Meantime dividends are secured to the stockholders beyond any reasonable peradventure, the payments of which may be looked for with the same assurance in the future as in the past. The good faith of the lessee is attested not only in the maintenance of the property above noted, but also in reserving its own dividends under the extraordinary emergencies of the past season. The ability of the lessee, never successfully questioned, is thus amply fortified. In closing this report, the President says: "Your directors, upon looking back over the period of financial depression from which the country seems now, we trust, to be emerging, feel disposed to congratulate the stockholders on the high standing their property has maintained throughout the same; which fact constitutes the best assurance that with returning financial health and prosperity in the general business of the country, their investment will not fail to yield them steady and regular returns in the future, as it has done in the past."

New York Elevated Railroad.

At the annual meeting of the stockholders, held on the 8th inst., the following gentlemen were elected directors: Cyrus W. Field, David Dows, A. H. Barney, W. T. Pelton, John H. Hall, A. S. Barnes, Josiah M. Fiske, John D. Maire, Edward M. Field, D. A. Lindley, H. R. Bishop, Benjamin Brewster, J. A. Cowing. The officers are: Cyrus W. Field, President; W. T. Pelton, Vice President; J. A. Cowing, Secretary and Treasurer; Walter Katte, Chief Engineer, and T. T. Onderdonk, Superintendent. In his address to the stockholders, President Field said:

A few short months ago we were involved in many lawsuits, and two injunctions were in force against us—one on the west and the other on the East River side—preventing us from completing our railway, and we were borne down with a heavy floating debt. These injunctions have both been removed, and to day we have not a dollar of floating debt. We have a large balance in bank, and cash subscriptions from responsible parties, payable as required, ample to complete and equip a double track elevated railway on the west side of the City from the Battery to Eight first street, and a double track on the east side from the Battery to Sixty-first street, with branches to the Grand Central Depot, the City Hall, and the ferries. Many persons who, a few months ago, were opposed to our enterprise, now frankly admit that they were mistaken, and, some of these very parties are coming and asking as a favor to be permitted to subscribe for shares in our company. Some of the street railroads who have 11 long years fought us with an energy worthy a better cause, now suggest in a pleasant manner that we are not such bad fellows, and that we should come to some friendly arrangement. We have made contracts for cash for the completion of our road, both on the North and on the East River side, and in a very few months we hope to carry all persons that may wish to travel up and down the City quickly and cheaply from the lower and upper part of this island on both sides. With the Gilbert Elevated Railroad Company we are on the most friendly terms, and are earnestly endeavoring to see how we can jointly best serve the people of New York.

☞ The directors of the Salem and Lowell Railroad Co., elected on the 8th inst., are: Daniel S. Richardson, Alder B. Buttrick, Addison Putnam, George Runells, Robert H. Butchers, F. E Clarke, H. G. Herrick.

☞ The directors of the Lowell and Lawrence Railroad Co., elected on the 8th inst., are: William E. Livingston, John F. Kimball, Hocum Hosford, Edward Tucker, Henry C. Howe, Joseph Shattuck and Wm. R. Spalding.

☞ Mr. S. Spencer has been appointed by Mr. Thos. R. Sharp, Receiver, General Superintendent of the Long Island Railroad and Leased Lines.

☞ A. C. Goodell, Jr., has been elected President, and E. A. Smith clerk of the Naumkeag Street Railway Co.

☞ B. W. Russell has been appointed President, and Wm. Mack Treasurer of the Salem Street Railway Co.

EDWIN H. BROWN,

7 Warren Street, New York,

Solicitor U. S. & Foreign Trade Marks & Patents.

Make a note of the time when you first think of an invention, date and keep all writings, sketches, drawings and models of it. It will be well to have persons sign the former as witnesses, and this may be done without exhibiting the contents. To establish title to your invention, even after obtaining a patent, you may have to prove that you made it before any one else, and never gave it up.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

The Coal Trade.

For the week ending the 29th ultimo, the total production, as reported by the several carrying companies, amounted to 384,723 tons, against 174,840 tons in corresponding week last year an increase of 210,383 tons. The total amount of anthracite mined for the coal year is 20,572,747 tons, against 18,609,075 tons for same period last year, an increase of 1,963,672 tons. The quantity of bituminous coal sent to market for the week amounted to 43,352 tons, against 19,948 tons in corresponding week last year, an increase of 23,404 tons. The total amount of bituminous mined for the year is 3,561,901, tons against 3,645,975 tons for corresponding period last year, a decrease of 84,074 tons. The total tonnage of all kinds of coal for the week is 428,075 tons, against 194,288 tons in corresponding week last year, an increase of 233,787 tons. The total tonnage of all kinds of coal for the coal year is 24,134,648 tons, against 22,255,050 to same date last year, an increase of 1,879,398 tons. The receipts at Perth Amboy for the week ending on the 29th ultimo were 21,803 tons, the shipments 21,164 tons, leaving a stock on hand of 91,608 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first and second weeks of December was 218,676 tons, of which 185,820 tons were coal, and 32,856 tons coke. The total carried for the year is 4,643,470 tons, of which 3,792,785 tons were coal and 603,799 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad brought 44,000 tons to Port Richmond whilst 16,000 tons were shipped thence last week. The entire tonnage of the Reading Railroad for the week ending Saturday January 5, was 91,500 tons.—*Phila. Ledger, Jan. 7.*

☞ The earnings of the St. Louis, Kansas City and Northern Railway for the year 1877 were $3,150,476, a gain of $13,197 on those of 1876.

Steam Office Watchman!!

THIS GAUGE IS USED IN HOTELS, STEAMERS, Manufactories, Breweries, etc.

The Inventors of this combined "Pressure Gauge" and "High-Pressure Alarm" have, after many years of persistent effort and at great expense, succeeded in perfecting a reliable and accurate instrument for measuring either air, steam or water, when subjected to pressure, and for denoting the same by an automatically written tracing upon Edson's Patent Logs or "Charts." No manufacturer or steam user can afford be without them. Circulars sent on application to

New York, Saturday, January 19, 1878.

Railroad Combination—the "Pooling" Year.

We gave last week an abstract of that portion of the Annual Report of the Massachusetts Railroad Commissioners relating to the operations of the roads during the year 1877. Thirty pages of the report are devoted to a history of the "pooling" combinations of that year, and a discussion of the advantages and disadvantages of the system. Having alluded briefly to the competition produced by the financial depression, and to several of the episodes in the process of development of the railroad problem, discussed at length in previous years, the report says that as the three years, 1874-6, were a period of fierce competition, so 1877 has been the year of combination—the "Pooling" year. Never at any time has the spirit of yielding and harmony among themselves been so manifest in railroad men as during this year; and for the first time, the combinations agreed on by them have been based on principles which rendered it possible to make them effective. That this should have been so was more than natural. The violent action of the three previous years was sure to result in a reaction, the extent of which even might with tolerable certainty have been predicted. Besides the numerous smaller combinations, intended to cover only a limited territory and to control comparatively insignificant amounts of business, there are eight larger ones which now present features of especial interest. These are what are generally known as—

1. The Omaha Pool.
2. The Southern Railway and Steamship Association.
3. The Southwestern Rate Association.
4. The Colorado Pool.
5. The Cattle Pools.
6. The Oil Pool.
7. The West bound Freight Pool.
8. The East-bound Freight Compact.

The report describes in detail the composition and workings of the above named pools, paying especial attention to the largest, "The Southern Railway and Steamship Association." This, it says, is the most thoroughly considered railroad combination which has yet been attempted in America. The plan of it originated with Col. Albert Fink, formerly Vice President and Superintendent of the Louisville and Nashville Railroad, and at present the Chief Commissioner of the West bound New York freight combination. Organized in the year 1875, the association, in principle somewhat resembled that formed at Saratoga in 1874. It was, however, far more carefully perfected in detail, and is worthy of special notice as presenting to the public, for the first time in this country, the idea of a responsible railroad confederation desiring to conduct its operations openly and under the sanction of law. It professed to offer a complete possible solution of the railroad problem, and that, too, in a manner which accorded with those usages and modes of thought and action which are more peculiar to America. It included, originally, some twenty-five different railroad and steamboat companies. By these a formal constitution of some thirty articles, setting forth both the objects the association was designed to secure and the means through which it was proposed to secure them, was adopted.

The effect of these combinations and their evident tendency to development remain to be considered. They are being perfected with great rapidity, and their avowed ultimate object is the control of competition among railroads. From that point of view which looks solely to the interests of the public, how should they be regarded? It is, of course, unnecessary to say that all combinations of the character which have been described are looked upon with much popular distrust, and are held to be against well established considerations of public policy. No one who has taken a sufficient degree of interest in the long railroad discussion to read even a small portion of what has been written in the course of it can any longer doubt that competition, on the one side, has furnished the great stimulus through which a succession of what would otherwise have been looked upon as impossibilities has been accomplished in railroad development, nor, on the other hand, can be doubt that this competition has been a most costly process of harsh and unjust discrimination. It was, indeed, this discrimination, necessarily inherent in, and wholly inseparable from uncontrolled railroad combination—the flagrant and notorious differences between through and local rates, and between points which were controlled and points of competition—it was this which led to the indignant, though unintelligent, Granger agitation.

Whatever may be said of the Granger legislation, there can be no manner of doubt that the popular manifestation which accompanied it exercised a great influence on the railroad corporations of the country. The question still remains an open one, whether, with all its evils, competition, as it has hitherto existed, is not the best and final solution of the railroad problem, so called?—or whether some other solution will yet be evolved by a gradual process, of which the pooling combinations of the present time are a part, with the final result that the benefits incident to competition will be secured, while its hardships and abuses will be greatly modified, if not by degrees wholly gotten rid of? The argument for and against, can be stated in few words. On the one side are the considerations which lead to a belief that competion among railroads, as it has hitherto existed, is destined to continue permanently, and, taken all in all, affords in spite of recognized abuses the best practical guaranty of the public interests; and, on the other side, the considerations which lead to the opposite belief, that uncontrolled competition is but one phase in railroad development and must result in some form of regulated combination.

Having quoted arguments on either side and criticised them the report says: Contrary to the general and popular conviction this Board has always maintained that, so far from being necessarily against public policy, a properly regulated combination of railroad companies, for the avowed purpose of controlling competition, might prove a most useful public agency. The end in view has already been referred to, but will bear

restatement. It is nothing less than to reach a system in which the advantages of railroad competition, which all admit, may be secured; and its abuses, such as waste, discrimination, instability and bankruptcy, be greatly modified if not wholly gotten rid of. The Commissioners close this part of their report as follows:

Meanwhile, so far as the local interests of Massachusetts are concerned in these general questions, the members of this board have nothing to add to the view expressed in their last annual report. The great struggle between lines representing different seaboard cities for a control of the foreign business was then just drawing to a close. The basis of adjustment finally arrived at seems to have worked satisfactorily, and will not probably be disturbed. It was, as usual, a compromise. On the one hand were the lines running between the West and New York, which demanded that an absolute equality should be recognized in rates between central interior points and the great seaboard termini; while, on the other hand, the lines to Philadelphia and Baltimore claimed that an allowance should be made to those points, because of their shorter distance from the West; and the line to Montreal insisted that a similar allowance should be made on shipments through Montreal on account of its longer distance. The result of the struggle was that a slight differential rate was allowed to Baltimore and Philadelphia, amounting, in the case of shipments from Chicago, to one and two cents a bushel respectively. The difference against Boston was five cents, subject to a drawback of the entire amount on all foreign shipments.

As respects the West and the through railroad system of the country, the condition of affairs, so far as Massachusetts is concerned, does not therefore, seem to be in any respect essentially different from what it has been during the last five years. The opening of the Tunnel line has, as yet, been productive of no perceptible results. Indeed it is not easy to see what results it could produce, so long as it is limited at its western terminus to a connection with the same line with which the Boston and Albany road already connected before the Tunnel was opened. Not until the last named line effects a connection with lake navigation at some point on Lake Ontario, on the one side, and with the Erie road, at Schenectady, on the other, can any considerable results inure from its completion. This subject, however, has already been elaborately discussed in official reports by this Board and by others, and during the past year certainly nothing has occurred to cause any doubt of the correctness of the views heretofore expressed. As full information in regard to the steps now being taken to complete the Tunnel line and make it an effective agency in the through railroad connection of Massachusetts will, doubtless, be submitted by those upon whom the care of the Commonwealth's interest in that line has been more directly imposed, it is unnecessary, in the present report, to enter upon the subject.

Boston and Albany Railroad.

The receipts and expenditures of this road for the financial years which terminated September 30, 1876 and 1877, have been as follows:

	1876.	1877.
From passengers	$2,626,692 50	$2,386,741 84
" freight	3,886,131 64	3,790,780 94
" mails, etc.	561,934 80	602,857 25
	$7,074,758 44	$6,779,610 03
Expenses:		
Repairs of roadway	$912,599 49	$770,337 61
Repairs of engines	282,720 35	330,541 53
Repairs of passenger and freight cars	478,990 71	516,026 98
Repairs of buildings, ferry, etc	80,694 52	134,901 17
Transportation exp.	2,816,916 00	2,789,333 24
General expenses	111,072 97	71,625 42
	$4,682,994 04	$4,612,765 95
Net income	$2,391,764 40	$2,166,844 08
From this deduct—		
Interest	$484,483 20	
Eight per cent dividends	1,600,000 00	
Dividends on Pittsfield and North Adams R. R., five per cent.	22,500 00	
Rent one year Ware River Railroad, 6½ per cent	48,750 00	
		2,155,733 20
Surplus		$11,110 88
Accretions to Sinking Fund		987 15
Surplus at commencement of year		3,692,396 83
		$3,704,494 86
Less reduction of equipment account	$1,307,645 78	
Uncollectable accounts	16,454 01	
		1,324,099 79
Total surplus for 1877		$2,380,395 07

Compared with the previous year, the gross receipts of 1877 show a decrease of $295,148 41, with a decrease in expenses of $70,228 09, making a decrease in net income of $224,920 32. The President in his report says:

The present year opened with the same depressed and unsettled condition of business that characterized the latter part of the year 1876. Restless labor and timid capital were the natural results following upon a period of unexampled extravagance and inflation. Added to these disturbing causes, and unreasoning competition in the transportation business of the country contributed to make the crisis through which we have passed the most trying that our railroads have ever experienced. Early in the present year, however, symptoms of returning wisdom were manifested in the councils of railroad managers, and before the opening of our fall traffic from the West, a satisfactory adjustment of rates was agreed upon between the trunk lines. This timely change of policy, together with the reduction in the cost of the various materials which make up the expense of operating a railroad, enables us to report a satisfactory result of the year's business.

The reports made by the railroad companies in this State to the railroad commissioners are now so complete, that very little remains to be added. For convenient reference, however, we append the usual tables, showing the comparative volume of business during a series of years. Turning to these tables, it will be observed that, notwithstanding the general depression of commerce and trade, the total number of tons carried a mile over our road during the past year has never been exceeded except in a single instance, and our tonnage from Albany to Boston is the largest ever made.

The road bed and rolling stock are in excellent condition, having been the object of most favorable comment by those who have had occasion to examine and compare them with those of other companies. About three thousand tons of steel rails have been substituted for iron within the year, and, excepting a distance of less than ten miles, we have now a steel-laid roadway from Boston to Albany. In accordance with the votes of our stockholders, the contracts for leasing the Pittsfield and North Adams Railroad and the North Brookfield Railroad have been executed. The loss occasioned by burning the shops of the company at Springfield in September last was covered by insurance. A full settlement has been agreed upon with the companies, and the buildings are now substantially replaced.

In relation to the business of the future, no one can with safety prophesy. It is a matter of congratulation, however, that this company has demonstrated its ability, in times of adversity as well as prosperity, to fulfill all its obligations to the public, and afford a reasonable return to the stockholders upon their investment.

The company have 67 passenger and 176 freight locomotives; 190 passenger, 54 baggage and postal, 4,808 merchandise, and 517 other cars, and 11 snow plows.

The number of miles run by locomotives with passenger trains, was 1,398,903; with freight trains, 3,566,163; with gravel trains, etc., 80,662—total, 5,045,728.

The number of through passengers carried, was 60,077; way do., 5,233,274—total, 5,293,351. Number of passengers carried one mile, 103,278,126.

The total number of tons moved was 2,601,657, of which 714,817 went west, and 1,886,840 east. The through tonnage westward, from Boston to Albany, amounted to 126,077; do. eastward, 755,188. All other tonnage westward, 588,740; do. eastward, 1,131,652. Equivalent number of tons carried one mile, 313,822,671—equal to 1,569,113 tons carried over the whole road.

An aggregate of 417,100,797 passengers or tons of freight carried one mile in 1877, against 412,269,398 passengers or tons of freight carried one mile in 1876.

The cost of transportation of each passenger and each ton of freight one mile this year has been 0.883 cents, against 0.956 cents in 1876.

Trial Balance, September, 30, 1877.

Cost of road and equipment	$27,514,116 50
Cost of South Boston property	505,098 22
Hudson River bridges	475,485 00
Notes receivable	9,222 03
Materials	1,295,998 75
Real estate and land	119,078 96
Ledger balances due from individuals and corporations	501,752 42
West Stockbridge Railroad stock	13,000 00
Cash	816,552 69
	$31,250,904 57
Capital stock	$20,000,000 00
Seven per cent bonds	5,000,000 00
Six per cent bonds	2,000,000 00
Unclaimed dividends and interest	31,827 75
Dividend No. 20, due Nov. 15, '77	800,000 00
Dividend No. 2, P. & N. A. R. R., due January 1, 1878	11,250 00

Notes payable	1,003,056 75
Profit and loss	2,380,395 07
	$31,250,904 57

President.—C. W. Chapin.

Vice President.—D. Waldo Lincoln.

Directors.—C. W. Chapin, Ignatius Sargent, Moses Kimball, John Cummings, D. Waldo Lincoln, Henry Colt, George O. Crocker, Edward B. Gillett, J. H. Chadwick, Charles L. Wood, Thomas Talbot, D. N. Skillings, Francis B. Hayes.

General Manager.—William Bliss.

General Superintendent.—C. O. Russell.

Ass't Superintendent.—Walter H. Barnes.

Assistant Superintendent.—J. B. Chapin.

Treasurer.—C. E. Stevens.

Seaboard Pipe Line.

The Titusville (Penn.) Herald says that the Oil Producers' Union has appointed Messrs. B. B. Campbell and C. V. Culver, as Directors, to represent the producers in the seaboard pipe line enterprise, and then adds:

The seaboard pipe line to Baltimore, now resolved on, and to be constructed forthwith, is likely to excite lively competition and interest

among the manufacturers of cast iron pipe. The leading houses are Allison & Co. and Morris, Tasker & Co., of Philadelphia; the National Tube Works, of Boston, with a branch at McKeesport, Pa., and Seifert, McManus & Co., of Reading. If they all set to work in earnest, they could probably manufacture the whole length of 235 miles in sixty days, and three months will be time enough to fill the order. After one line is in operation—a six-inch pipe, with a capacity of carrying 6,000 to 8000 barrels a day—it will be comparatively short work to lay a couple more alongside.

New York, New Haven and Hartford R. R.

The directors of the New York, New Haven and Hartford Railroad Company respectfully submit the following report of the business and condition of the company for the fiscal year, terminating September 30th, 1877:

Income:

From transportation of passengers		$2,399,262 93
From transportation of freight		1,326,707 34
From transportation of mails and express		212,435 45
From interest		15,654 65
Total income		$3,954,060 37

Expenses:

Repairs of road	$174,356 36	
Steel rails	44,496 11	
Repairs of bridges	66,669 29	
Repairs of buildings	35,908 73	
Repairs of fences	5,441 81	
Repairs of engines	110,905 92	
Repairs of passenger and baggage cars	84,170 77	
Repairs of freight cars	59,521 39	
Repairs of tools and machinery	11,130 65	
Coal and wood for engines	209,019 84	
Fuel for stations	6,000 00	
Water stations	11,949 33	
Oil	32,699 48	
Waste	7,031 45	
Wages and incidentals chargeable to passenger department	513,094 94	
Wages and incidentals chargeable to freight department	430,843 00	
Switchmen, signalmen and watchmen	98 853 75	
Damages and gratuities	27,231 94	
Insurance and telegraph expenses	8,657 76	
General salaries, office expenses, law expenses, and all other expenses, (except interest) not included in any of the above items	67,359 33	
		2,005,341 80
Balance		$1,948,719 07
Deducting taxes	$217,036 04	
Deducting coupon interest, H. R. & P. C. R. R.	130,000 00	
		347,036 04
		$1,601,683 03

Treasurer's general balance sheet of total receipts and payments for year ending October 1st, 1877:

Balance of cash assets, Oct. 1, 1876	$1,524,854 89
Materials on hand, Oct. 1, 1876	381,165 47
Materials on hand S. L. Division, Oct. 1, 1876	43,374 17
Amount charged insurance and credited to contingent account	3,600 00
Transportation earnings	3,954,060 37
Total	$5,907,054 90
Transportation expenses	$2,005,341 80
Interest on H. R. & P. C. R. R. bonds	130,000 00
Taxes	217,036 04
Dividends (2 of 5 per cent)	1,550,000 00
Increase Shore Line Dr. balance	50,130 56
Decrease in accounts payable	2,450 20
Materials on hand, Oct. 1, 1877	445,618 42
Materials on hand S. L. Division, Oct. 1, 1877	37,847 57
Balance of cash assets	1,468,630 81
Total, as above	$5,907,054 90

DETAILED STATEMENT OF ITEMS OF CASH ASSETS.

Due from agents	$110,710 75
Due from connecting roads	50,237 48
Due from Hartford, Providence and Fishkill R. R. tunnel account	16,503 45
Advances to Harlem River and Portchester Railroad	521,648 21
Loans and bills receivable	364,874 03
Cash	404,661 94
Total	$1,468,630 81

The following is an exhibit in condensed form of the business for the past year:

Receipts from transportation, etc.		$3,954,060 37
Transp. expenses	$2,005,341 80	
Taxes	217,036 04	
Interest H. R. & P. C. bonds	130,000 00	
Net earnings	1,601,683 03	
		$3,954,060 37

No additions have been made to capital expenditure accounts during the past year.

The contingent account has been increased $3,600 during the past year, as follows:

Balance contingent account, October 1, 1876	$165,661 30
Add insurance premium, credited as fire reserve	3,600 00
Leaving balance to credit of contingent account, Oct. 1, 1877	$169,261 30

New York, New Haven and Hartford Railroad statistics for the year ending September 30th, 1877:

Miles run by passenger trains	1,401,741
Miles run by freight trains	685,600
Miles run by gravel trains	25,989
Total mileage	2,113,330
Total number of passengers	3,564,366
Number of passengers moved one mile	111,641,817
Number of tons of freight moved	886,476
Number of tons of freight moved 1 m.	39,646,733
Number of engines	98
Number of passenger cars	197
Number of mail and baggage cars	60
Number of freight cars	1,130
Number of gravel and other cars	185

SHORE LINE DIVISION.

The receipts on this division for the year ending September 30th, 1877, have been:

From transportation of passengers	$251,735 18
From transportation of freight	65,742 40
From transportation of mails	8,185 15
From transportation of express, etc.	16,711 86
Total income	$342,374 59

The expenses have been:

For ordinary repairs	$203,998 84	
For steel rails	88,506 31	
For rent	100,000 00	
		392,505 15
Deficit for the year		$50,130 56

The gross income of the road for the year ending September 30th, 1877, shows a falling off of $360,621 76 from the gross income of the preceding year, and of $747,175 18 from that of the year ending September 30, 1873. Notwithstanding this we have been enabled out of the earnings of the road, to pay all outlays of every kind, including rents, interest, taxes, and the loss of operating the Shore Line Road, and leave a sufficient sum to pay the regular semi-annual dividends. The road and equipment have been kept in excellent condition, and our facilities for doing a largely increased business were never better than at present. We are now feeling the benefit of the outlay of capital made during the last few years, whereby we are enabled to operate the road with much greater economy; and it now only requires a revival of the present depressed business to enable us to continue our regular dividends, and at the same time offer reduced rates for transportation to the public.

The gross receipts of the Shore Line Railroad show a falling off from the preceding year, while the operating expenses have been increased, thus resulting in a loss, after the payment of the annual rent, of $50,130 56. This increase of expenses is due to the laying of a large amount of steel rails, and the payment of several claims for damages, growing out of the accident at Stony Creek.

In view of all the circumstances, we trust the result of the year's business upon all our lines, will prove satisfactory to the stockholders.

CONDENSED BALANCE SHEET, October 1st, 1877.

Cost of railroad		$12,889,584 40
Equipment, engines, cars and barges		2,114,501 42
Real estate		560,274 67
Docks and wharves		128,688 31
Materials and supplies on hand		445,618 42
Materials and supplies, S. L. Division		37,847 57
Debit balance, Shore Line Div		198,811 25
Cash, cash assets, loans, due from agents and connecting roads		1,468,630 81
		$17,843,956 85
Capital stock, 155,000 shares		$15,500,000 00
Coupons unpaid (H. R. & P. C. R. R.)		735 00
Bills payable		3,000 00
Accounts payable: Sept. pay roll and balance due connecting roads		226,074 15
Contingent account		169,261 30
Profit and loss		1,944,886 40
		$17,843,956 85

President.—WM. D. BISHOP.

Vice Pres't & Gen'l Sup't.—E. M. REED.

Directors.—Wm. D. Bishop, E. M. Reed, Wilson G. Hunt, Geo. N. Miller, Chester W. Chapin, A. R. Van Nest, Henry C. Robinson, E. H. Trowbridge, Nathaniel Wheeler, C. M. Pond, Augustus Schell, Geo. H. Watrous, Wm. H. Vanderbilt.

Treasurer.—WM. A. BURROUGHS.

Secretary.—EDWARD I. SANFORD.

St. Louis, Vandalia and Terre Haute R. R.

The annual meeting of the shareholders of the St. Louis, Vandalia and Terre Haute Railroad Company was held on the 8th inst. at Greenville, Ills., at which time the annual report was presented, and an election held for a board of directors to serve for the ensuing year. The election resulted as follows: Thomas A. Scott, Philadelphia; Thomas D. Messler, Pittsburgh; W. R. McKeen and W. K. Edwards, Terre Haute, Ind.; Robert L. Dulaney, Marshall, Ills.; W. S. Smith and A. G. Henry, Greenville, Ills.; Otto Brodtbick, Highland, Ills., and J. S. Peers, Collinsville, Ills. The board subsequently organized by electing Thomas D. Messler President, W. H. Barnes Treasurer, and Williamson Plant Secretary.

☞ The Portsmouth Tribune says that a railroad is to be built at once by the Pennsylvania Railroad Co. from Stewart station, on the Baltimore and Ohio railroad, to Pomeroy, a distance of twenty-two miles.

Commerce of New York.

We give below, from the *New York Journal of Commerce*, a statement of the Commerce of New York, for 1877, in comparison with that for the five preceding years. The following is a comparative table showing the relative totals imported at New York in each year since 1850:

Year.	Dutiable.	Free Goods.	Specie.	Total.
1851.	$119,592,264	$9,719,771	$2,049,543	$131,361,578
1852.	115,336,052	12,105,342	2,408,225	129,849,619

1877.	221,401,649	92,686,992	15,000,227	329,088,868

Under the head of dutiable, in the above table, are included the goods entered directly for consumption which are subject to duty, and also those entered in bond for warehousing. These, with the free goods and the specie, make the total landed at the port. Including the specie, the imports for 1877 are $13,724,230 above the total for 1876; but deducting the specie in both years, the excess of merchandise imports for the twelve months amounts to $34,941,891.

The following table will show the classification of imports at New York for the years—

	1875.	1876.	1877.
Dry goods.	$99,816,025	$80,716,163	$77,756,778
Gen. mdse.	227,874,337	198,430,587	236,881,863
Specie....	13,438,557	26,217,888	15,000,227
Total....	$340,628,919	$305,364,638	$329,088,868

All of the foregoing figures represent gold. The imports are stated at their foreign gold cost, freight and duty not included.

The duties last year averaged 40 per cent on the imports entered directly for consumption, and 45 on the dutiable value withdrawn from warehouse, making an average of 42 per cent on the total dutiable goods thrown upon the market. On $25,705,131 of goods paying a duty partly specific and partly ad valorem, the average of both was 67½ per cent upon the entire total.

The exports are reckoned chiefly in paper currency. The shipments of specie are counted at their tale value, but all others, with unimportant exceptions, are stated at their market value in paper money at the time of shipment.

The following is a quarterly statement of the exports from New York to foreign ports, exclusive of specie, for the years named:

Quarter.	1875.	1876.	1877.
1st.....	$56,985,550	$61,019,989	$64,887,999
2d.....	64,532,018	63,007,840	69,097,489
3d.....	64,163,912	74,797,282	75,977,178
4th.....	70,780,688	76,696,878	89,671,355
Total....	$256,462,168	$275,550,964	$298,933,971

Foreign imports entered at New York during the years 1872, 1873, 1874, 1875, 1876 and 1877:

Scioto Valley Railroad.

At the annual meeting of the stockholders of the Scioto Valley Railroad Company, held in Columbus, Ohio, on the 10th inst., the following board of directors was elected: E. T. Mithoff, Wm. Monypeny, F. C. Sessions and William A. Platt, Columbus; M. Boggs, Chillicothe; William Bingham and S. A. Fuller, Cleveland; George Davis, Portsmouth; and H. Toland, London. The board organized by electing the following officers: E. T. Mithoff President; William Monypeny Vice President; F. C. Sessions Treasurer; George D. Chapman General Manager; J. B. Peters Superintendent; J. P. Curry Auditor and Secretary; George Chandler General Ticket Agent and Cashier; C. A. Chipley General Freight Agent, and C. O. Hunter Attorney.

From the report of the Auditor and Secretary we learn that the earnings from March 5 to December 31, 1877, (the time the road was operated by the company) were $116,853 30, the expenses $58,476 40, and the net earnings $58,376 90.

Of the above net earnings there has been applied to the payment of interest on mortgage bonds, $38,137 79, leaving a surplus of $20,239 11.

The operating expenses were 50.04 per cent of the earnings.

Delaware Railroad.

The annual meeting of the stockholders of the Delaware Railroad Company was held at Dover, Del., on the 11th inst. The report of the business for the year ended October 31, 1877, shows the receipts to have been $119,805; operating expenses as per agreement with lessee, (70 per cent.,) $293,864—surplus, $125,941; from which $123,730 is to be deducted for interest on bonds and dividends on stocks, leaving a surplus over all of $2,211. There was a loss of $28,190 37 on passengers, a gain of $52,505 46 on freight, and a loss of $1,580 12 on mail and miscellaneous as compared with last year—the result of all showing a gain of $27,726 94. The following directors to serve for the ensuing year were elected: S. M. Felton, Isaac Hinckley, Andrew C. Gray, Charles Warner, Joseph Bringhurst, Edward Bringhurst, Jr., Isaac Jump, H. B. Fiddeman, Manlove Hayes, Alexander Johnson, James J. Ross, Albert Curry, and J. Turpin Moore. Subsequently, at a meeting of the newly elected directors, S. M. Felton was re-elected president of the Company.

Pittsburg, Virginia and Charleston R. R.

The earnings of the Pittsburg, Virginia and Charleston Railroad for the year ending December 31, 1877, were $129,018 75, the expenses $90,909 78, and the net earnings $38,108 97. The number of passengers carried during the year was 266,887; tons of freight transported, 180,434. The officers are: President, John Scott; Vice President, B. F. Jones; directors, D. A. Stewart, Jos. Walton, H. B. Hays, M. B. Thompson, George V. Lawrence, Alex. Patton, J. N. DuBarry; Treasurer, D. P. Corwin.

☞ A certificate of incorporation has been filed by M. M. Murphy and others in the office of the Secretary of State of Ohio of the Ripley, Wilmington and Dayton Railroad Company, to run from Ripley through the counties of Brown, Highland, Clinton, Greene and Montgomery, terminating at the city of Dayton, Montgomery county. Capital stock $200,000, in shares of $50 each.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A dash (—) across the column signifies "nil," and running dots (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

Railroad Building in California for 1877.

Since January, 1877, to December 1, 1877, the Northern Railway has been extended from Shell mound toward Martinez 26.88 miles, and from Suisun about 3 miles.

The San Pablo and Tulare Railroad Company have built 28 miles from Tracy Junction towards Antioch.

The Southern Pacific has built 160 miles.

The latest date of construction on other roads in 1877 is up to June 30th only.

The North Pacific Coast (narrow gauge) Railroad have built 24 50 miles from Tomales to Duncan's mill. John W. Dougherty is the General Manager, No. 426 California street, San Francisco.

The South Pacific Coast Railroad, of which Mr. Davis (Nevada Block, San Francisco) is President, have during the same period constructed 2 75-100 miles from Santa Clara to San Jose, and 9 25-100 miles from San Jose to Los Gatos. Since June 30th there have been over 20 miles of track laid between Alameda and San Jose.

The San Francisco and North Pacific Railroad has laid 8 miles on the Fulton and Guerneville Branch, and 6 miles on the Sonoma Extension main line.

The Vaca Valley road was opened to Madison May 1, 1877; total length of road, 29 miles.

There are quite a number of short coal and lumber roads now under construction.—*Sacramento Record Union.*

Lehigh Valley Railroad.

The receipts from operations of this road for the year ending November 30, 1877, were $6,488,036 62, the expenses $3,162,822 06, and the net receipts $3,325,214 56. For the year ending November 30, 1876, the receipts were $7,049,646 56, the expenses $3,842,750 04, and the net receipts $3,206,896 52—showing a decrease in receipts of $561,609 94, with a decrease in expenses of $679,927 98, making the increase in net receipts of $118,318 04. The coal tonnage of last year exceeded that of any previous year, being 4,391,286 tons, against 3,987,018 tons for 1876, 3,333,472 tons for 1875, 4,177,282 tons for 1874, and 4,172,366 tons for 1873. This does not include any coal carried over the Pennsylvania and New York Railroad, except such as has passed over a part of the Lehigh Valley Road. The income from all sources amounted to $7,100,218 94, against $8,037,247 20 for 1876 and the operating expenses of the road, $3,162,822 06, against $3,842,750 04 for 1876. The net income for 1877 was $3,937,396 88, against $4,194,497 06 in 1876. Out of this net income there was paid $1,526,057 interest on funded debt and gold premium, 5½ per cent in four quarterly dividends, amounting to $1,502,356, and $847,694 28 in general expenses, loss on Morris Canal, and all coal operations and taxes, a total of $3,876,107 28, leaving $61,289 60 to be added to the credit of profit and loss account. The capital stock stands at $27,228,855, the bonded debts at $24,301,000, and the floating debt less cash in hand at $635,813 80, making a total of $52,165,668 80, an increase of $290,540 66 during the year.

The business over the Easton and Amboy Railroad has largely increased, 1,405,508 tons of coal having been carried, being a gain of 524,049 tons, or about 59⅓ per cent over 1876. The gross earnings of this portion of the line amounted to $1,070,752, and the direct net earnings to $518,760 a sum equal to about 5⅛ per cent of the cost of the whole work, aside from the increase in business to the main line. During the past year a mortgage for the maximum sum of $10,000,000 was made by the Easton and Amboy Railroad Company, covering all their property, and their bonds, bearing 6 per cent interest, have been delivered to the Lehigh Valley Railroad Co. to the amount of $5,000,000, in partial payment for the money expended by that company in the construction of the road. The Lehigh Valley also holds $5,000,000 of the stock of the Easton and Amboy Company, being all that has been issued. It is not proposed at present so dispose of any of these bonds, but, should occasion require it, they will form a very desirable investment security, being a first mortgage on a double track railroad of sixty miles in length, with wharves of the fullest capacity, on tide water, having a business already established, and costing at the close of the year $10,147,845, represented by the above named $5,000,000 of stock, $5,000,000 in bonds, and an indebtedness of $147,845 to the Lehigh Valley Railroad Company. The trade over the northern connections of the Lehigh Valley has also increased largely, particularly the general freight business of the Pennsylvania and New York Canal and Railroad Company.

Finances of Wisconsin.

The total receipts from all sources into the State Treasury last year were $1,789,625 12 and the disbursements $1,827,227 34, showing an excess over receipts of $37,602 27. The total educational fund at interest is $4,046,074 68, and $2,252,057 of this amount is in State certificates of indebtedness. The total assessed valuation of property in the State for taxation is $351,780,354. The amount of property exempt from taxation is $18,524,197, over $12,000,000 of which is property owned by railroad, telegraph, and insurance companies, upon which a license is paid in lieu of taxes. The estimated amount that will be required to raise by direct taxation for the next year is $225,795.

☞ Mr. W. H. Bines, resident engineer of the Philadelphia and Reading Railroad Company, at Pottstown, with a corps of eleven civil engineers, are engaged in surveying a route or determining upon the route of the proposed extension of the Reading Railroad, which is to pass through the Jordan Meadows. Their object is to secure the most available place to cross the Lehigh river in order to connect with the Lehigh and Susquehanna division of the Central Railroad of New Jersey.

☞ The gross earnings of the Erie Railway for the month of October, 1877, were $1,535,342 88, the expenses $930,789 73, and the net earnings $604,553 15. For the month of October, 1876, the earnings were $1,647,884 97, the expenses $872,306 92 and the net earnings $775,578 05—showing a decrease in gross earnings of $112,542 09, an increase in expenses of $58,482 81, and a decrease in net earnings of $171,024 90.

☞ The debt of New Jersey is $2,196,300, and the State has assets in the sinking fund amounting to $1,380,000, leaving the net debt only $816,300. The debt is reduced $100,000. The State has an income from railroads and other sources of $665,000, and for four years past has levied a tax of 1½ mills on the $100 of all real and personal property, yielding about $900,000.

☞ The extension of the Lake Erie and Louisville railway from Tremont, via St. Mary's Bremen and Minster, has been completed to Minster

Philadelphia Stock Exchange.

American Railroad Journal.

Saturday, January 19, 1878.

Financial and Commercial Affairs.

Through various influences, partly arising from the continuous reports of financial and commercial troubles, embarrassments, suspensions and the like causes of disturbance, Money has been offered with less freedom, and much more discrimination has been shown, as to collaterals, endorsements, etc. The leading Street firms, however, have found little difficulty in providing for their wants at the current quotations, which have been indicative of a somewhat stronger market. The business in the discount line has been comparatively moderate, other than the best names finding little, if any, favor with lenders. Call loans were quoted here at the close at from 6@7, though through the week negotiations were completed as low as 4@5 per cent; and very choice to prime mercantile credits were rated at 5@7½ per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $679,900, with a further enlargement of the item of circulation of $74,500. The average of deposits was augmented $1,684,500. The legal tender reserve was increased $192,000; and the specie average $1,885,700. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $10,980,700, as against $9,824,125 the preceding week. The City bank exchanges in currency reached $403,812,618, or a daily average of $67,302,103.

On Wednesday of this week the cash balances of the Treasury Department at Washington were of Currency, $8,505,821; special deposit of leg

tenders for the redemption of certificates of deposit, $35,365,000; Coin, $131,076,195, including of Coin certificates, $36,764,700.

The outstanding amount of legal tender notes is $349,943,776. The National bank circulation is now $320,410,330 of currency notes and $1,432,-120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,-047,000.

More activity has been reported in Government securities which have been more sought after, chiefly on investment account, and have been ruling firmer, as to values, despite the decline in Gold. At the close on Wednesday the current quotations were as follows:

United States currency sixes, 120@120¼; do. 6s, 1881, registered, 106⅞@107; do. coupon, 106⅞@107; do. 1865, new, registered, 103⅛@103¼; do. coupon, 103⅛@103¼; do. 1867, registered, 105⅞@106; do. coupon, 105¾@106; do. 1868, registered, 108@108⅛; do. coupon, 108⅛@109; do. ten-forties, registered, 107⅝@107¾; do. coupon, 107¾@108; do. five per cents, 1881, registered, 104⅞@105⅛; do. coupon, 106@106¼; do. 4½ per cents, 1891, registered, 104@104⅛; do. coupon, 104@104⅛; do. 4 per cents, 1907, reg., 101⅛@101⅜; do. small, 102@102¼; 500 and 1,000, coupon, 101⅞@102⅛.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $346,108,550, and $13,-738,000 as security for public deposits.

A very good demand has been noted for the better class of State Bonds, prices of which, though quoted variable, closed more firmly. Railway Mortgage loans have been in fairly active request for investment account, and the favorites of the actual interest bearing loans have been quoted, as a rule, stronger in price. And in the line of Railway and Miscellaneous share property the dealings have been quite extensive, but on a fluctuating market, as influenced by the reports of business troubles; the Washington telegrams as to pending legislation relative to the urgent financial questions of resumption, refunding, and the like; the decline in Gold, and depression in Foreign Exchange; the reports as to the Coal combination, with a view to the control of production, etc., the war and peace reports and rumors from Europe. The spirit of the speculation was not, as a whole, very confident, and toward the close, the operators for a decline in values seemed to have the advantage and were using it to the utmost.

The income of the Government from internal revenues last week was about 2½ millions, and from Customs last week again about 2¼ millions.

Gold was in less favor with speculative operators, and was pressed for sale, on the assumption of a substantial improvement in the general situation, notwithstanding the troubles in financial and commercial circles. Confidence in the maintenance of the public faith, in all connections was apparently much stronger. The export and customs call for Gold was moderate. The extremes of the price during the week have been 101⅞@102¼, closing on Wednesday at 102, as against 102 on Wednesday of the preceding week. The specie outflow last week was $390,000—making the total exports of specie hence since January 1, $847,620 against $450,404, the same time in the preceding year. The imports of specie at this port last week reached $304,330, and since January 1st have been $316,446 as against $696,-552 same time in the preceding year. The Customs demand for gold last week reached $1,772,-000 or an average of $295,334 per day.

A comparatively limited inquiry was reported for Foreign Exchange, which has been quoted weak and somewhat irregular as to price, though not offered very freely. Bankers' sixty day bills on London closed on Wednesday at $4 80⅛@$4 81⅛; sight bills on London at $4 83⅛@$4 84⅛ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,242,767 as against $6,985,822 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $1,852,410 of Dry Goods, and $4,390,357 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the value of $5,098,167, against $6,497,867 same week in 1877.

Some increase of demand has been reported in the line of Hardware, Boots and Shoes and Dry Goods, though yet not of remarkable volume. Prices have been generally without important alteration. Domestic Cotton Goods have been held more firmly.

Less activity has been noted in the leading kinds of domestic produce, and Breadstuffs, Naval Stores and Cotton have been quoted toward the close weaker; Provisions left off more firmly. The foreign advices have been adverse to export dealings and lead to a sharp decline in Wheat values at the close. Foreign merchandise has been in rather better demand, in a few instances, at about former figures.

Most kinds of Metals have been in slack request but have been quoted as without further changes of movement as to values. Eglinton Pig Iron quoted at $24@$24 50; Glengarnock $25@$25 50; Coltness $26 50@$27; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$19. Forge $16@$17; American Rails at works $33@$37. Old Rails $18@$18 50. Wrought Scrap $22@$32. Steel Rails, on the basis of $41 50@$45. (22,000 tons reported sold for February delivery at the Mills at $41 75.) Ingot Copper in limited demand on the basis of 17⅛@17⅜ for early delivery.

Ocean freights have been fairly active chiefly in the way of contracts for Breadstuffs, Provisions, Cotton, Petroleum, and Tobacco, but rates have been quoted toward the close generally easier, under more liberal offerings of accommodation. Liverpool steamer rates at the close for Grain, quoted at 9d. Flour, at 3s. 9d.@4s. Provisions, 40s.@45s.; Leather, 60s. Measurement Goods at 22s. 6d.@25s. per ton; Cotton, ⅛d.@9-32d. per lb. Liverpool, by sail, Cotton, 15-64@⅛d. Grain, at 8d.; Flour, 3s.; Measurement Goods 17s. 6d.; Tobacco 32s. 6d.; Oil Cake at 25s. Grain rates on charter hence for Cork and orders left off at 6s. do. Barley, 5s.; for the Continent Grain at 6s. 6d. @6s. 9d.; and from Baltimore for Cork and orders 6s.@6s. 3d. and from Philadelphia at 6s.@6s. 3d. per quarter. Refined Petroleum hence for Cork and orders, 4s. 3d.@4s. 6d.; for the Continent, 3s. 9d.@4s. 1¼d. Cotton by sail from New Orleans to Liverpool 7 16d.; from Galveston, at ⅛d; Ky. Tobacco from New York to Geneva at 37s. 6d. Naval Stores from Wilmington or Charleston for Cork and orders at 4s.@6s. Lumber from Brunswick to the River Platte, $19. Deals from Savannah to the United Kingdom at £5s. 15s.; Hewn Timber from Doboy to do., at 37s. Through Provision freights from the West for Liverpool, by steam, 75@83; for the Continent at 87½@$1 per 100 lbs.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY CO., TREASURER'S OFFICE, GRAND CENTRAL DEPOT, NEW YORK, Dec. 21, 1877.

THE DIRECTORS OF THIS COMPANY HAVE this day declared a dividend of TWO PER CENT. upon its capital stock, payable on the 1st day of February next at the office of the company, in Grand Central Depot.

The transfer books will be closed at 3 o'clock P. M. on Monday, the 31st inst., and will be reopened on the morning of Saturday, the 2d day of February next.

E. D. WORCESTER, Treasurer.

CHICAGO, MILWAUKEE AND ST. PAUL RAILWAY COMPANY, NEW YORK, Dec. 27, 1877.

NOTICE IS HEREBY GIVEN THAT A DIVIdend of Three Dollars and Fifty Cents per share has been declared on the preferred stock of the Chicago, Milwaukee and St. Paul Railway Company, payable at the office of the company, No. 66 William st., on the 25th day of January next, on account of the net earnings of the current year; and that the transfer books will be closed on the 10th and reopened on the 26th of January next.

JULIUS WADSWORTH, Vice-President.

The United Companies' Lease.

The Philadelphia Ledger of 12th inst. says that the parties who were a few months ago rendered uneasy by a proposition to revive the dormant, if not dead, suit in the New Jersey courts, brought by the Brothers Longstreet against the Camden and Amboy Railroad Company, to break the lease of that company to the Pennsylvania Railroad Company, are probably now relieved from further apprehension on that question, and then adds:

The Longstreets, it will be remembered, studiously refrained for several years from receiving the dividends on their stock, and from every other act that to them seemed to look to a recognition of the validity of the lease. Some six months ago they were, by tempting offers, induced to sell their stock and its equities to Mr. Andrew Carnegie, but no transfer of the same was made upon the books of the company until within the present week, when, we are informed, it was made, and the payment of all dividends due upon the shares, amounting to some $15,000, was demanded. This, it is supposed, is the last of any effort to invalidate the lease of the United Companies of New Jersey to the Pennsylvania Railroad Company, the only remaining act to a finality being the dismissal of the case from the court docket at Trenton.

The Railway Postal Service.

Negotiations with the New York Central and Hudson River Railroad Company on the 1st instant resulted in their placing at the disposal of the Post Office Department for the postal car service four trains out of New York daily and three inward, on which cars were placed running through to Chicago. In New England, owing to its being so thickly settled and the mails so heavy, extraordinary car space is required for the proper performance of railway post office service. Negotiations with a view of improving the service in this respect have been pending some time, and finally resulted in obtaining from the roads forming in New York and Boston through lines via Springfield and Providence. New postal cars of the largest dimensions are to be run five times daily between Boston and New York on regular trains, and upon a special train leaving New York at 5 o'clock in the morning for the performance of local service between those points and the distribution of mails arriving in New York at late hours the evening before.

Atchison, Topeka and Santa Fe R. R.

The earnings of the Atchison, Topeka and Santa Fe Railroad for the month of December, 1877 were $231,500, against $155,509 for the month of December 1876, an increase of $75,991. For the year 1877 they were $2,663,827 48, against $2,486,582 66 for the year 1876, an increase of $177,245 12. The land sales for the month of December, 1877, were $67,809 77; for the month of December 1876, they were $28,876 62—an increase of $38,934 15.

	Sales.	Cash.
For the year 1876....	$690,110 22	$340,311 92
For the year 1877....	422,981 74	358,215 24
Decrease....	$267,128 48	Inc $17,903 32

☞ The earnings of the Central Pacific Railroad company for the month of December, 1877, were $1,847,000, against $1,424,317 for the month of December, 1876, and $1,338,208 for the month of December, 1875. For the twelve months ending December 31, 1877, the earnings were $16,673,107, against $18,224,112 for the twelve months ending December 31, 1876, and $17,035,068 for the twelve months ending December 31, 1875.

☞ The Lackawanna Iron and Coal Company are putting in two more of Richle' Bros.' Extra Heavy Furnace Charging Scales, with Patent Notched Beams. This is the new pattern but the same principle of construction as the Richle' Scale (with independent beams) so well known among the iron men in this country.

☞ The earnings of the Grand Trunk Railway of Canada for the week ending January 5, 1878, were $150,191, against $101,693 for the corresponding week of the previous year, an increase of $48,498.

☞ The passenger traffic of the New York Elevated Railroad for the year 1877 was 3,292,160½, against 2,268,960 for the year 1876, an increase of 1,023,200½, or 45 per cent.

Imports of Dry Goods at New York.

The imports of foreign dry goods at New York for the month of December, were:

ENTERED FOR CONSUMPTION.

	1876.	1877.
Manufactures of wool	$499,962	$403,826
" cotton	838,824	749,017
" silk	926,184	647,944
" flax	421,248	378,295
Miscellaneous dry goods.	320,413	348,063
Total	$2,996,631	$2,527,145

WITHDRAWN FROM WAREHOUSE.

	1876.	1877.

" cotton	273,283	191,982
" silk	258,761	166,720
" flax	165,771	151,958
Miscellaneous dry goods.	91,065	73,362
Total	$1,049,433	$801,888
Add entered for consump.	2,996,631	2,527,145
Thrown upon market	$4,046,064	$3,329,033

ENTERED FOR WAREHOUSING.

	1876.	1877.
Manufactures of wool	$393 434	$360,507
" cotton	248,806	353,376
" silk	228,732	301,044
" flax	155,584	325,751
Miscellaneous dry goods.	151,242	99,799
Total	$1 177,798	$1,440,477
Add entered for consump.	2,996,631	2,527,145
Total entered at the port.	$4,174,429	$3,967,622

The imports of foreign dry goods at New York for each month of the years 1876 and 1877, were as follows:

	1876.	1877.
January	$8,000,537	$7,822,864
February	13,228,859	11,756,301
March	9,506,934	7,881,329
April	6,115,507	5,226,910
May	3,561,175	3,883,491
June	3 829,485	4,338,075
July	5,092,436	6,814,774
August	9 532,237	10,485,245
September	6,473,999	6,680,595
October	5,327,377	4,3b2,390
November	5,871,188	4,597,182
December.	4,174,429	3,967,622
Total	$80,716,163	$77,756,778

The following will show the relative proportion of the different classes of fabric:

	1876.	1877.
Manufactures of wool	$21,978 068	$19,422,130
" cotton	16,659,631	16,342,974
" silk	23,087,239	22,245,148
" flax	11,677,283	12,544,396
Miscellaneous dry goods.	7,313,942	7,202,136
Total	$80,716,163	$77,756,778

The value of foreign dry goods entered directly for consumption at the port of New York, is as follows:

	1876.	1877.
January	$5,498,182	$5 707,400
February	9,321,184	9,054,085
March	6,722,425	5.843,139
April	4.059,972	3,940,011
May	2,592,827	2,799,714
June	2 818,221	3,175,467
July	3,494,779	4,780,303
August	6,533,278	7,865,944
September	4,664,259	4,845,581
October	4,086,897	3,102,091
November	3,990,092	3,231,026
December.	2,996,631	2,527,145
Total	$56,773,692	$56,871,836

The value of foreign dry goods withdrawn from warehouse at the port of New York, is as follows:

	1876.	1877.
January	$2,179,466	$1,997,937
February	3,630,459	3,141,062
March	2,822,802	2,125,510
April	2,344,458	1,725,337
May	1,674,040	1,077,462
June	1,430,345	888,782
July	965,636	1,053,553
August	3,137,255	2,986,906
September	2,706,059	2,487,267
October	1,522,367	1,588,138
November	1,144,(39	1,159,292
December.	1,049,433	801,888
Total	$24,606,328	$21,013,134

The value of foreign dry goods entered for warehousing at the port of New York, is as follows:

	1876.	1877.
January	$2,502,355	$2,115,464
February	3,907.725	2,702,266
March	2,786,509	2,038,190
April	2 055,535	1,286,899
May	968 848	1,083,777
June	1,016.264	1,162,608
July	1,597,657	2,034,471
August	2,998,964	2,619 801
September	1,809,740	1,835,084
October	1,240.480	1,250,299
November	1,881,096	1,366,156
December.	1,177,798	1,440,477
Total	$23,942,471	$20,884,942

The total imports of foreign dry goods at New York from 1849, compare as follows:

Year.	Value.	Year.	Value.
1849	$44,435,571	1864	$71,589,752
1850	60,106,375	1865	91,965,138

1863	67,274,547		

Philadelphia and Reading Railroad.

At the annual meeting of the stockholders of the Philadelphia and Reading Railroad Company, held in Philadelphia on the 14th inst., the following gentlemen were elected officers for the ensuing year: President, Franklin B. Gowan; Managers, H. Pratt McKean, A. E. Borie, J. B. Lippincott, John Ashhurst, Henry Lewis and I. V. Williamson; Treasurer, Samuel Bradford; Secretary, David J. Brown.

The report of the President, which was presented, gives the following statement for each branch of traffic as compared with that of the preceding year:

	1876.	1877.
Travel	$2,433,685	$1,610 050
Merchandise	2,949,501	2,913,588
Coal	6,708,682	7,505,207
Mail	54,484	41,587
Miscellaneous	81,159	72,478
Gross receipts	$12,227 511	$12,142,910
Gross expenses	8,510,350	7,751,693
Net profits	$3 717,161	$4,391,217

The gross expenses, including renewal fund, rents of lateral roads, taxes, etc., in 1877, were 63.8 per cent of the gross receipts.

As condensed from the transportation and income account the result of the year's business is stated as follows:

Receipts over cost of working the road		$4,391.217 47
Profit on steam collieries		240,731 50
State tax on dividends refunded, profit on line of Richmond coal barges, etc, less depreciation in value of materials and drawback for traffic of 1876		95,167 03
Total		$4,727,116 00
From which deduct:		
Loss upon the business of the Schuylkill Canal	$248,656 72	
Less profit upon the business of Schuylkill Canal Trans. line	74,901 78	
	$173,754 99	
Loss on the business of the Susquehanna Canal	180,339 21	
		354,094 20
Leaving		$4,373.021 80
From which deduct:		
Interest on bonded debt	$4,185 221 50	
Interest on bonds and mortgage	112,664 36	
Debit balance of interest account	238,586 54	
		4 536,472 40
Debit balance for year charged to profit and loss		$163,450 60

This, with the net loss of 1876, $1,355,708, is offset by purchases of bonds for the sinking fund, amounting since 1871 to $1,309,765.

The Philadelphia and Reading Coal and Iron Company during the year received from land and other rentals $430,803, from coal sold $9,507,488, from iron sold $66,907, and from other sources $1,833, making its gross receipts $10,007,031. This was more than offset by the operating expenses, which amounted to $10,584,847, the chief items of which were $5,003 222 tolls paid to the railroad for coal transportation, etc., and $3,942,562 mining expenses. The Coal and Iron Company mined 3,794,528 tons of coal, at a cost of not quite $1 04 per ton. The loss in operating was $577,815, to which is added $177,663 for depreciation in material and similar items, and $1,020,878 interest payments, making the total loss $1,775,856, and the aggregate loss of the Railroad and Coal and Iron Company together $1,939,307. This loss on the year's operations, considering the depression of the coal and iron trades, and, in fact, of all business during 1877, is by no means so great as might have been expected. It is not quite $2,000,000; and it is presumed will be more than made up by the combination which has been formed for the protection of the coal trade, and which, it is expected, will advance the price of coal at least 50 cents per ton.

There were 6,674 889 (equal to 799,088 through) passengers carried, 2,837,648 tons of merchandise and 5,905,194 tons of coal paying tolls. This is a decrease of 832,000 through passengers, but an increase of 846,000 tons of merchandise and 1,282,000 tons of coal.

Chesapeake and Ohio Canal.

The directors of the Chesapeake and Ohio Canal Company have decided to authorize the issue of $500,000 of repair bonds and a bill in this particular has been prepared to carry out the provisions of the act of 1844, chap. 281. The purpose of that act was to complete and improve the Chesapeake and Ohio Canal. At that time 50 miles remained to be finished. It is claimed that the company has the power under the act of 1844 to issue

repair bonds, but in order to bring them up to the highest standard of market value the Legislature has been asked for the present act. Repair bonds have preference over all others, the State having heretofore waived its liens.

Finances of Ohio.

The receipts into the State Treasury during the year ending November 15, 1877, (including $585,829 04 balance from previous year) were $5,713,423 42, and the disbursements $4,726,414 06, leaving balance in the Treasury November 15, 1877, $987,009 36. The funded debt of the State at the commencement of the year was $6,484,505 30, and the redemptions during the year (loan of 1875) $5,000, leaving outstanding, November 15, 1877, $6,479,505 30, divided as follows:

FOREIGN DEBT, PAYABLE AT NEW YORK.

Loan payable July 1, 1868, not bearing interest	$2,500 00
Loan payable after December 31, 1875, not bearing interest	2,700 00
Loan payable after June 30, 1881, six per cent. interest	4,072,640 30
Loan payable after December 31, 1881, six per cent. interest	2,400,000 00
Total foreign debt	$6,477,840 30

DOMESTIC DEBT, PAYABLE AT COLUMBUS.

Canal loan, not bearing interest	1,665 00
Total funded debt	$6,479,505 30

The local indebtedness of the State, on the 1st day of Sept., 1877, was as follows:

Net debt of counties	$2,909,462 27
Net debt of townships, including debts created by boards of education other than for separate school districts	208,882 58
Net debt of cities (first and second class)	33,762,136 07
Net debt of incorporated villages	979,351 15
Net debt of school districts (special)	1,469,237 08
Total	$39,328,569 10

The amount of reimbursable debt, therefore, is—

State	$6,479,505 30
Local	39,328,569 10
Total	$45,808,074 40
Irreducible debt	4,231,404 53
Aggregate debts in the State	$50,039,478 93

*Since the 15th of November, 1877, the balance of the loan of 1875, $2,700 has been redeemed, so that the Funded debt now is $6,476,805 30.

Boston, Hoosac Tunnel and Western R. R.

The Troy Whig says Mr. William H. Vanderbilt has been chosen one of the directors of the Troy and Boston Railroad. The fact is significant, as it is the first step taken to prevent the Boston, Hoosac Tunnel and Western Railroad from affording to the Erie Railway a connection with the tunnel, as Mr. Vanderbilt will no doubt prevent if possible the utilization of the tunnel by any railroad antagonist to the New York Central. The paragraph is as follows:

"William H. Vanderbilt was yesterday elected one of the Directors of the Troy and Boston Railroad. Occurring at this time, the event attracts much attention, and is considered a matter of great significance. As the Boston, Hoosac Tunnel and Western Railroad is intended chiefly as an eastern outlet to the Erie Railroad, thus bringing the latter road in direct competition with the New York Central, it is probable that every obstacle will be introduced to prevent its construction. The Troy and Boston Railroad will now have the support of Mr. Vanderbilt in the contest with the Boston, Hoosac Tunnel and Western Company for the possession of the bed of the old Albany Northern Railroad, and as the interests of the Troy and Boston and New York Central in this matter are identical, the war will be waged to the bitter end, and the building of the new road will doubtless be indefinitely postponed."

Finances of Massachusetts.

The total debt of the State, for which its bonds or certificates of indebtedness are outstanding, is shown in the following exhibit:

Amount Jan. 1, 1877		$33,550,464
Additions during the year:		
Troy and Greenfield Railroad loan	$370,000	
Danvers Hospital loan	150,000	
		520,000
Total		$34,070,464
Matured and paid:		
Norwich and Worcester Railroad loan	$400,000	
Union Fund loan of 1862	400,000	
Northampton Lunatic Hospital loan	50,000	
		850,000
Amount outstanding Jan. 1, 1878		$33,220,464
Present classification:		
Railroad loans	$17,738,996	
War loans	10,668,188	
Ordinary loans	4,813,280	
		$33,220,464

Showing a reduction in 1877 of.... $330,000

Of the loans retired during the past year, the Norwich and Worcester Railroad Loan covered the original amount issued in aid of that corporation in 1837, and renewed in 1857; and that paid on account of the Northampton Lunatic Hospital was the last installment of the loan negotiated in 1857 for the establishment of that institution.

The balance of the Union Fund Loan of 1862, amounting to $200,000, will mature the present year, and be paid from its own sinking fund. No other installment of the existing debt will mature till 1880, when about an equal amount will fall due.

Kentucky Oil Regions.

A correspondent, who has been travelling through the Kentucky region, writes that the Great Southern Oil Works, at Louisville, have been turning out daily about four hundred barrels of refined oil, and in connection with other refineries at Glasgow and Barkville, Kentucky, and Brownsville, Tennessee, supplies most of the Southern markets. A barrel works at Louisville last year consumed eight million staves, and the business has increased to such an extent that it is anticipated from twelve to fifteen million staves will be required during the present year. Refined oil from the Standard Company is not known in that section, and the correspondent says the Kentucky fields are now yielding quite sufficient for the Southern trade. Those regions he adds, are now attracting much attention, and regarded as second only in importance to those of Pennsylvania. He represents that near McMinnville, in Warren county, oil is incessantly thrown out in small quantities, and the roar of escaping gas can be heard for a great distance. The belt is said to be traced through the western corners of Kentucky and Tennessee, into the Ozark mountains of Arkansas (where petroleum was found many years ago,) thence passing through a corner of Indian Territory and Texas, and on, presumably, through New Mexico and Arizona to Santa Barbara, California.

Metropolitan Railroad.

The receipts from operations of this road for the year ending November 30, 1877, were $1,204,958 79, the expenses $1,030,910 27, and the net earnings $174,048 52; from which dividends have been paid amounting to $120,000, leaving a balance of $54,048 52; to which add $183,832 61, balance from previous year, leaving a surplus November 30, 1877, of $237,881 13.

The cars of the company during the year ending November 30, 1877, have made 610,612 round trips; a total distance of 3,903,666 miles; and have carried in all, 22,718,966 passengers; being an average of 10,695 miles run, and 62,248 passengers carried for each day in the year; showing an increase over the previous year of 753,425 passengers carried, and an increase in receipts of $23,848 70.

The unfunded and floating debt at the opening of the year was $314,000. It was considered a prudential measure by the directors to fund this debt with bonds. Accordingly permission was obtained from the stockholders, at a meeting called for that purpose on the 24th of April last, to issue bonds to the amount of not exceeding $500,000, the same to run 20 years, and to pay an annual interest of 6 per cent. The extreme ease of the money market throughout the year has obviated the necessity for haste in the issue of these bonds; $218,000 worth of them have been sold, all at a premium, and the floating debt has been reduced to $185,000.

The assets and liabilities of the company November 30, 1877, were as follows:

ASSETS.

Road	$1,217,601 54
Real estate and buildings	1,090,985 21
356 cars	285,781 50
1994 horses	258,364 94
General equipment	100,844 67
Iron for new track and repairs	601 75
Hay, straw and grain	11,062 10
Sundry accounts	51,050 20
Cash	17,797 45
Tremont street land account	71,078 14
	$3,100,117 40

LIABILITIES.

Capital stock	$1,500,000 00	
Notes payable	185,000 00	
Bonds 7's due 1884	500,000 00	
Bonds 6's due 1897	218,000 00	
Guild estate notes, due in 1879 and 1881, 6 per cent	227,442 12	
Sundry accounts	31,952 51	
Outstanding tickets	20,116 66	
Coupons, due October and December, 1877	7,545 00	
		2,690,056 29
Excess of assets over liabilities		$410,061 11

☞ The directors of the Columbus and Northwestern Railway Company, elected on the 8th inst., are: Lemuel Weaver, J. H. Young, F. E. Hoover, R. G. Dun, William Jamison, E. Jennings, H. Cargill, I. Burnside, I. N. Beach, I. H. Hutchinson. The officers are: President, Samuel Weaver, of Urbana, Ohio; Vice Presidents, William Jamison, General Morgan and J. E. Williams;

Secretary and Treasurer, A. W. Thurman of Columbus.

South Boston Railroad.

The receipts from operations of this road for he year ending September 30, 1877, were $284,892 44, the expenses $251,711 04, and the net arnings $33,181 40; from which three quarterly dividends of $1 per share, or 6 per cent, have been paid, amounting to $27,600, leaving a net surplus of $5,581 40; to which add $6,574 76, surplus from previous year, making a total surplus September 30, 1877, of $12,156 16. The assets and liabilities of the company at that date were as follows:

ASSETS.

Road		$224,922 61
Equipment, consisting of 75 cars, 429 horses, snow plows, snow sleds, hames, etc		180,073 55
Real estate and buildings		186,939 78
Accounts due the company		3,493 71
Cash on hand Sept. 30		3,035 02
Total assets		$598,464 67

LIABILITIES.

Capital stock	$460,000 00	
Mortgage notes	83,500 00	
Notes payable	28,500 00	
Accounts due by company	14,308 51	
		580,808 51
Excess of assets over liabilities		$12,156 16

North Pennsylvania Railroad.

The annual meeting of the North Pennsylvania Railroad Company was held in Philadelphia on the 14th inst. The annual report of the President shows the following:

The total earnings for the year ending Oct. 31, 1877, were $1,482,705 20, viz:

From passengers	$626.265 78
" coal	194,211 88
" pig iron	15,857 45
" lumber	19,306 88
" local freight	244,298 91
" through freight	342,779 26
" mails	5,846 40
" miscellaneous	34,638 64
Total	$1,482,705 20
Compared with the year 1876, the receipts from passengers show a decrease of	$170,675 87
From coal, local freight, and miscellaneous	122,170 75
Total	$292,846 62
Through freight and other items show an increase of	99,685 91
Decrease as compared with 1876	$193,160 71

The expenses were $920,658 56, an increase of $31,311 78 over 1876. The net earnings were $562,046 64. Two dividends of 3 per cent. were paid during the year, leaving a balance to dividend account of $271,398 07. This road extends from Philadelphia to Bethlehem, and is the connecting link between Philadelphia and the Lehigh coal region. It also furnishes the right of way to the New York and Philadelphia new line (Bound Brook route) and is a very important short route, a large percentage of the stock being held in the rich agricultural regions of East Pennsylvania.

The following officers were elected: President, Franklin A. Comly; directors—John Jordan, Jr., J. Gillingham Fell, William C. Ludwig, Ellwood Shannon, Edward C. Knight, Alfred Hunt, Thomas Smith, Ario Pardee, James H. Stevenson, Jacob Riegel, Richard J. Dobbins, Charles A. Sparks.

Monongahela Navigation Co.

From the report of this company which was presented at the annual meeting of the stockholders held in Pittsburg on the 10th inst., we learn that the tolls received during the year 1877 aggregated $227,990 03, of which $141,254 60 was from coal and slack, $8,037 47 from coke, $72,403 59 from freight on steam and tow boats, empty craft, etc., and $6,295 37 from passengers. This shows an increase over last year of $15,475 45, although reductions in toll have been made on iron ore, coke, crude petroleum in bulk, rolled and hammered iron, etc. Since last July a uniform reduction of ten per cent. on coal carried in boats and barges was made at all the locks.

Of the total receipts, as stated above, $63,609 38 were from Lock No. 1, $80,836 58 from Lock No. 2, $30,908 07 from No. 3, $45,299 25 from No. 4, $1,299 08 from No. 5, and $6,537 67 from No. 6. The total number of clearances issued during the year were 8,483, of which 5,504 were westward and 2,979 eastward. The increase on tolls on coal and coke over last year was $10,475 90. The total number of through passengers carried were 9,095, and way passengers 82,335. Besides these 4,024 were carried to Davidson's, and 2,736 to Geneva.

The total shipments of coal during the year were as follows:

	Bushels.
No. 1	12,452,700
No. 2	34,763,100
No. 3	11,056,800
No. 4	14,430,200
Total	72,702,800

The shipments of coke aggregated 6,778,118, showing an increase on coal and coke of 10,999,918 bushels.

The old board of managers and officers were re-elected for the ensuing year.

☞ Contracts for the construction of the Columbus and Gallipolis railway were closed on the 21st ult. The contractors have agreed to run a train of cars from Gallipolis to the Cincinnati and Marietta road by the first day of March next. The road is to be completed to Columbus by the first of October next.

☞ The Gallipolis Journal says the completion of the Columbus and Gallipolis railroad, will offer to the Chesapeake and Ohio railroad, a connection with Chicago and the great Northwest, fifty miles nearer than any other route that is or can be suggested.

Solicitor U. S. & Foreign Trade Marks & Patents.

Make a note of the time when you first think of an invention, date and keep all writings, sketches, drawings and models of it. It will be well to have persons sign the former as witnesses, and this may be done without exhibiting the contents. To establish title to your invention, even after obtaining a patent, you may have to prove that you made it before any one else, and never gave it up.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

The Coal Trade.

For the week ending the 5th instant, the total production, as reported by the several carrying companies, amounted to 255,537 tons, against 124,857 tons in corresponding week last year an increase of 130,680 tons. The total amount of anthracite mined for the coal year is 255,587 tons, against 124,857 tons for same period last year, an increase of 130,680 tons. The quantity of bituminous coal sent to market for the week amounted to 31,018 tons, against 22,633 tons in corresponding week last year, an increase of 8,385 tons. The total amount of bituminous mined for the year is 31,018, tons against 22,633 tons for corresponding period last year, an increase of 8,385 tons. The total tonnage of all kinds of coal for the week is 286,555 tons, against 147,490 tons in corresponding week last year, an increase of 139,065 tons. The total tonnage of all kinds of coal for the coal year is 286,555 tons, against 147,490 to same date last year, an increase of 139,065 tons. The receipts at Perth Amboy for the week ending on the 5th instant were 21,701 tons, the shipments 12,654 tons, leaving a stock on hand of 103,704 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the third week of December was 100,652 tons, of which 82,002 tons were coal, and 18 650 tons coke. The total carried for the year is 4,749,122 tons, of which 3,374,787 tons were coal and 622,449 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad brought 7,000 tons to Port Richmond whilst 17,000 tons were shipped thence last week. The entire tonnage of the Reading Railroad the week ending Saturday January 12, was 80,000 tons.—*Phila. Ledger, Jan.* 14.

Steam Office Watchman!!

THIS GAUGE IS USED IN HOTELS, STEAMERS, Manufactories, Breweries, etc.

The Inventors of this combined "Pressure Gauge" and "High-Pressure Alarm" have, after many years of persistent effort and at great expense, succeeded in perfecting a reliable and accurate instrument for measuring either air, steam or water, when subjected to pressure, and for denoting the same by an automatically written tracing upon Edson's Patent Logs or "Charts." No manufacturer or steam user can afford be without them. Circulars sent on application to

American Railroad Journal.

New York, Saturday, January 26, 1878.

Philadelphia and Reading Railroad.

We gave last week an abstract of the report of this company, showing the gross receipts for the year ending November 30, 1877, to have been $12,143,910, the gross expenses $7,751,693, and the net profits $4,391,217; for the year ending November 30, 1876, the gross receipts were $12,227,511, the gross expenses $5,510,350, and the net profits $6,717,161—the difference being a decrease in gross receipts of $84,601, a decrease in gross expenses of $758,657, and an increase in net profits of $674,056. The result of the year's business of the railroad company, as shown in the transportation and income account, after payment of all rentals of leased lines and charging off the losses upon the canals, has been, exclusive of sinking fund charges, $168,450 20 less than the amount of the fixed charges for interest account; but as the full amount of interest and rentals is charged as if paid in cash, and as by the operations of the funding scheme hereafter to be referred to, $868,125 60 of the said amounts were payable in scrip, it follows that the net result of the year's business of the railroad company shows a profit of $699,674 90, more than sufficient to meet all fixed charges, which by the terms of the funding scheme were payable in cash. The report continues:

Upon the opening of business in the spring of the past year, when it became apparent that another season of active competition and disastrous prices was to result from the inability of the representatives of the several coal interests of Pennsylvania to agree upon some plan for the management of the anthracite coal trade, it was thought advisable by the Board of Managers to make a proposition to the holders of the later securities of the company to fund all or a portion of their interest and rentals for a term of years, so that in any event the company might weather the storm and carry all of its vast property intact safely through whatever period of depression it might yet be compelled to encounter.

A proposition was accordingly made to the holders of the General Mortgage bonds and of the guarantees of the Perkiomen Railroad Company's sterling bonds to accept for their coupons for the next three years, one-half in cash as they matured, and the other half in five years interest-bearing scrip, and to the holders of the convertible bonds, the debenture bonds of both the Railroad and Coal and Iron Company, and to certain of the bondholders of the Schuylkill Navigation Company and the Susquehanna Canal Company, as well as the stockholders of the former, to take interest-bearing scrip at five years for their interest and dividends accruing within that period, it being understood that all who had claims for interest might at their option accept at once the scrip for the entire amount, and that all the scrip issued should at the option of the holder be convertible into income mortgage bonds; it being further proposed that the drawings for the sinking funds of the Improvement Mortgage, the General Mortgage and the Perkiomen Sterling Mortgage should be suspended until 1881. On the 6th day of June last, a general meeting of the Sterling bondholders affected by the proposition was held at the Cannon Street Hotel, London, at which the scheme was unanimously approved and accepted, and for the report of that meeting, as well as the copy of a deed of trust executed in pursuance thereof, the stockholders are referred to the appendix of this report.

Exclusive of sinking funds, the following table will show the amount of relief afforded by the scheme and the periods within which it will be obtained, and it will be seen that whereas for the past year such relief has amounted to but $223,707 50, including that appertaining to the Coal and Iron Company and the Perkiomen Railroad Company, in each of the two following years it will amount to $1,881,165.

DESCRIPTION OF LOANS.	Total scrip to be issued.
Philadelphia & Reading R. R. Co.:	
General Mortgage Loan, 1874-1908, $19,686,000, at 6 per cent, ¼ equal 9 per cent for 3 years	$1,771,740
Debenture Loan, 1868-1898, $1,182,900, at 6 per cent, equal 30 per cent for five years	341,490
Convertible Loan, 1873-1893, $10,429,900, at 6 per cent, equal 30 per cent for five years	3,674,965
Convertible Loan, 1870-1900, $25,000, at 7 per cent, equal 35 per cent for five years	9,800
	$5,797,995
Philadelphia and Reading Coal and Iron Co.:	
Debenture loan, 1872-1892, $1,731,000, at 7 per cent for five years	605,850
Perkiomen Railroad Company:	
Consolidated Mortgage loan, 1873 1918, $1,125,000 at 6 per cent ¼ equal 9 per cent for three years	101,250
Schuylkill Navigation Company:	
Loan of 1896, $1,200,000 at 6 per cent for three years..... $360,000	
Dividends, $101,554 for 5 years 508,270	868,270
Susquehanna Canal Co.:	
Loan of 1855, $1,000,000 at 6 per cent for 5 years..... $600,000	
Loan of 1918, $1,321,000 at 6 per cent for 5 years..... 396,300	
Loan of 1902, $250,000 at 7 per cent for 5 years..... 87,500	783,800
	$8,157,165

Total amount of scrip to be issued:

In the year ending Nov. 30, 1877...	$223,707 50
In the year ending Nov. 30, 1878...	1,881,165 00
In the year ending Nov. 30, 1879...	1,881,165 00
In the year ending Nov. 30, 1880...	1,585,875 00
In the year ending Nov. 30, 1881...	1,256,835 00
In the year ending Nov. 30, 1882...	328,417 50
	$8,157,165 00

Of the above amount there had been actually issued in scrip prior to the close of the fiscal year

$6,097,396 40, of which amount $1,898,000 had been converted into Income Mortgage Bonds, leaving outstanding $4,294,396 40 of scrip, which several amounts will correspond with those in the balance sheet; while up to January 10, 1878, the entire amount of scrip issued was $6,379,433 50-100 of which amount $1,842,000 had been converted into Income Mortgage Bonds. Apart from the protest of a few coupons by a bank holding them for collection, no attempt has been made by any bondholder to enforce the payment of his coupons, and the Managers have rigidly and in good faith adhered to the pledge made on their behalf at the London meeting, to treat all bondholders exactly alike.

As compared with the floating debt of $8,272,-359 33, reported at the last annual meeting, the floating debt of both companies, at the close of business on the 12th of January, 1878, was $6,074,-980 52, of which sum $175,825 is represented by bills receivable with good security, discounted for the Company, but included in the floating debt out of abundant caution in anticipation of the debtors requiring additional time on the maturity of the obligations, and a further amount of $519,-893 42 represents loans made upon coal and iron now on hand, and of greater market value than the debt secured by the pledge.

The Managers, have, therefore, fulfilled their promise to reduce the floating debt by at least the amount of relief obtained from the funding scheme, and in view of the larger amount of such relief to be obtained during the coming year, it is confidently expected that before its expiration the floating debt will be further reduced to the extent of very nearly $2,000,000, no matter what may be the prices obtained for coal or the rates received for transportation.

Referring to the income statements and the general balance sheet, it will be seen that the amount charged to profit and loss, viz: $1,519,159 18, representing the loss of $1,355,708 for 1876, and $163,450 60 for 1877, can at any time be overbalanced by the credit on the other side of the ledger of $1,571,800 representing the amount of the funded debt of the Company actually paid and cancelled by the operations of the sinking funds and charged to income account in previous years; and in lieu of reserving this credit as a basis of a distribution of stock, as has been done heretofore, the Managers recommend that it be used to wipe out the amount standing to the debit of profit and loss as the result of the business of the last two years.

It will be observed that there has been no charge or addition to the capital of the Company for the last year, as all new work done by the Railroad Company has been charged to renewal fund, which, computed at the rate of 5 cents per 100 tons of cargo carried one mile, was amply sufficient for the purpose. During the period of high prices the renewal fund was calculated as well upon the weight of the cars as of their cargo, but in view of the great reduction in the cost of rails and other materials, and of the increase in the traffic of the Company, it is recommended that hereafter this fund shall be based entirely upon the actual tonnage moved irrespective of the weight of the cars themselves.

Apart from the issue of the scrip and Income Mortgage bonds, the only changes made in the funded debt of the company during the year have been the extension for five years or until 1882, of the $184,400 bonds which matured July 1st, 1877, the cancellation of $2,100 of debenture bonds received according to the conditions thereof for freight and the cancellation of $1,000 of the consolidated mortgage loan for the sinking fund.

The following table will show the volume of traffic for the last three years, the great increase of passengers in 1876 having been due to the Centennial Exposition held in Philadelphia in that year. The coal traffic for 1877 has been larger than ever before carried, while the aggregate tonnage of all kinds, 11,883,826, has only been once exceeded in the previous history of the company, and excluding from the comparison of that year the excess of company's materials then carried, the paying tonnage of the past year has been the largest ever known:

	1876.	1876.	1877.
Number of passengers carried	6,938,129	10,936,157	6,374,889
Number of tons of coal, 2240 lbs	5,505,455	5,595,207	7,255,318
Number of tons merchandise, 2000 lbs	2,720,208	2,498,277	2,837,648
Number of tons company's materials, 2000 lbs	581,984	482,222	313,981
Total tonnage of company (2000 lbs.) including weight of passengers and company's materials	10,099,040	10,236,320	11,883,826

With reference to the several branch lines and the auxiliary business of the railroad company, it may be said that, as compared with last year, the Catawissa Railroad lease shows a gain of $12,804 64; that the Germantown and Norristown Branch, while earning a profit over and above the rental paid for it, has not done so well as in previous years, principally due to the stagnation of manufacturing industry along the Norristown line; that the business of the Perkiomen Railroad shows an increase; and that, after payment of the rental of the Lancaster and Quarryville Railroad, of which it is the lessee, the Reading and Columbia Railroad has done better than in any other year.

The express business has resulted in a net profit of $55,181 13 as against $32,229 40 for the preceding year, and the managers are gratified in being able to report that after so many years of active competition, the Adams Express Company has agreed to withdraw from the express business in the local territory and along the lines of the company, and to maintain rates with the company at all competitive points reached by other lines of railroad over which it is a transporter.

The line of steam colliers has yielded a net profit of $240,731 50 for the year, after charging to expense account $73,800 for Insurance Fund, which is now in credit $276,014 03.

Portland and Ogdensburg Railroad.

At an adjourned meeting of the Portland and Ogdensburg Railroad Company, held at Portland, Me., on the 21st inst., a committee reported a plan to reduce the second mortgage to $800,000 and issue preferred stock for the balance and for the unsecured debt. The road is expected to pay the interest at once on the second mortgage thus reduced, and preferred stock will draw a dividend as soon as earned, meanwhile the preferred stock holders to control the road. As the city holds $1,850,000 of its second mortgage bonds, it will hold the controlling interest in the management. The necessary legislation will be asked.

Boston and Poughkeepsie Railroad.

The proposed Boston and Poughkeepsie Railroad, for which the loan of a million dollars of the State credit has been asked, is to run eastward from Poughkeepsie Bridge and connect at Westfield with the Holyoke and Westfield Railroad, where it will have the choice of two lines to Boston, the Boston and Albany and Massachusetts Central, and extend westerly through the towns of Westfield, Southwick, Granville, Tolland, Otis, Sandisfield, Monterey, Great Barrington and Egremont to the New York State line, 50 miles from Westfield, where connections will be had with the Harlem, the Rhinebeck and Connecticut for Rondout, the termini of the Delaware and Hudson Canal and the Wallkill Valley and Ulster and Delaware Railroads, with the Poughkeepsie, Hartford and Boston for Poughkeepsie and the Dutchess and Columbia for Fishkill.

Jungatuck Railroad.

The receipts from operations of this road for the years ending September 30, 1876 and 1877.

Balance to credit of profit and loss, September 30, 1877		$311,831 80

All the bonded debt of the company has been extinguished, and the property of the company is free from all incumbrances.

During the fiscal year the portion of the line above Waterbury has been relaid, with steel rails, thus making the entire line of steel rails.

The construction and equipment account has been charged with the amount of $106,080 on account of cost of steel rails, fish plates, spikes, etc. The balance of the cost of these materials and the extraordinary labor required to lay them down has been charged into current expenses. The above amount of $106,080 so charged to account of construction and equipment was realized from the balance of unissued capital stock of the company. The capital stock of the company now amounts to just $2,000,000 against $1,918,400 at the termination of the previous fiscal year.

The net earnings from the operations of the road have been sufficient to pay the taxes and dividends, and leave a small balance to go to profit and loss account.

The stockholders will observe that the balance to credit of profit and loss account, or surplus, is all invested in outstanding accounts, materials on hand, real estate, etc. and is not, therefore available for dividends. It is always necessary that we should have about this amount in this situation, thus absorbing a large amount of capital.

The train service has been, by

Passenger trains	100,919 miles.
Freight trains	126,035 "
All other trains	31,763 "
Total mileage	258,717 miles.

The office of the company is at Bridgeport, Conn. The officers are:

President.—E. F. BISHOP.

Directors.—W. D. Bishop, R. Tomlinson, E. F. Bishop, J. G. Wetmore, A. L. Dennis, H. Bronson, J. B. Robertson, R. M. Bassett, F. J. Kingsbury.

Secretary and Treasurer.—HORACE NICHOLS.

Superintendent.—GEO. W. BEACH.

Auditor.—SAMUEL WILMOT.

Boston and Lowell Railroad.

At the annual meeting of the Boston and Lowell Railroad Company, held in Boston on the 2d inst., the annual report was presented and accepted, and the following gentlemen elected directors for the ensuing year: Josiah G. Abbott, William A. Burke, Thomas Talbot, Edwin Morey and T. Jefferson Coolidge.

In answer to a question by Mr. Henry Adams in regard to the splendid depot, Mr. Hocum Hosford, the manager of the road, said that although the stockholders had been deprived of their dividends for three years, they must not forget that the present structure is the third depot which has been erected by the Corporation in this city. He thought that perhaps the road could have got along with a smaller passenger station for the amount of business done at the present time, but, with the present and future prospects of the business of the Corporation, it could hardly be called a mistake. Plans were being prepared for a front entrance to the depot, in response to the demands of the public.

The manager then alluded to the business of the road, saying that the outlay up to the 31st of December had been very large as the weather which had been most favorable for outside work had been taken advantage of. But with all the outlay, and after paying all the expenses of operating the road there had been enough earned to pay a dividend as large as any the stockholders have ever or may receive. He had suggested that only a dividend of two per cent. semi-annually for two years be paid, for by so doing the road would be fully and splendidly equipped with steel rails and rolling stock, and that the property of the corporation at tide water would be in shape to receive both foreign and domestic goods. He thought that with their present connections and with those for which negotiations were now in progress the road could not but be prosperous. With good terminal facilities at Lowell and Lawrence, both growing places, a splendid business might be done.

On motion of Col. George the following resolution was passed:

Whereas it is manifest that the continued operation of the Boston and Lowell and the Nashua and Lowell Railroad Corporations on joint account is for the best interests of both corporations: therefore:

Voted, That the Directors be authorized to make such new contract, by lease or otherwise, for the operation of the roads in joint interest as may seem to them just and equitable.

Southern Route to the Pacific.

The bill introduced in the House of Representatives at Washington on the 21st inst. by General Banks, to facilitate commerce with Mexico, etc., provides for a subsidy of $15,000 per mile for a proposed 600 miles extension of the Galveston, Harrisburg and San Antonio Railway from San Antonio to El Paso, there to connect with a proposed extension of the Southern Pacific Railroad of California. The bill requires the completion of 100 miles of the Texas extension within two years, 100 more within four years, and the whole within six years. In case, however, one of the companies fails to reach El Paso at the end of six years, the other is to have the right to build onward to a point of junction, with the same privilege granted in the uncompleted portion. The subsidy of $15,000 per mile is to be paid in cash from the United States Treasury upon the completion and equipment of each section of ten miles. The bill also provides that the Government shall make no payment for the transportation of its troops or property over the proposed railway extension until the amounts thus earned by the railroad shall equal the total amount of subsidy advanced.

The Functions of a Receiver.

John S. Farlow, of Massachusetts, appointed by the United States Circuit Court of Ohio Receiver of the Cincinnati, Sandusky and Cleveland Railroad, brought suit against John D. Lee to recover from him the tolls, earnings and income collected by him as the earnings of said road, while he wrongfully held possession of the same from April 21, 1877, to June 15, 1877, which he refused to pay over. The defendant filed a demurrer alleging that the court (United States Circuit) had no jurisdiction, the railroad and the defendant both being citizens of the State of Ohio, while the plaintiff is a citizen of Massachusetts; further, that the real plaintiff is a citizen and corporation of the State of Ohio. The Court (Welker, J.,) overruled the demurrer, deciding that a receiver, being appointed upon the principle of justice for the benefit of all concerned, is therefore virtually a representative of the court, and of all the parties in interest in the litigation in which he is appointed. He is not the agent or representative of either party to the action to the exclusion of the other, but is regarded as an officer of the court, exercising his functions in the interest of neither party, but for the common benefit of all parties. This being the case, it cannot be said that the railroad company is the real plaintiff. The railroad may have earned the money sought to be recovered, but the plaintiff claims the money in his right as receiver of the court, and not on behalf of the railroad company, and in that character sues. It follows that the plaintiff, having stated his non-citizenship, and the amount of the claim being above $500, fully complies with the statutes of the United States in these jurisdictional averments, and gives this court jurisdiction on the ground of the citizenship of the plaintiff.

☞ The Boston Journal says that the projectors of the Midland Railroad have selected a route which, after leaving Boston, passes through the centre of Everett, thence through Malden, Melrose, Wakefield and Reading to North Reading, which for the present will be the northern terminus of the road. There will also be a branch, which will diverge from the main line in Everett, thence passing through the northern portion of Chelsea and the centre of Revere to Revere Beach. These towns are now being canvassed for stock, and as the canvassers are meeting with success, it is expected that operations can soon be commenced.

☞ The annual meeting of the stockholders of the Junction and Breakwater Railroad Company was held at Milford, Delaware, on the 14th inst. For the year ending October 30, 1877, the earnings were $67,919, and operating expenses $42,057, leaving $25,908 as net earnings. President McCready expresses the opinion that the business of the company would be largely increased by the construction of several short branches, which he recommends be done during the present year.

☞ A certificate of incorporation has been filed with the Secretary of State of Ohio of the Pittsburg and Chicago Narrow Gauge Railroad Company, to run from Youngstown, through the counties of Mahoning, Portage, Stark, Holmes, Wayne, Ashland, Richland, Huron, Seneca, Hancock, Putnam and Paulding, terminating at the State line in Paulding county. Amount of capital stock, $3,000,000.

☞ G. A. Nicolls has been elected President, Howard Hancock Secretary, and John Welch Treasurer of the East Pennsylvania, Reading and Columbia, Allentown, East Mahanoy, and Chester and Delaware River Railroad Companies—all being branches of the Philadelphia and Reading Railroad Company.

☞ The United Pipe Line has purchased the Empire Pipe Line which it has leased since the sale of the property of the Empire Transportation Company in October last. The Empire Pipe Line is located in the oil regions, and carries oil from the wells to the railroads. The value of the interest conveyed is about $1,100,000.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

Pacific Railroads.

The bill introduced in the Senate on the 15th inst. by Mr. Dorsey in relation to the Union and Central Pacific Railroads provides for reconveyance to the United States of 6,000,000 acres of land grants of each company out of lands lying between the 104th meridian and the Sierra Nevada Mountains, in return for which the Secretary of the Treasury is to carry to the credit of the sinking fund, for each company, $7,500,000. They are also to be credited with amounts due for Government transportation up to Dec. 31, 1877, to be made up by the companies, if necessary, to $1,000,000 each, and each company is to pay into the United States Treasury semi-annually such sums as the Secretary of the Treasury shall ascertain to be sufficient, with compound interest, when added to other sums credited to the sinking funds, to pay off by the year 1905 the Government bonds advanced each company, with simple interest added. The interest on all sums placed to the credit of these sinking funds is to be added to them semi-annually at 6 per cent. per annum.

☞ Articles of association to incorporate the Camden and New York Railroad Company were filed in the office of the Secretary of State of New Jersey on the 16th inst. The road is to run through the Counties of Camden, Burlington, Monmouth, and Middlesex, and possibly through the County of Mercer, commencing at a point on the Delaware River in Camden, to a point in Raritan Bay in South Amboy township, Middlesex County. The length of the road is to be 62 miles, and the capital stock $1,500,000, divided into $15,000 shares of $100 each.

☞ Articles of association of the Somerville and New Brunswick Railroad Co. were filed in the office of the Secretary of State of New Jersey on the 16th inst. The road is to run from a point in Somerville in the township of Bridgewater to a point on the Mercer and Somerset Railroad in the township of Hillsborough in the County of Somerset. It will be six miles in length, and the capital stock $100,000, divided into 1,000 shares of $100 each.

☞ Public notice is given that the name of the corporation, "Seyfert, McManus & Co.," has been duly changed by proceedings, according to law, to "Reading Iron Works," and under the latter title all the business of the corporation will be hereafter conducted.

☞ The directors of the Ohio and Baltimore Short Line Railroad Company, elected on the 15th inst., are: J. B. Washington, Thomas McKernan, W. W. Smith S. B. Hayes, Wm. Workman, Wm. Keyser, J. Harrison Garrett, John K. Cowen. The officers are: President, J. B. Washington; W. W. Smith, Secretary; W. H. Ijams, Treasurer; W. T. Thelin, Auditor; J. L. Randolph, Chief Engineer.

☞ The gross earnings of the Connecticut railroads last year were $11,101,287—a falling off of $691,838, which was entirely due to decrease in passenger travel, as the freight receipts increased a little over 1 per cent.

☞ A bill has been introduced in the United States Senate to incorporate the Suburban Railroad of the District of Columbia.

Alabama and Chattanooga Railroad.

No. 31.—Wallace vs. Loomis et al., Trustees of the First Mortgage Bondholders of the Alabama and Chattanooga Railroad Company. — Appeal from the Circuit Court for the Southern District of Alabama.—This was the affirmance by the United States Supreme Court, on the 21st inst., of the decree below foreclosing the mortgage of the bondholders and removing the cloud from the title caused by the bankruptcy of the company, the seizure of its property by the Government of the State of Alabama, and the sale thereof by the Assignees in bankruptcy. The court is satisfied from an examination of the grounds upon which the objections to the decree rest that they show no error therein. Justice Bradley delivered the opinion.

☞ The directors of the Sandusky, Mansfield and Newark Railroad Co., recently elected, are: John Gardner, of Newark; A. H. Moss, E. B. Saddler, J. O. Moss, A. C. Moss, of Sandusky; S. I. Tracy, of Mansfield; W. C. Quincy, C. H. Kinsler, of Newark; H. B. Curtis, of Mt. Vernon.

☞ It is understood that the Buffalo and Southwestern Railroad (late Buffalo and Jamestown Railroad) will run to Irvineton instead of to Jamestown, using the Dunkirk, Allegheny Valley and Pittsburgh railroad from Falconer Junction to Irvineton.

☞ The proposition of the Chartiers Valley Railroad Company to make connection with the Waynesburg and Washington Narrow Gauge Railroad at Little Washington, has been accepted by the latter, the connection to be made within sixty days.

☞ Mr. James C. Clarke, the general manager of the line of railroad leading from New Orleans to Chicago, says the tide of immigration from the West to the South is setting in in real earnest. He thinks thousands will seek homes in the South during the coming year.

☞ The directors of the Providence and Worcester Railroad have decided to build new iron bridges over the Blackstone river and the streets crossed by the road in Woonsocket. The bridges will be built for two tracks.

☞ In consequence of the recent railroad disaster in Connecticut, Senator Barton, of Massachusetts has introduced an order relative to a law prohibiting the running of two locomotives over bridges in close connection.

☞ The earnings of the Hanover and York (Pa.) railroad for the year ended November 30, 1877, were $54,719, the expenses $36,390, and the net earnings $19,328. The net earnings for the year 1876 were $17,215.

☞ The sale of the Erie Railway, which was to have taken place on the 21st inst., has been postponed for sixty days from that date.

☞ The total debt of the State of Mississippi on the 1st of January, 1878, according to the message of the Governor, was less than $900,000.

☞ According to the message of the Governor of Louisiana the total consolidated interest bearing debt of that State is $11,785,293.

☞ Five new locomotives were placed on the Scioto Valley Railroad on the 21st inst.

American Railroad Journal.

Saturday, January 26, 1878.

Financial and Commercial Affairs.

Notwithstanding the further reports of failures and suspensions, chiefly in the mercantile line, which have been in circulation during the week, the Money market has been working more comfortably for borrowers who have been regarded as in strictly good standing, and whose wants have been promptly supplied on easier terms than were available earlier in the month. The demand from all responsible sources has shown less urgency. The City banks have made an important addition to their net resources. Call loans were quoted here at the close at from 4@7, the principal negotiations having been within the range, mainly on Wednesday at 4@5 per cent; and very choice to prime mercantile credits were rated at 5@7½ per cent per annum. The City bank exhibit of last week indicated a contraction in the loan and discount average of $2,955,100, and in the item of circulation of $19,800. The average of deposits was augmented $2,806,800. The legal tender reserve was increased $2,885,800; and the specie average $1,884,800. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,173,725, as against $10,980,700 the preceding week. The City bank exchanges in currency reached $408,472,874, or a daily average of $68,078,812.

On Wednesday of this week the cash balances of the Treasury Department at Washington were: of Currency, $3,871,655; special deposit of legal tenders for the redemption of certificates of de-

posit, $37,105,000; Coin, $132,811,465, including of Coin certificates, $40,517,900.

In the line of Government securities the dealings have been comparatively liberal, chiefly on investment account, and prices have been ruling stronger, favored in part by the more encouraging accounts from Washington as to the prospects of pending financial legislation. At the close on Wednesday the current quotations were as follows:

United States currency sixes, 119@121; do. 6s, 1881, registered, 107@107⅛; do. coupon, 107@107⅛; do. 1865, new, registered, 103@103⅛; do. coupon, 102⅞@103⅛; do. 1867, registered, 105¾@105⅞; do. coupon, 105¾@105⅞; do. 1868, registered, 108½@109¼; do. coupon, 108⅝@109¼; do. ten-forties, registered, 108@108¼; do. coupon, 108¼@108½; do. five per cents, 1881, registered, 105@105¼; do. coupon, 106¼@106⅜; do. 4½ per cents, 1891, registered, 104@104⅛; do. coupon, 103⅞@104⅛; do. 4 per cents, 1907, reg., 101@101⅛; do. small, 101⅛@102; $500 and $1,000, coupon, 101⅜@101⅝.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $345,932,550, and $18,688,000 as security for public deposits.

The outstanding amount of legal tender notes is $349,043,776. The National bank circulation is now $319,557,049 of currency notes and $1,432,120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,247,000.

The movements in State bonds have been on a restricted scale, and prices have been quoted irregular, and at the close rather weak in the instance of several prominent loans, which have been offered somewhat more freely. Railway Mortgage loans have been moderately active with the main call for the favorites of the actual interest bearing loans, for investment purposes, at generally firmer rates. And in the line of Railway and Miscellaneous share property the dealings have been to a comparatively liberal aggregate, and the tendency of price, especially toward the close, has been upward. Speculations have been much more confident, the market leaving off buoyantly. The shares of the Lake Shore Railroad were the favorites in the later dealings. The traffic reports of the great trunk lines are, as a rule, quite encouraging.

The income of the Government from internal revenues last week was about 2½ millions, and from Customs last week again about 2½ millions.

Gold has been further depressed in price, falling on Wednesday of the current week to 101¼@101⅜, the lowest figures made since early in 1862. The speculative temper has been against buoyancy in the current dealings, the foreign advices and Washington reports and rumors as to pending financial legislative measures tending to aid the downward movement. The export call has been limited, and the imports of specie on the increase. Custom House requirements moderate. The extremes of the price during the week have been 101¼@102, closing on Wednesday at 101⅜, as against 102 on Wednesday of the preceding week. The specie outflow last week was $208,789—making the total exports of specie hence since January 1, $1,051,359 against $758,628, the same time in the preceding year. The imports of specie at this port last week reached $345,823, and since January 1st have been $661,769 as against $911,813 same time in the preceding year. The Customs demand for gold last week reached $1,775,053 or an average of $295,842 per day.

Foreign Exchange has been offered with reserve and quoted higher, on, however, a restricted business, closing somewhat irregular. Bankers' sixty day bills on London closed on Wednesday at $4 81¼@$4 82; sight bills on London at $4 83¼@$4 84½ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $5,111,531 as against $5,196,030 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $1,472,859 of Dry Goods, and $3,688,672 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the value of $5,866,962, against $6,375,186 same week in 1877.

More inquiry has been reported for Hardware, Boots and Shoes and Dry Goods, but with more or less irregularity as to values. Domestic Cotton Goods have been quoted weaker.

A moderate business has been transacted in the leading kinds of domestic produce, with Breadstuffs, Naval Stores and Cotton quoted toward the close lower; Petroleum and Provisions rather firmer. The foreign advices have been against free export dealings. Foreign merchandise has been in comparatively limited demand, at somewhat easier rates.

Metals have been attracting more attention but without further important alteration as to price. Eglinton Pig Iron quoted at $24@$24 50; Glengarnock $25@$25 50; Coltness $26 50@$27; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$19. Forge $16@$17; American Rails at works $33@$37. Old Rails $18@$18 50. Wrought Scrap $22@$32. Steel Rails, on the basis of $41 50@$45. (20,000 tons reported sold for forward delivery on private terms.) Ingot Copper in more demand on the reduced basis of 17¼@17⅛ for early delivery and 17¾@18 for forward delivery; sales 800,000 lbs.

Ocean freights have been moderately active chiefly in the way of contracts for Breadstuffs, Provisions, Cotton, Petroleum, and general merchandise, but rates in the chartering line have further declined, under freer offerings of vessels of recent arrival. Liverpool steamer rates at the close for Grain, quoted at 9d. Flour, at 3s.@3s. 3d. Provisions, 40s.@50s.; Leather, 60s. Measurement Goods at 22s. 6d.@25s. per ton; Cotton, ⅛d. per lb. Liverpool, by sail. Cotton, 15-64@⅛d. Grain, at 7d@8d.; Flour, 2s. 6d.; Measurement Goods, 17s. 6d.; Tobacco 32s. 6d.; Oil Cake at 22s. 6d. Grain rates on charter hence for Cork and orders left off at 5s. 9d.; for the Continent Grain at 5s. 9d.@6s. 5d.; and from Baltimore for Cork and orders, 6s.@6s. 3d. and from Philadelphia at 6s.; and from Portland at 6s.@6s. 3d. Refined Petroleum hence for Cork and orders, 4s.@4s 3d.; for the Continent, 3s. 7½d.@4s. Cotton by sail from New Orleans to Liverpool 13-32d.; from Galveston, at ⅛d; Ky. Tobacco from New York to Genoa at 37s. 6d. Naval Stores from Wilmington or Charleston for Cork and orders at 3s. 6d.@5s. 6d. Lumber from Brunswick to the River Platte, $19. Deals from Savannah to the United Kingdom at 110s.; Hewn Timber from Doboy to do., at 37s. 6d. Through Provision freights from the West for Liverpool, by steam, 75@86; for the Continent at 85@$1 per 100 lbs.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY CO., TREASURER'S OFFICE, GRAND CENTRAL DEPOT, NEW YORK, Dec. 21, 1877.

THE DIRECTORS OF THIS COMPANY HAVE this day declared a dividend of TWO PER CENT. upon its capital stock, payable on the 1st day of February next at the office of the company, in Grand Central Depot.

The transfer books will be closed at 3 o'clock P. M. on Monday, the 31st inst., and will be reopened on the morning of Saturday, the 2d day of February next.

E. D. WORCESTER, Treasurer.

CHICAGO, MILWAUKEE AND ST. PAUL RAILWAY COMPANY, NEW YORK, Dec. 27, 1877.

NOTICE IS HEREBY GIVEN THAT A DIVIdend of Three Dollars and Fifty Cents per share has been declared on the preferred stock of the Chicago, Milwaukee and St. Paul Railway Company, payable at the office of the company, No. 68 William st., on the 25th day of January next, on account of the net earnings of the current year; and that the transfer books will be closed on the 10th and reopened on the 26th of January next.

JULIUS WADSWORTH, Vice-President.

OFFICE OF THE ILLINOIS CENTRAL RAILROAD COMPANY, No. 31 NASSAU-ST., NEW YORK, Jan. 17, 1878.

A DIVIDEND OF THREE (3) PER CENT. HAS been declared by this company, payable on the 1st day of March next, to the holders of the capital stock of this company as registered at the close of the 12th day of February next, after which, and until the 4th day of March, the transfer-books will be closed.

L. V. F. RANDOLPH, Treasurer.

☞ The Governor of Kentucky, in his message, says that the funded debt of the State now amounts to only $183,894, of which but one-twentieth part is now due, and has not been paid because the bonds have not been presented for payment. The rest are not payable till 1894-5-6. There is about seven times the amount of this debt in the State treasury applicable to its payment. With a revenue tax of four mills the State raised in 1877 something over two millions, of which it could spend less than a million and a half, so that its surplus for one year is one-fourth its total revenue and one-third its expenditures.

Nashville, Chattanooga and St. Louis Railway.

The earnings and expenses of the Nashville, Chattanooga and St. Louis Railway Company for the month of December, 1877, as compared with same month of 1876, are as follows:

	1876.	1877.
Gross earnings.....	$189,237 05	$163,064 33
Expenses, including taxes	84,327 52	96,177 89
Net earnings..... ...	$54,909 53	$66,886 44
One month's interest on bonded debt.....	36,510 00	36,510 00
Surplus.....	$18,399 53	$30,376 44

The earnings and expenses for the six months ending December 31, are as follows:

	1876.	1877.
Gross earnings.....	$821,281 76	$938,216 25
Exp., including taxes..	512,262 13	548,554 84
Net earnings..... ..	$309,019 63	$389,661 41
Six months' interest on bonded debt.....	219,060 00	219,060 00
Surplus.....	$89,959 63	$170,601 41

This shows, for the month of December, an increase in earnings of $23,827 28, in expenses of $11,850 37, and in net earnings of $11,976 91; and for the six months an increase in earnings of $116,934 49, in expenses of $36,292 71, and in net earnings of $80,641 78. The surplus, after deducting six months interest on bonded debt, shows an increase of $80,641 78.

☞ The Governor of Wisconsin in his message says that the Report of the Railroad Commissioners is not yet published, and he is, therefore, without information as to the details of the work of that officer for the past year. It has not come to his knowledge that any serious complaints have been made against any of the railway companies doing business in the state. It is now conclusively settled that the state has the right to regulate railroads, and the managers of these great arteries of trade and commerce seem to be using their best endeavors to give the least possible occasion for the state to exercise this right.

☞ The Wilmington, Columbia and Augusta Railroad Company, lessee of the Wilmington and Weldon Railroad, has announced its inability to pay the semi-annual dividend of 3½ per cent on the capital stock of the latter company, now due. The default is caused, it is said, by the great falling off in freights, the receipts of the Wilmington and Weldon road for 1877 being $56,000 less than in 1876. The management express the hope to be able to pay this dividend within the next ninety days.

☞ At the annual meeting of the stockholders of the Cincinnati, Sandusky and Cleveland Railroad Company, held at Sandusky on the 16th inst., the following board of directors was elected: John S. Farlow, Isaac D. Farnsworth, Boston; E. B. Sadler Sandusky; J. A. Jeffry, Columbus. The directors held a meeting afterward, and elected John S. Farlow President, N. W. Pierce Vice President, John L. Moore Secretary and Treasurer.

☞ The first train on the Springfield, Jackson and Pomeroy Narrow gauge Railroad, arrived at Washington Court House, Ohio, on the 16th inst.

Railroad Construction in the United States.

From a statement published in the Railroad Gazette it appears that 2,199 miles of railroad were completed in 1877, against 2,460 in 1876, 1,561 in 1875, 2,025 in 1874, 3,883 in 1873, and 7,340 in 1872. The distribution of the new construction among the several States and Territories in the years named is given as follows:

	1874.	1875.	1876.	1877.	Total at close of 1877.
Alabama	18	0	0	1½	1,740
Arkansas	18	38½	49	0	788
California	140½	185	344½	239	2,158
Colorado	23	111½	154½	115	1,072
Connecticut	0	21	7	3½	921
Dakota	0	0	0	0	290
Delaware	19	5	0	0	285
Florida	18	0	0	5	489
Georgia	5	4	42	0	2,306
Illinois	231	200	58	83	7,318
Indiana	209½	109½	72½	16	4,019
Indian Territory	0	0	2	0	279
Iowa	48	84½	96½	150½	4,090
Kansas	61	0	76	86½	2,324
Kentucky	31½	0	138	28½	1,563
Louisiana	0	0	0	2	541
Maine	37½	10	20	0	1,000

Wisconsin	102	23	128½	54	2,761
Wyoming Ter	0	0	0	5	464
Total	2,025	1,561	2,460	2,199	79,669

Live Stock Trade of Chicago.

The Drovers Journal says that the receipts of live stock at the Union Stock Yards in 1877 were 1,033,151 cattle, 4,025,970 hogs, 810,240 sheep, and 7,874 horses. From these deduct shipments of 703,402 cattle, 951,221 hogs, 155,354 sheep, and 6,598 horses, and we have 229,749 cattle, 3,074,749 hogs, 154,886 sheep and 1,276 horses as the apparent home consumption.

The value of the receipts is given as follows:

Cattle	$44,425,500
Hogs	52,337,500
Sheep	1,473,600
Horses	787,400
Total value	$99,024,100

☞ The United States Vice Consul at Hong Kong writes to the Department of State, in reply to the trade circular of last August, that the market for American goods in China is practically unlimited except by the question of prices, especially for such articles as drills, jeans, shirtings, iron of all kinds, petroleum, quicksilver, gold and ginseng. It is only necessary that they should be offered as cheap or cheaper than similar exports from other countries to develop a prosperous trade.

Boston and Lowell Railroad.

The income and expenses of the Boston and Lowell Railroad Company for the year ending September 30, 1876 and 1877, were as follows:

Income:	1876.	1877.
From passengers	$505,961 74	$506,967 56
" freight	576,811 34	587,916 42
" mail	10,801 36	9,849 15
" express	21,426 59	21,628 58
" premium on bonds sold	506 25	
" accumulation of sinking & insurance fund		11,407 78
	$1,127,891 03	$1,137,769 49
Expenses, viz:		
Salaries and expenses, general office	$37,081 67	
Taxes—State and local	34,327 59	
Insurance premiums and loss by fire	4,274 91	
Telegraph expenses	1,709 71	
Repairs of road bed and track	102,457 28	
Repairs of bridges	7,072 87	
Repairs of buildings	26,350 26	
Repairs of shops and machinery	5,215 04	
Repairs of fences, road crossings and signs	848 06	
Repairs of locomotives	32,076 61	
Repairs of snow plows	70 25	
Steel rails, laid	53,011 03	
Ties, laid	10,925 46	
Removing ice and snow	5,748 95	
Water and water stations	7,760 50	
Fuel — locomotive and cars	94,625 72	
Fuel—stations & shops	6,612 18	
Train, lubricating and waste	11,113 73	
Switch, watch, flag and signal service	43,746 39	
Electric signals	1,785 54	
New locomotives	9,670 35	
Repairs of passenger, baggage & mail cars	37,437 49	
Passenger train operation	66,814 89	
Passenger station and general passenger expenses	85,120 06	
Passenger damage and gratuities	1,659 03	
Repairs of freight cars	26,394 66	
Freight train operation	47,759 05	
Freight station and general freight expenses	68,548 07	
Freight damage and gratuities	1,063 13	
New freight cars	1,656 00	
Foreign road mileage	2,712 38	
Line car mileage	4,113 42	
		789,762 28
		$348,007 21
Payments for rents	$93,308 61	
Payments for interest	121,223 31	
Adjustment of balances	24,667 50	
		239,199 42
Net income for the year		$108,807 79

The total transportation earnings in 1877 were $1,126,862 71, the expenses $789,762 28, and the receipts over expenses, $298,952 79; in 1876 the total transportation earnings were $1,114,501 08, the expenses $812,030 17, and the receipts over expenses $245,877 15—showing an increase in earnings of $11,861 68, a decrease in expenses of $22,267 89, and an increase in receipts over expenses of $53,575 64. The report says:

Construction account has been increased during the year, by the purchase of land for the enlargement of terminal facilities and other purposes, at East Cambridge, Woburn and Lexington, and the building of 440 feet of new pile bridge in the approach to the freight yards at Boston, in the sum of $19,597 04.

Real Estate in East Cambridge account has been increased by the purchase of the "Howland lumber shed and buildings," in the sum of $925 69.

Mystic River Wharf Account has been increased by sixty-nine per cent. of the expense of filling solid with earth of about six acres of the wharf property above Chelsea Bridge, in the sum of $19,531 84.

The Bond Account issue of 1876, to retire floating indebtedness, as authorized by vote of the stockholders in 1875, has been increased by the sale of bonds, in the sum of $264,000, and the notes payable account has been decreased in the sum of $347,000.

Profit and Loss Account has been increased by the addition of net earnings in the sum of $108,807 79, and the aggregate debt liabilities of the corporation over all expense and outlays of the year, has been reduced in the sum of $83,000.

Notwithstanding the low rates which have prevailed upon nearly all "line business," without any marked improvement in general business at our local points, a comparison of our business with that of the previous year is worthy of note; showing that with increased mileage, transporting more passengers and tonnage, with a small gain in receipts, the operating expenses, (including taxes and insurance,) are $36,874 09 less than those of last year.

The condition of the property, both as to its relative value and efficiency to accommodate the public want, is complete and effective.

Large outlays have been made tor the purchase and replacement of steel for iron rails, maintenance of way, renewal of engines and cars, enlargement of terminal facilities, side tracks, and repairs to stations and buildings, all of which has been charged in account to the operating expenses o the road.

The condition of your property, as well as the financial exhibit of the corporation, presents a gratifying result; and the directors are able to announce resumption by the payment of a small dividend, ($10 per share,) on the first of January, 1878.

The great depreciation which is constantly taking place, by wear and decay, though the items charged for repairs may seem sufficiently large to make good, proves conclusively that railroads are not unlike other large corporate organizations, of which the experience of the past has developed the unmistakable fact, that to declare dividends from a previously earned surplus, or even to divide the whole of what is termed net earnings for the time being, does not exhibit a healthy financial condition.

With a conservative view of closing all "Repair and Equipment Accounts," and yet maintaining the property in the best operative condition, your directors believe it will be wise to limit the division of earnings for a short period, when it is hoped, with a more prosperous revival of business, they can be increased to that of former years.

CONTRACT WITH NASHUA AND LOWELL RAILROAD.

The existing contract between the Boston and Lowell, and Nashua and Lowell Railroad corporations, by virtue of which their properties and interests are held and used together under one management, for the common benefit, sixty-nine per cent. of the net income accruing to the former and thirty-one per cent. to the latter corporation, went into effect October 1, 1858, for the period of twenty years; it consequently expires by its own limitation next October.

Previous to the execution of this contract serious conflicts of business interests and rivalries existed, and the stock of both corporations was greatly depressed. The impolicy of operating two connecting roads, (one twenty-six and the other fourteen miles in length,) under separate management, had become apparent to both the directors and stockholders. The net income of both roads was materially diminished by these business differences and the necessary expenses inevitably incident to separate organizations.

The direct effect of the contract was favorable to both the stockholders and the public; the former gained in the saving expenses, and the latter in the increase of efficiency.

Instead of a change of locomotives, engineers, firemen, conductors, etc. at Lowell on the trains running between Boston and Nashua, as was required under the separate organizations, one set was practically dispensed with.

The machine shops, rolling stock and employes were used for the common benefit rather than for colliding interests; satisfactory dividends were soon resumed, the market value of the stock was largely increased and the public was better served.

The two boards of directors with a common President, held joint meetings, and for more than seventeen years there was perfect harmony of opinion and action, although the Boston and Lowell directors always believed that the contract assigned to the Nashua and Lowell road a too liberal share of the net earnings.

In the meantime the traffic of the joint trade very largely increased; for the year ending October 1, 1858, the joint gross earnings were $557,-204 66, for the year ending October 1, 1877, the joint earnings were $1,632,408 26.
408 26.

To provide for this constantly increasing business large outlays became indispensable and they were made by the approval of both corporations with a view to the common benefit, resulting in the improvements at Boston, Winchester and Mystic on the Lowell Road, and at Lowell, Nashua and Tyngsborough on the Nashua, and the large increase of rolling stock.

Meanwhile rival roads by the construction of branches, and otherwise, seriously threatened the legitimate business of the joint roads, and for the purpose of self protection, and by the authority of the stockholders several branch roads were leased or purchased.

At the time of the execution of the contract or subsequently, the Stony Brook, Wilton and Peterborough Roads came under the joint control by lease to the Nashua Corporation, while under lease or purchase by the Lowell Corporation, the Lowell and Lawrence, Salem and Lowell, Lexington and Arlington, Middlesex Central, Stoneham, Mystic and Lawrence branches came under similar joint control; the direct effect of these large outlays and liabilities immediately followed by the unprecedented depression which has characterized railroad operations, for the past three years, caused a stoppage of dividends and considerable financial embarrassment; but with the revival of business the directors believe that these outlays as a whole, will ultimately prove remunerative. The capacity for doing business economically and effectually has thereby been largely increased, and business activity is all that is required to ensure the former financial prosperity of both corporations. The Nashua road has joint ownership of thirty-one per cent. with this corporation in the Mystic Wharves, and in a portion of the warehouse accommodations in Boston. It has a similar joint ownership in the rolling stock of both roads.

Under these circumstances, although the local traffic of the Lowell Road increases year by year much faster than that of the Nashua Road, we are of the opinion that an arrangement for a continuation of the joint management of the two roads is manifestly for the interest of both corporations. We therefore recommend that the directors be authorized to make such new contract by lease or otherwise, for the operation of the roads in joint interest as may seem to them just and equitable, although we are not prepared to recommend the same division of receipts as is made under the existing contract.

LOWELL AND LAWRENCE RAILROAD.

This corporation owns and holds in the hands of trustees, a majority of the stock of the Lowell and Lawrence Railroad; the lease under which it has been operated by the joint roads expires October 1, 1878.

A new lease has been agreed upon by the two boards of directors, ratified by the stockholders of the Lowell and Lawrence Railroad, and will be submitted for your approval at the annual meeting. The road is now being extended to a central point in the city of Lawrence, and so located as to furnish in addition to unsurpassed passenger accommodations, convenient facilities for the direct delivery of freight to the large manufacturing corporations. This extension is expected to add largely to the traffic over our line between Lawrence and Boston, and Lawrence and Lowell.

RELATIONS WITH OTHER ROADS.

Contracts with the connecting New Hampshire roads have been executed, and all business differences adjusted, and our relations with these roads are mutually satisfactory.

Active efforts are being made to adjust the differences relative to the Central Vermont and Western Line business, and we have reason to expect that arrangements will soon be effected which will add to both the profit and efficiency of our through Western Line.

Miles run by passenger trains, 527,938; by freight trains, 411,869—total transportation mileage, 939,807, against 922,021 in 1876, an increase of 17,786. Total number of passengers carried, 1,941,487; do. in 1876, 1,929,516—an increase of 12,271. Tons of freight transported, 568,430; do. in 1876, 555,510—an increase of 12,920.

TREASURER'S BALANCE SHEET, Sept. 30, 1877.

Construction	$4,562,986	95

President.—THOMAS TALBOT.

Directors.—Josiah G. Abbott, William A. Burke, Thomas Talbot, Edwin Morey and T. Jefferson Coolidge.

General Manager.—HOCUM HOSFORD.

Superintendent.—WM. M. PARKER.

Treasurer.—C. E. A. BARTLETT.

Scioto Valley Railroad.

The Columbus State Journal says that the managers of the Scioto Valley Railroad have purchased a magnificent parlor car which is without doubt one of the best pieces of workmanship turned out from any shop recently, and then adds:

It was built by the Harlan & Hollingsworth Company, of Wilmington, Delaware, expressly for exhibition at the Centennial, and was two years in course of construction. The wood material was thoroughly seasoned, and is worked in the highest style of the art. It is beautifully polished and bright as a new dollar. The chairs are of the latest pattern and finished in magnificent style. The car is arranged in two apartments, the one being devoted to those who are in the habit of using fragrant Havanas, and being so divided as to entirely close it from the other apartment. Between the two apartments is a neat washroom, and also a place where packages can be left in perfect safety, being in charge of a porter, who is always with the car. For the use of the car a small sum is charged—twenty five cents to Chillicothe, and fifty cents to Portsmouth. It will leave here every morning on the regular passenger train, and return in the evening. Persons making purchases in the city can take their packages to the car or have them sent directly from the store, and they will be taken care of until called for. This car will be found particularly convenient for ladies traveling without escort, as they will have the services of a special attendant or porter at hand at all times, to whom they can make their wants known in the absence of the conductor or other train officials.

Another feature of this car is the admirable manner in which the doors are constructed. At each end there is what resembles a storm door, which protects passengers in the car from the cold blasts of air whenever the doors are opened. The car is a very easy running one, and is devoid of any side swinging or bumping, the springs being particularly arranged to avoid that fault of most cars. The original cost of the car was $28,000.

The company has also purchased four new passenger coaches, which will be put on the road soon. The managers of the Scioto Valley are determined that this road shall be equipped second to none, and the improvement being made is the best of evidence that the programme will be carried out to the letter.

Obstruction of Inter-State Commerce.

The bill submitted to the United States Senate on the 17th inst. by Mr. Howe to punish the forcible obstruction of inter-State commerce upon railways provides that whenever any person or persons shall conspire together to obstruct or hinder by force, violence, threats or intimidation the free and customary transit of persons, baggage and merchandise passing by railway or water from any one State or Territory into another, such offence shall be deemed a misdemeanor against the United States, and persons found guilty thereof on conviction shall be punished by a fine of $500 and one year's imprisonment; that whenever any persons shall compel any railroad employe engaged in the transportation of inter-State commerce to abandon his duties they shall, on conviction thereof, be fined not less than $500 nor more than $3,000, and be imprisoned not less than one year nor exceeding five years. The district judge in which such offenses may be committed is authorized to carry out the requirements of the bill.

☞ Superintendent George W. Bentley of the New London Northern Railroad yields finally to the persuasions of the Central Vermont Directors, and will assume the general management of the latter property at once.

Pacific Railroad Discriminations.

A message from the President was submitted to Congress on the 18th inst., inclosing a report from the Attorney General, in answer to resolutions calling upon him for information as to what legal impediments exist, if any, to prevent his compelling a compliance with the laws requiring the Union Pacific Railroad Company to pro rate with the Kansas Pacific and other branch roads. The communication of the Attorney General states that he has heard the arguments of both parties interested, and comes in substance to the following conclusion:

"That the Executive is powerless, under present legislation, to compel the Union Pacific to pro rate with any of the branch roads; that if Congress desires the President to take any action, additional legislation will be necessary; that the essential points in controversy have been submitted to the decision of Judge Dillon in the Iowa Circuit, from whose opinion probably the defeated party will take an appeal; that the law of 1873, requiring suit to be brought against the Union Pacific for alleged violation of law, is not prospective, and relates only to illegal acts alleged to have been committed prior to the passage of the law, and that by the common agreement of all parties interested it is thought advisable not to take any criminal proceedings against the officers of any of the roads until after the points which have been submitted to the courts are passed upon."

Susquehanna and Baltimore Bridge.

A company was chartered under the laws of Pennsylvania yesterday for the construction of a bridge across the Susquehanna at New Cumberland, near Harrisburg. This bridge is to be constructed in connection with the new line of railroad from Baltimore to Harrisburg and Shippensburg, heretofore mentioned. Col. D. V. Ahl, President of the Harrisburg and Potomac Road, and Capt. A. W. Eichelberger, President of the Hanover and Gettysburg Road and its branches, were in Baltimore yesterday negotiating for the construction of this bridge, which will be known as the Harrisburg and Potomac Bridge. It is likely that Baltimore bridge builders will get the contract. The bridge will be 4,000 feet long.—*Balt. Sun, Jan.* 18.

☞ The secretary of the American Iron and Steel Association has ascertained that scarcely any American manufacturers of iron and steel, or of locomotives, iron bridges, machine tools and similar goods have applied for space at the Paris exhibition. Unless immediate steps are taken the American exhibition of such articles will be a failure.

☞ An election for Chief Engineer of the Delta and Baltimore Narrow Gauge Railway will take place at Barnum's Hotel, Baltimore, on the 5th of February. It is proposed to consolidate this road with the Baltimore, Lake Roland and Towsontown Railroad.

☞ The grading of the Youngstown and Pittsburgh Railroad is finished from Hazelton to Lowell. By the middle of next month the road bed will be ready for ties from Youngstown to a point six miles east of Lowell, a distance of sixteen miles.

☞ The re-election of Mayor Flippin of Memphis, Tenn., by a handsome majority, may be considered an endorsement of the plan for funding the debt of that city, inaugurated by Judge Flippin, and which is now being successfully carried out.

Debt of Connecticut.

The Controller of Connecticut has made a report to the Legislature on the indebtedness of the counties and municipalities of the State. Adding the indebtedness of the State Government, the total indebtedness is $22,118,927 28. The items that make up the sum are as follows:

State debt	$4,967,600 00
County debts	155,185 11
Town debts	9,443,331 74
City debts	7,084,466 31
Borough debts	468,344 12
Total	$22,118,927 28

The counties and municipalities have paid as interest to carry their part of this indebtedness, $1,089,978 63, and the State has paid, on its part, $280,046, making a total of $1,370,024 63.

☞ Suit has been commenced in Philadelphia by the attorneys for Col. Samuel S. Smoot, of Washington, against Chas. I. Harrot, and others, officers and directors of the Southern Maryland Railroad Company, to compel them to comply with a contract Col. S. S. Smoot made with them in April last for completion of said railroad, and the payment to him of $700,000 in bonds and stock of said company.

☞ The funded debt of Philadelphia, according to the Comptroller's statement, just issued, is $61,721,541, and the floating debt (outstanding warrants) $11,893,313, making a total of $73,615,854.

☞ The Comptroller of Allegheny Co., Penn, estimates the loss by the July riots as follows: strictly private property, $360,000; mixed property, including freights, $1,100,000; strictly railroad property, $1,150,000—total, $2,610,000.

☞ Charles Donnelly of Pittsburg has been elected President, and Welty McCullough Secretary and Treasurer, of the Mount Pleasant and Broadford Railroad Company.

☞ It is thought that the Pittsburg, Wheeling and Kentucky Railroad will be open for freight business on the 11th of February, and for passenger business shortly afterward.

☞ Portions of the Monday Creek and Snow Fork branches of the Columbus and Hocking Valley Railroad are in operation and are doing a fair business, both in freight and passenger traffic.

☞ In the Maryland Legislature, on the 17th inst., the House bill authorizing the city of Cumberland to issue $65,000 of bonds in aid of the Pennsylvania railroad was passed.

WM. A. GUEST & CO.,
No. 17 Nassau Street,
NEW YORK.
Purchase all marketable Railway Securities. Also, State, City, County and Town Bonds at net rates, either interest-paying or defaulting.

A GENTLEMAN OF EXPERIENCE DESIRES to secure the Superintendency of a Railroad. Is a first-class telegraph operator, understands despatching trains over single track by telegraph—(present employment)—and the general management of a railroad. Best of references. Address A. B., at this office.

Knox & Shain,

EDWIN H. BROWN,

7 Warren Street, New York,

Solicitor U. S. & Foreign Trade Marks & Patents.

Make a note of the time when you first think of an invention, date and keep all writings, sketches, drawings and models of it. It will be well to have persons sign the former as witnesses, and this may be done without exhibiting the contents. To establish title to your invention, even after obtaining a patent, you may have to prove that you made it before any one else, and never gave it up.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

The Coal Trade.

For the week ending the 12th instant, the total production, as reported by the several carrying companies, amounted to 264,740 tons, against 289,076 tons in corresponding week last year a decrease of 24,336 tons. The total amount of anthracite mined for the coal year is 520,277 tons, against 413,933 tons for same period last year, an increase of 106,344 tons. The quantity of bituminous coal sent to market for the week amounted to 23,415 tons, against 22,708 tons in corresponding week last year, an increase of 707 tons. The total amount of bituminous mined for the year is 54,433, tons against 45,341 tons for corresponding period last year, an increase of 9,092 tons. The total tonnage of all kinds of coal for the week is 288,155 tons, against 311,784 tons in corresponding week last year, a decrease of 23 629 tons. The total tonnage of all kinds of coal for the coal year is 574,710 tons, against 459,274 to same date last year, an increase of 115,436 tons. The receipts at Perth Amboy for the week ending on the 12th instant were 17,991 tons, the shipments 12,548 tons, leaving a stock on hand of 109,147 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the third week of December was 100,652 tons, of which 82,002 tons were coal, and 18,650 tons coke. The total carried for the year is 4,749,122 tons, of which 3,374,787 tons were coal and 622,449 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad brought 100 tons to Port Richmond whilst 1900 tons were shipped thence last week. The entire tonnage of the Reading Railroad for the week ending Saturday January 19, was 17,000 tons.—*Phila. Ledger, Jan.* 21.

American Railroad Journal.

New York, Saturday, February 2, 1878.

Pennsylvania Railroad.

A statement of the business of the Pennsylvania Railroad for the year 1877 shows:

Gross earnings, east of Pittsburgh..	$31,117,145
Working expenses, east of Pittsburgh,	19,028,467
Net earnings, east of Pittsburgh...	$12,088,678
Deduct for deficit, west of Pittsburgh	461,290
Net earnings, all lines....	$11,627,388

For 1876 the net earnings east of Pittsburgh were $14,809,831, and the loss on lines west of Pittsburgh was $35,853, leaving the net earnings from all lines at $14,773,978. This shows a net decrease from the earnings of 1876 of $3,146,590. In 1876, however, there were paid for dividends (eight per cent) and taxes $6,005,449. Last year one dividend of two per cent. and one of one and a half were paid, aggregating three and one-half per cent., or $2,927,383, showing a decrease in the payments on this account of $3,078,066, or enough to balance the decrease in the net earnings with $231,466 to spare. The other items in the disbursement account, such as interest and rentals, will not be materially changed, and it is by no means likely that the decrease in the income from investments will be large enough to prevent the showing of a handsome surplus on the year's operations.

Harrisburg and Potomac Railroad.

Messrs. Dacy & Co., contractors, of Boston, have recently entered into a contract with the Harrisburg and Potomac Railroad Company to complete the York Springs branch of that road, extending a distance of eleven miles, and have nearly completed arrangements for constructing the only remaining link, of ten and a half miles, to complete a new route from Baltimore to Harrisburg. The contractors are under obligations to have the road ready for operation July 1, 1878. A corps of engineers are now engaged in locating the York Springs branch, and this week Mr. John B. Dacey, who will personally superintend the work, will start a force of men in grading.

Boston, Hoosac Tunnel and Western R. R.

The Boston Journal says that the work upon this new enterprise is now making rapid progress. The first four piers of the bridge over the Hudson are completed and the stone cut and delivered for two more. The high water of last week caused some delay, besides carrying off about 250 feet of the "false work," but no serious damage was done. The company has purchased the complete right of way east of the river up to where they join the old road bed, except one farm. The railroad Commissioners will settle that case. The average price has been about $150 per acre and the amount of land taken about twelve acres to the mile, and the distance is sixteen miles. They have also completed the surveys and located the line, all prepared for construction, from Eagle Bridge to Hoosick Falls, a distance of four miles. The land damages here have nearly all been settled at about $100 per acre, except in the village of Hoosick Falls. Arrangements have been made at Eagle Bridge for a change of route so as to run one and a half miles in Washington county, then returning into Rensselaer county, though still keeping on the north side of the Hoosic river.

Arrangements have also been made for the use of the Rutland and Washington bridge in common with the Delaware and Hudson until it shall need to be double tracked, when the Boston, Hoosac Tunnel and Western Company shall lay the new track at their expense. Already one-half of the entire distance between Eagle Bridge and Mechanicsville is ready for the rails.

One and a half miles of track are laid and trains running over it daily from Mechanicsville to the new bridge. This track is being laid with steel rails weighing 67 pounds to the yard, the usual weight being from 56 to 60 pounds.

It is probable that all litigation will soon be adjusted.

Railroads of Rhode Island.

The Railroad Commissioner of Rhode Island reports that the whole number of passengers traveling last year was 19,888,309, against 20,520,486 in 1876; the total tons of freight was 3,095,921, against 2,754,603. It will therefore be seen that the number of passengers has decreased 632,177, while the tonnage of merchandise has increased 341,318 tons. As compared with the previous year, the actual stock paid in was increased $87,749 54; the indebtedness was increased $26,616 91; the total receipts were decreased $314,574 72; the length of track in this State was increased nearly 16 miles.

Columbus and Northwestern Railroad.

The Ohio State Journal says that the proposed line of the Columbus and Northwestern (Narrow Gauge) Railroad is through Pickerington, Carrol and Lancaster, entering the coal fields of Maxville, extending down Little Monday creek to its junction with Big Monday creek, and thence radiating in different directions, wherever the demand of coal or iron may lead them. A line from McConnellsville will meet this road at some point convenient to both lines, making a continuous road from Columbus to McConnellsville. Running to the northwest, the line from Columbus will probably pass through Mechanicsburg, Urbana, Port Jefferson, Sidney, Berlin and Celina ending at Fort Wayne, Indiana. A glance at the

map will show that this line passes through an unoccupied territory and forms a short direct route to the points named.

Fitchburg Railroad.

The receipts of this road for the years ending September 30, 1876 and 1877, have been as follows:

	1876.	1877.
From passengers....	$622,829 98	$634,391 40
" freight.....	1,045,780 18	1,106,161 17

The company have 67 locomotives, 68 tenders, 75 passenger, 21 mail and baggage, 1184 eight wheel and 225 four wheel merchandise, and 90 gravel and coal cars, and 9 snow plows. The above includes the equipment leased of the Vermont and Massachusetts Railroad Company. Number of miles run by passenger trains, 630,-315; by freight trains, 720,491; by other trains, 20,679—total, 1,371,525—an increase of 196,752. Length of main road operated, 143 miles. Length of double track road, belonging to the company, 50.68 miles; length of Watertown Branch Railroad, belonging to the company, 6.60 miles; length of Lancaster and Sterling Branch Railroad, belonging to the company, 12.42 miles; length of Peterboro' and Shirley Railroad, belonging to the company, 23.62 miles; length of side and other tracks, belonging to the company, 43.37 miles—total length of tracks belonging to the company, 187.37 miles. Length of Vermont and Massachusetts Railroad, leased for 999 years, 30.11 miles; length of side tracks on Vermont and Massachusetts Railroad, 19.18 miles. Total length of tracks operated, 272.60 miles. Total number of passengers carried, 3,149,290; do. carried one mile, 30,690,340. Number of tons carried, 956,771; do. carried one mile, 53,224,939. There has been a decrease in the number of passengers carried of 144,437; an increase in the number carried one mile of 1,152,587, and an increase in the income therefrom of $11,861 42. The total number of tons carried has increased 67,912, the number carried one mile has increased 11,582,900, and the gross income therefrom has increased $60,380 99. Total transportation earnings have increased $75,-540 63. The report says:

During the year the company's property has been very much improved, and better adapted to perform satisfactorily not only its local, but the large through business via the Hoosac Tunnel.

Among the principal repairs and improvements the following may be mentioned: In repairs of road we have laid, exclusive of new work, 1,594 tons of steel, and 931 tons of iron rails, and 81,248 new ties.

Seven and one-quarter miles of the additional track between Fitchburg and South Ashburnham have been laid with steel, and the remaining portion of the work required to complete the entire distance is rapidly approaching completion, and without doubt will be entirely finished this season, adding greatly to the safety, convenience and economical working of the road.

New side tracks have been made and old ones extended as follows:

Upon the lower or Fitchburg Division, to the extent of one and three-quarters miles in all, at Charlestown, Somerville, Cambridge, Union Market, Waltham, West Acton and Fitchburg.

Upon the upper or Vermont and Massachusetts Division, two and eighty-six hundredths miles in all have been laid; viz., at West Fitchburg, Ashburnham, Templeton, Pequoig, Athol, Wendell, Paris and Miller's Falls.

We have also made changes in the grades upon our main line of road and Watertown Branch, which have reduced and greatly improved them.

Our numerous bridges have been carefully repaired, and many of them strengthened and improved by important additions; and, besides their thorough inspection by our own employes, they have been examined by a competent expert who reports them all in first-rate condition and abundantly able to sustain the extra traffic to which the business of the road subjects them.

New depots have been built at West Fitchburg and Westminster, and the one at Ashburnham has been almost rebuilt.

We have partially completed a commodious and convenient structure at Fitchburg, which we intend to use in conjunction with the Boston, Clinton, Fitchburg and New Bedford Railroad Company, as a Union Depot, they paying us a fair rental for the portion occupied by them. This improvement has long been desired by the inhabitants of Fitchburg, as the old building used for depot purposes was inadequate for the requirements of the business of that city. This depot would have been built much before this time, had not the provisions of an Act passed by the Legislature in 1869, providing for the erection of a Union Depot at that place, prevented our proceeding until the two railroads concerned therein agreed upon suitable plans for the same. By the present agreement made in June last, with the Boston, Clinton, Fitchburg and New Bedford Railroad Company, we are to construct and maintain the station building, own, and have sole control of it. The agreement also provides that the Boston, Clinton, Fitchburg and New Bedford Railroad Company shall abandon and remove its railroad track north of the old depot, which has been a source of danger and annoyance to passengers for many years.

We have added, since our last report, to our real estate by the purchase of 189,791 square feet of land in Somerville, which has a frontage upon our road of 980 feet, and, being located within about one-half mile of our present freight yards, will prove a valuable additional to our terminal facilities.

Land has also been purchased in Watertown for a gravel pit, and at Stony Brook for bulk freight.

We have long felt the necessity of more track room at Boston for our passenger business, and this season have secured the same by enlarging the wharf on the side of our stone passenger depot, and now have better facilities than ever for the prompt and satisfactory working of that business.

With the continued growth of our freight traffic, more accommodations were required and have been furnished, as follows: at Cambridge, a freight yard has been graded and track laid thereon, which will be a great convenience to our customers and increase our business there; at Fitchburg we have enlarged and laid new tracks in the upper freight yard. This yard contains two miles of side track room and was absolutely required to meet the demands of our through Western business for which it will be almost exclusively used, thus enabling us to use the lower yard entirely for our large local business.

We have completed the grading of our freight yard at Ashburnham, and the grading preparatory to laying new side tracks at Gardner.

In order to make a proper connection with the new location of the tracks of the Troy and Greenfield Railroad, belonging to the State, at Greenfield, we have graded nearly a mile of new road.

The two old wooden truss bridges in Fitchburg have been taken down and are being replaced, one by a double arch stone bridge, built in the most substantial manner, the other by a first-class iron bridge; the remaining wooden bridges, six in number, between Fitchburg and Ashburnham, have been replaced either with iron bridges or stone arches designed for two tracks.

Improvements in the water works used for supplying our engines at Royalston and Ashburnham furnish us with a sufficient and permanent supply of water.

Our equipment during the past season has been increased by ten first class locomotives, and two hundred and forty seven freight cars.

The gross earnings from passengers, freight, United States mails, express business, and rent of property, compared with the similar earnings of 1876, show an increase of $70,432 97, while the total gross earnings are $60,958 40 in excess of last year.

The operating expenses, exclusive of rents and interest, are $33,837 54 more than last year.

Rents and interest paid have increased $24,606 94, and the net earnings are $2,518 92 larger than last year; but our last year's earnings included the sum of $12,486 26 received for premiums on stock, &c., so that our actual net earnings are $15,000 18 in advance of last year.

We have also run 196,752 miles more than the previous year, owing to having been obliged to run three express trains daily each way, the entire length of our road, and many additional freight trains, in order to accommodate and secure the business to and from the West.

Owing to the continued depression of business, the number of passengers carried has decreased; but the total number of passengers carried one mile has increased considerably, while our income from this source exhibits a gain of $11,828 34.

A gain has also been made in our freight traffic, both in number of tons hauled and in income.

In our coal business the quantity water borne has been the largest we have ever received; and the work attendant thereon has been performed in a satisfactory manner, with the payment of almost nothing for demurrage.

The Hoosac Tunnel Line is in active operation, and at the present time comprises railroad companies whose tracks extend over almost the entire South and Southwest; and each of these roads has a direct interest in promoting the welfare of the line, as each is obliged to furnish its quota of cars.

This line in 1875 was composed of but 11 roads and 561 cars; at the present time it consists of 19 railroad companies and has 2,184 cars, and the number is constantly increasing.

In the past we have made large expenditures and pursued a liberal policy to secure and provide for the traffic which we believe will inevitably come to this road via the Hoosac Tunnel. These additions and improvements have considerably enlarged our debt; but our expenditures have been made with great caution and recently

in such directions as would yield an immediate return, as is already shown in an increased income from new and additional business.

We must continue to furnish suitable equipment and facilities as traffic may require; but with respect to improvements purely prospective in their character, it is only prudent to recognize the fact that the State has not defined its policy in regard to the future operation of the Tunnel, and the Troy and Greenfield Railroad now owned by it.

Permit us to add that your property is very valuable and in first class condition for performing the large and profitable business which will naturally seek the road.

By reference to the annexed statement it will be seen that the expenditures on account of construction exceed the amount of capital stock by $814,756 89; this, together with the sum of $492,075 80, represent the amount respectively expended in additions and improvements on the Fitchburg and Vermont and Massachusetts Railroads, and are not available assets until stock is issued to cover the amount expended in excess of the present capital, but stand as an investment until capitalized.

TRIAL BALANCE, September 30, 1877.

Construction accounts	$4,814,756 89	
Cash and cash funds	195,398 71

Treasurer.—M. D. BENSON.

Superintendent.—C. L. HEYWOOD.

Debt of Virginia.

The finance committee of the Virginia House of Delegates reports the debt of that State, (West Virginia's portion off,) to be, principal and accrued interest, should this interest be capitalized, $41,220,752 76, the total annual interest upon which aggregates $2,458,716 41. The total net revenue for the year 1877, on a basis of 50 cents on the $100, was $2,449,214 62; the current expenses of government and amount due free school fund $1,571,669 18, leaving net revenue applicable to the payment of interest $887,545 46, showing on the present basis of taxation there would be a deficiency of $1,571,170 95 in the payment of interest on the State debt and capitalized interest. The report is indorsed by both the State auditors.

☞ The Taunton Locomotive Manufacturing Company has contracted to build ten heavy freight engines for the Union Pacific railroad, to be delivered July 1, 1878. They are to be ten-wheeled, with 18 by 24 inch cylinders, and driving wheels five feet in diameter. In consequence of this large order, the works of this company, which have done little or nothing the past two years, will at once start up in nearly their full capacity, giving employment to some 300 men.

Philadelphia and Reading Coal and Iron Company.

The following is an extract from the Report of the President of the Philadelphia and Reading Railroad Company, for the year ending November 30, 1877:

The total tonnage of the estates of the Coal and Iron Company for the year was 5,183,637.03 tons, of which there were mined by the company 3,791,528.16 tons, and by tenants, 1,389,108.07 tons.

The following general income account shows the result of the business for the year:

Here follows statement showing gross expenses		$10,584,847 34	
Less gross receipts		10,007,031 94	
			$577,815 40
Loss as per statement of General Income			$577,815 40
Add for depreciation in value of—			
Stock of coal on hand	$239,173 09		
Stock at furnaces	4,990 46		
Portsmouth property	10,120 27		
Colliery equipments	$49,363 61		
Iron ore equipments	2,237 77		
Pottsville corral	1,234 20		
		52,835 58	
		$307,119 40	
Deduct for increased values as per inventory, Nov. 30, 1877—			
Of dead works at collieries	$52,496 07		
Of supplies at collieries	10,159 61		
Of iron ore mine impts.	4,670 41		
Of dead work at iron ore mines	74,292 12		
Of supplies at iron ore mines	2,231 45		
Of Pottsville machinery depot	20,310 52		
	$164,160 18		
Of stock at furnaces	1,648 81		
Of iron ore stock	8,089 93		
		173,898 42	
			133,220 98
Add for bad debts of current year			47,406 93
Add for expenses of leases to Crocker Bros., for storing iron			2,148 08
			$760,591 39
From which deduct—			
Profit of rolling mill	$3,154 89		
Amount received in 1877 for business of 1876	1,958 13		
		5,113 02	
Total loss for the year, including depreciation			$755,478 87

The interest account of the Coal and Iron Company for the year was $1,020,378 26, including therein the amount paid in the scrip of the railroad company, and there will be found in the appendix a full balance sheet from the books of the coal and iron company, exhibiting in detail the various items of its assets and liabilities; and also the yearly report of the Chief Engineer, with the usual accompanying statements and exhibits.

The actual cost of mining, preparing and delivering coal into the railroad cars for the year was $1 03.9 per ton, but as this sum includes the cost of all new work and improvements done and erected in the year, all of which have been charged to working expenses, the actual cost of mining was less than $1 per ton, and fully as low as the stockholders were led to expect by the report read at the last annual meeting. The tonnage from the lands was larger than could reasonably have been expected, and the only disappointment in the business of the year has been in the prices realized for the product. Up to the 1st of June, notwithstanding the large output of all the companies, the prices of coal, though extremely low, were maintained at such a figure as realized a moderate royalty upon each ton mined, but, in consequence of the large quantity of coal thrown upon the market about the first of June, by the action of some of the New York companies, one of which upon a falling market forced auction sales of the production of two months in advance, the price fell fully 50 cents per ton, and to a point from which there was but little recovery, even during the curtailment of production resulting from the strikes in the Wyoming region, and which was still further lowered upon the resumption of mining in the fall, until at the November auction sale of the Delaware, Lackawanna and Western Railroad Company in New York, the price fell to the lowest point ever reached in the history of the trade.

Notwithstanding, however, the bad result of the business of the coal and iron company, when it is considered that that company paid to the railroad company for coal freights alone over $5,000,000 in cash, and that the general merchandise and passenger receipts of the latter company were greatly increased by the business resulting from the large product of coal, it is evident that the profits of the railroad company from the business of the coal and iron company so greatly exceed the losses of the latter, that, taking into consideration the low prices and depressed condition of business, the joint result of the operation of the two companies must be considered as favorable as could have been expected.

It is certain that all that is now required to obtain good results is a fair price for coal, and when it is known that, if the price obtained during the last year had been equal to the lowest average price of any year in the previous history of the trade, the company would have made a large profit for the stockholders, it will surely be considered unfair to measure the value of its estates by the meagre results of such exceptional times.

☞ The gross earnings of the Chicago, Milwaukee and St. Paul Railway for the year ending December 31, 1877, were $8,114,894 27, the expenses $4,540,433 97, and the net earnings $3,574,460 70; from which deduct interest $2,140,871 50—leaving a balance of $1,433,589 20; deduct also seven per cent dividend on preferred stock, $859,213 31—leaving a balance of $574,375 89.

☞ The Pittsburgh, West Virginia and Southern Railroad was incorporated on the 25th ult. at Wheeling. It is to extend from the Pennsylvania line through the counties of Monongahela, Preston, and Taylor, to Grafton, West Virginia, on the line of the Baltimore and Ohio Railroad.

☞ W. C. Quincy has been elected President, and E. C. Winstanley Secretary and Treasurer of the Newark, Somerset and Straitsville Railroad Co.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in *"Italics."* State-aid Railroads are distinguished by a "§."

Fitchburg Railroad.

At the annual meeting of the stockholders of the Fitchburg Railroad Company held in Boston on the 29th ult., the following gentlemen were elected directors for the ensuing year: Wm. B. Stearns, Seth Bemis, Robert Codman, Rodney Wallace and C. U. Cotting.

The annual report of the directors, an abstract of which is given in our present issue, was submitted and placed on file.

On motion of Mr. Eleazer Pratt of Boston it was voted that the taking of the lease of Constitution wharf by the directors of the Fitchburg Railroad Company, and the agreements entered into by them in relation to said wharf with the owners thereof, are hereby approved and ratified; and the directors are also authorized to take any measures which they deem prudent for the storage and delivery of the merchandise carried over the railroads controlled by this corporation, either under the powers conferred upon railroads by chapter 384 of the statute of 1874 of this Commonwealth or otherwise.

The President stated that the directors had effected a lease of the Constitution wharf property at the rate of $11,000 and interest and taxes for five years, subject to a renewal for five years, and a further renewal for ten years at $15,000 per annum, and the right to purchase the property for $250,000.

On motion of Hon. Daniel Needham it was voted that power is hereby given to the directors of this corporation to do and perform any and all the acts, matters and things, which the Fitchburg Railroad Company are authorized to do by the third and fourth sections of the 401st chapter of the statute of 1874, and any acts amendatory thereof. Col. Needham stated that the business of the road had doubled within the last two years; the number of miles operated in the same proportion, and that this without increasing the capital, had largely augmented the expenses. To-day the capital stock of the company was four millions, its bonded debt one million, its floating debt only six hundred thousand dollars. With increasing business additional means may be needed, but the directors feel that nearly all the expenditures required for improvement both for the present and the future has been made; yet desirous of making provision for all possible contingencies, he had offered the resolution for the consideration of the meeting.

The President stated that the directors had no intention of increasing the capital stock at present, but before another annual meeting it might be found necessary to do so.

☞ The Seaboard Pipe Line Company (Limited) has been duly organized according to law, and the articles of partnership recorded at Meadville. The officers are: Byron D. Benson, President; Robert E. Hopkins, Secretary and Treasurer. Directors, B. D. Benson, R. E. Hopkins, David McKelvy, C. V. Culver and B. B. Campbell. The articles of association fix Titusville, Penn., as the headquarters of the company.

☞ The Cincinnati, Wabash and Michigan Railroad, with all its rolling stock and appurtenances thereunto belonging was transferred to the Lake Shore and Michigan Southern Railway Company on the 8th ult. This line extends from Goshen, south to Anderson, a distance of 123 miles, crossing the Baltimore and Ohio at Milford, twelve miles south of Goshen, and the Pittsburgh, Fort Wayne and Chicago at Warsaw.

The Popular Loan.

In reply to inquiries as to the so-called Popular Loan announced by the Secretary of the Treasury; it is simply a notice by the Government that it will issue four per cent. bonds of small denominations to all who desire to invest their savings in such securities. The proceeds of these bonds will be used to redeem the outstanding six per cent. bonds. It derives the name popular loan from the fact that the bonds are of such denominations that those having small sums—$25, $50, $100, etc.—can invest the money in such a bond. Information as to the steps to be taken to make such an investment can be obtained upon application to Messrs. Fisk & Hatch, Bankers, No. 5 Nassau St., New York.

Finances of Delaware.

The accounts of the State treasurer of Delaware show a reduction of the bonded debt of $222,000 during the year, and the treasurer is confident that by judicious management the entire State debt can be extinguished in seven years without imposing any serious burden of taxation upon the people. The whole amount of indebtedness of the State is (counting the $600,000 loaned to railroads) $1,127,000. The total investment of the State, exclusive of the school fund, is $673,050. There is due the State from the counties and rail road bonds, together with cash in the Farmers' Bank at Dover, in round numbers $128,000.

German Railways.

There are now 17,000 kils. of railway lines in Germany, of which 8,800 kils. are owned by private companies, and 8,200 by the State; 4,700 kils. of these latter being the sole property of the State, and 3,500 kils. private property worked by the State. This shows a great increase in the length of line owned or worked by the Government, as in 1874, for instance, out of a total length of 13,718 kils., 7,214 kils. were owned by private companies; 4,037 kils. by the Government, and 2,467 kils. of private lines were worked by the State, making 6,504 kils. of line only then under the control of the State.

☞ The reorganization plan of the Erie Railway, to carry out which it is to be sold under foreclosure of mortgage, is said to have received the assent of the holders of $38,648,000 out of the total mortgage debts of $41,056,000, 327,636 out of the total of 780,000 shares of common stock, and 48,683 out of 85,369 shares of preferred stock. Nearly the entire assent comes from share and bondholders in England.

☞ The Pennsylvania Railroad Company in Maryland will receive proposals for the graduation, masonry, bridging and superstructure of their road, comprising about six miles. Profiles and plans may be seen at the office of the Company until 12 M., February 7, 1878. Address Maurice A. Healey, President, P. O. Box 341, Cumberland, Md.

☞ C. R. Colwell has been elected President, J. H. Burrell, Jr., Secretary and Treasurer, and P. V. Robinson, Superintendent, of the Philadelphia and Atlantic City Narrow Gauge Railway Company.

American Railroad Journal.

Saturday, February 3, 1878.

Financial and Commercial Affairs.

Business in the financial and commercial lines has been more or less disturbed by the reports from Europe, as to the political position and outlook, in connection with the Russo-Turkish conflict; and the accounts from Washington, relative to the probable fate of the various Silver, and other financial projects, now pending in Congress. The additional announcements of failures and suspensions have also contributed to increase the prevalent uneasiness and distrust. A generally stronger Money market has been reported, with more of reserve on the part of prominent lenders than had been looked for, thus far in the new year. The demand for aid has been more urgent, chiefly from speculative sources. Call loans were quoted here at from 4@7, the principal negotiations having been within the range, closing on Wednesday at 5@6 per cent; and very choice to prime mercantile credits were rated at 5@7½ per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $1,423,100, and in the item of circulation of $48,700. The average of deposits was augmented $1,198,900. The legal tender reserve was increased $41,900; and the specie average $1,716,100. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $15,682,000, as against $14,173,725 the preceding week. The City bank exchanges in currency reached $378,019,773, or a daily average of $68,003,299.

On Tuesday of this week the cash balances of

the Treasury Department at Washington were: of Currency, $3,009,782; special deposit of legal tenders for the redemption of certificates of deposit, $38,095,000; Coin, $131,514,596, including of Coin certificates, $41,566,600.

Government securities have been fairly active, chiefly on investment account, but prices—here as in the London market—have been variable, influenced chiefly by the reports from Washington as to the prospects of pending financial legislation, especially on the Silver question. Monday and Tuesday's transactions indicated a rather sharp decline. At the close on Wednesday the current quotations were as follows:

United States currency sixes, 118½@121½; do. 6s, 1881, registered, 106⅝@106¾; do. coupon, 106¾@107; do. 1865, new, registered, 102⅞@103⅛; do. coupon, 102⅞@103; do. 1867, registered, 105½@105⅝; do. coupon, 105½@105⅝; do. 1868, registered, 108@108½; do. coupon, 108¾@109¼; do. ten-forties, registered, 107⅝@107¾; do. coupon, 108⅛@108⅜; do. five per cents, 1881, registered, 104⅜@104⅝; do. coupon, 105⅝@105¾; do. 4½ per cents, 1891, registered, 103⅝@103⅞; do. coupon, 103⅝@103¾; do. 4 per cents, 1907, reg., 101@101¼; do. small, 102@102¼; $500 and $1,000, coupon, 101¾@102¼.

Popular subscriptions to the four per cent funding loan as reported have already reached nearly five millions.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $346,075,050, and $13,643,000 as security for public deposits.

The outstanding amount of legal tender notes is $349,943,776. The National bank circulation is now $319,540,354 of currency notes and $1,432,120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,521,000.

Less animation has been reported in the market for State bonds which have been quoted more or less unsettled as to values, though at the close showing more firmness in the instance of the more prominent loans, the latest dealings in which were indicative of a somewhat better investment demand. Railway Mortgage loans have been in generally good request with the favorites of the actual interest bearing loans, which were sought after for investment purposes, quoted generally rather stronger in price. And in the line of Railway and Miscellaneous share property the volume of dealings has been much less extensive, checked in part by the reports as to the freight conflict, as between the great trunk lines, and the tenor of the advices from Europe, and Washington, (the latter chiefly in relation to the various Silver projects), which circumstances worked against speculative activity. Monday's transactions were the lightest of the week. Toward the close, business showed a little more life, but the market wound up somewhat unsettled and feverish.

The income of the Government from internal revenues last week was about two millions, and from Customs last week again about 2¼ millions.

Dealings in Gold were to a more liberal aggregate, especially, late in the week, on speculative account, stimulated, in good part, by the reports and rumors from Washington, relative to the prospect of definite legislative action, on the Silver and other financial questions, pending in Congress. The price was advanced quite promptly on Monday and Tuesday, and left off firmly at about the highest figures of the week. The extremes of the price during the week have been 101¼@102⅛, closing on Wednesday at 102⅛@102⅜ as against 101⅜ on Wednesday of the preceding week. The specie outflow last week was $346,750—making the total exports of specie hence since January 1, $1,398,109 against $971,491 the same time in the preceding year. The imports of specie at this port last week reached $11,780, and since January 1st have been $673,549 as against $1,246,720 same time in the preceding year. The Customs demand for gold last week reached $1,657,000 or an average of $242,833 per day.

Foreign Exchange has been quoted a fraction dearer, on, however, a very moderate business, closing somewhat tamer. Bankers' sixty day bills on London closed on Wednesday at $4 82¼@$4 83; sight bills on London at $4 84@$4 85 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $4,298,575 as against $5,641,431 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $1,504,920 of Dry Goods, and $2,793,655 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the very liberal aggregate of $7,032 948, against $5,535,160 same week in 1877.

Some increase of demand has been reported for Hardware, Boots and Shoes and Dry Goods, but the general movement has not been remarkably active as yet and has been indicative of irregularity as to values.

Dealings in the leading kinds of domestic produce have been on a restricted scale, with Breadstuffs, Naval Stores, Petroleum, Provisions and Cotton quoted toward the close lower. The foreign advices continue against free export dealings especially in Grain. Foreign merchandise has been moderately sought after and quoted somewhat weaker. Coffee and Sugars cheaper.

Metals have been rather more active but irregular as to price. Eglinton Pig Iron quoted at $24@$24 50; Glengarnock $25@$25 50; Coltness $26 50@$27; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$19. Forge $16@$17; American Rails at works $33@$37. Old Rails $19. (10,000 to 12,000 tons reported sold at $19 gold.) Wrought Scrap $22@$23. Steel Rails, on the basis of $42@$48 at mills and delivered. (10,000 tons reported sold on private terms.) Ingot Copper in fair demand on the basis of 17⅜@17½ for early delivery and 17¾@18 for forward delivery; sales 250,000 lbs.

At the auction sale of Scranton Coal on Wednesday 50,000 tons sold within the range of $3 10@$3 60, as against 2.87½@3.10, at the preceding sale, showing a sharp advance.

Ocean freights have been fairly active chiefly in the way of contracts for Breadstuffs, Provisions, Cotton, Petroleum, and general merchandise, but at generally easier rates in the chartering line and for berth room by sail. Liverpool steamer rates at the close for Grain, quoted at 10d. Flour, at 3s. Provisions, 40s.@50s.; Leather, 60s. Measurement Goods at 22s. 6d.@25s. per ton; Cotton, ⅛d. per lb. Liverpool, by sail, Cotton, 15-64@⅛d. Grain, at 7⅛d.; Flour, 2s. 4½d.; Measurement Goods, 17s. 6d.; Tobacco 30s.; Oil Cake at 20s.@22s. 6d. Grain rates on charter hence for Cork and orders left off at 5s. 9d.; for the Continent Grain at 5s. 9d.@6s.; and from Baltimore for Cork and orders, 5s. 9d.@6s. and from Philadelph'a at 5s. 9d.@6s.; and from Portland at 6s.@6s. 3d. Refined Petroleum hence for Cork and orders, 4s.@4s 3d.; for the Continent, 3s. 6d.@4s. for Stockholm at 4s. 6d. Cotton by sail from New Orleans to Liverpool 18-32d.; from Galveston, at ⅛d; Ky. Tobacco from New York to Genoa at 37s. 6d. Naval Stores from Wilmington or Charleston for Cork and orders at 3s. 6d.@5s. 3d. Lumber from Brunswick to the River Platte, $19. Deals from Charleston or Savannah to the United Kingdom at 110s.; Hewn Timber from Doboy to do., at 87s. 6d. Through Provision freights from the West for Liverpool, by steam, 78@83; for the Continent at 85@$1 per 100 lbs.

United States Four Per Cent Bonds.

Messrs. FISK & HATCH, the leading dealers, in this city, in United States Bonds, are prepared, as stated in their card, given elsewhere, to supply the new Government bonds, in all denominations, registered or coupon, at the Government subscription rate, or at the current market price, if more favorable to the purchaser. Payment will be received in gold, or its equivalent in currency at the market price of gold at the time. By purchasing the bonds direct from Messrs. FISK & HATCH, investors will avoid the formality of a subscription and the purchase of gold with which to make payments, and can receive their bonds at once. The fact that a house which enjoys such a high and deserved reputation for business sagacity has so promptly engaged in the negotiation of the loan augurs well for its future popularity. Intending investors would do well to supply themselves with the pamphlet published by Messrs. FISK & HATCH, containing full information in regard to Government bonds, and which can be had on application at their office, No. 5 Nassau St, New York.

Pennsylvania Railroad.

The Pennsylvania Railroad has made up its statement of business for December sufficiently to be able to give an approximate statement of the traffic, receipts, and expenses for that month and for the year 1877, as compared with the corresponding periods of 1876. During December, 1877, all the lines east of Pittsburg and Erie, when compared with December, 1876, show a decrease in gross earnings of $241,175, a decrease in expenses of $68,620, and a decrease in net earnings of $172,555. For the year 1877, as compared with the year 1876, all the lines east of Pittsburg and Erie show a decrease in gross earnings of $5,778,915, a decrease in expenses of $3,052,762, and a decrease in net earnings of $2,721,153. The lines operated by the Pennsylvania Railroad west of Pittsburg for the year 1877, shows a deficiency in meeting all liabilities of $461,298. In considering this statement, which represents the traffic returns of the Pennsylvania Railroad for the past year, and gives, we are informed, a close approximation to the figures that will appear in the forthcoming annual report, it is important to remember that the comparison is made with the Centennial year, when the business of the railroad was largely increased by the heavy traffic arising from the Exhibition.

Erie Railway.

The Receiver of the Erie Railway Company has filed in the County Clerk's office his report for November, 1877. His report shows that on November 1 the cash on hand was $641,332 56, that during the month the receipts were $2,713,452 80, that the disbursements for the month were $2,256,404 79, and that there was on hand at the close of the month a cash balance of $457,048 01. The report further shows that on October 31st, the certificates of indebtedness issued by the receiver amounted to $1,961,147 18, and that on November 30th, they amounted to $1,608,916 79—a diminution during the month of $353,230 39.

Poughkeepsie Bridge Co.

At the annual meeting of the stockholders of the Poughkeepsie Bridge Company, held in New York on the 15th ult., the following directors were elected: A. B. Stone, New York; H. G. Eastman, John F. Winslow, George Innis, Poughkeepsie; George F. Wilson, Providence, R. I; E. L. Bolles, New York; Homer Ramsdell, Newburgh; J. M. Allyn, Hartford, Conn.; W. Ferguson, New York. At a subsequent meeting of the board, A. B. Stone was re-elected President, H. G. Eastman Vice-President, George Innis Treasurer, George P. Pelton Auditor, and A. W. Cable Secretary.

☞ The U. S. Supervising Inspector General of Steamboats has lately ordered one of Riehle' Bros. (Phila. Scale Works) latest improved testing machines to be put up in the Treasury Department at Washington, D. C. It is intended to be the standard machine, and tests made on it will be final in all cases of dispute as to the strength of boiler-plate iron submitted by the manufacturers. Chief Engineer Stratton is also to have of Riehle' Bros. wire testing machines at the Navy Yard.

Railroads of the World.

Messrs. A. Chaix & Co., Paris, have recently published their official railway statistics showing the length of railways in operation in 1876, of which the following is a summary:

EUROPE.

	Miles.
Germany	17,338
Austria	10,768
Belgium	2,169
Denmark	781
Spain	3,594
France	13,390
Great Britain	16,659
Greece	7
Italy	4,767
Holland and Luxemburg	1,174
Portugal	591
Roumania	764
Russia	12,121
Scandinavia	2,769
Switzerland	1,290
European Turkey	952
Total	89,129

ASIA.

Caucasus	622
Ceylon	82
India	6,475
Japan	38
Java	162
Asiatic Turkey	249
Total	7,628

AFRICA.

Algeria	333
Cape of Good Hope	65
Egypt	947
Mauritius	66
Natal	2
Tunis	37
Total	1,450

NORTH AMERICA, CENTRAL AMERICA AND WEST INDIES.

Canada	4,097
Costa Rica	29
Cuba	397
United States	72,508
Honduras	60
Jamaica	27
Mexico	38
Total	78,156

SOUTH AMERICA.

Bolivia	59
Brazil	830
Chili	614
Colombia	66
Argentine Republic	982
Peru	960
Paraguay	45
Uraguay	189
Venezula	8
Total	3,753

OCEANICA.

West Australia	40
South Australia	196
Victoria	562
New South Wales	404
Queensland	263
Tasmania	45
New Zealand	238
Total	1,748

RECAPITULATION.

Europe	89,129
Asia	7,628
Africa	1,450
America, N. & S.	81,909
Australasia	1,748
Total	181,864

The following shows the number of miles per 100,000 inhabitants in several European and American countries:

United States	163	Scandinavia	24
Canada	139	Denmark	24
Uraguay	100	Paraguay	23
Costa Rica	70	Spain	21
Argentine Republic	64	Brazil	18
United Kingdom	50	Honduras	17
Chili	49	Italy	16
Belgium	41	Russia	14
Switzerland	33	Mexico	6
Germany	32	Jamaica	5
Peru	32	Bolivia	4
France	31	Colombia	2
Cuba	28	Venezuela	½

Finances of Baltimore.

The receipts from all sources from November 1, 1876, to December 31, 1877, (including $308,334 70 from previous year) were $12,485,071 51, and the disbursements $12,181,394 97, leaving a balance in cash of $303,676 54. The requirements for the current fiscal year are estimated to amount to $6,016,931 05, and the receipts to $1,538,245—leaving $4,478,686 05 to be raised by taxation. This is an increase of $860,192 49 over the last fiscal year, and is occasioned by decrease of revenue from Baltimore and Ohio Railroad dividend, by increased estimates by detailment, and also by the fact that, while the levy for last year was for twelve months, the disbursements were for fourteen months. As no provision was made for two extra months there was a necessary increase in the floating debt.

The collector of taxes estimates that the arrears amount to $2,535,772 17, and the balance of "existing claims" to $1,342,721 19, leaving an apparent balance of $1,193,050 93 applicable to current expenses. But this statement cannot be taken as a basis of estimates for the current year, because it is impossible to collect all the arrears of taxes, and the revenue therefrom cannot be estimated. If they could be counted on it would be necessary to provide $3,285,676, instead of $4,478,686 05.

The funded and guaranteed debt of the city amounts to $34,092,965 17, and the productive or interest bearing assets to $24,835,519 72, leaving the actual indebtedness $9,257,445 45. The guaranteed debt amounts to $1,492,000, viz: Western Maryland Railroad Company, $1,375,000, and Union Railroad Company, $117,000.

The net amount of funded and guaranteed debt for which the taxpayers are liable for the interest is $19,741,853 48, an increase over last year of $2,952,620 57, the annual interest upon which increase is $182,448. Since the last annual statement the funded debt of the city has increased $1,021,900, by an issue of $135,300 of 6 per cent stock of 1900 for the improvement of Jones' Falls and $886,600 of 1894 five per cent stock for a permanent supply of water from the Gunpowder river. The entire amount of the 5 per cent water stock was taken by the commissioners of finance at par; the 6 per cent stock was sold on the market, realizing $152,017 75. To the annual interest on these issues of stock, $52,448, add $130,000 decrease in dividends from the Baltimore and Ohio Railroad Company, making $182,448, from which deduct $50,000, the amount annually saved the city by the conversion of the $5,000,000 water 1875 six per cent stock into 5 per cent stock, we have the amount $132,448.

The York and Cumberland Railroad Company bonds guaranteed by the city were paid at maturity, January 1, 1877, and the mortgage on the road released, thus decreasing the guaranteed debt of the city $500,000.

The sinking fund for the redemption of the five million loan to the Baltimore and Ohio Railroad Company, due in 1890, now amounts to the sum of $1,958 623 57, an increase since last report of $109,745 47.

The sinking fund for redemption of Western Maryland Railroad bonds guaranteed by the city has increased $8,579, the present value of the fund being $166,180 59.

From the total of $34,092,965 17 funded and guaranteed debt must be deducted $5,983,379 69, viz: water loan, interest paid from water rents, $5,000,000; park loan, interest paid by city railway companies, $755,566 25, and cash in bank for redemption of 1875 water stock, $227,813 44, leaving a balance of $28,109,585 48. And the city holds productive assets against this to the amount of $18,852,140 03, and unproductive assets to amount of $4,889,772 57, omitting the latter from the estimate, the actual funded debt is $9,257,445 45.

Railroads of Wisconsin.

From the Report of the Railroad Commissioner of Wisconsin we learn that there are sixteen railroad corporations within the State, all but the Fond du Lac, Amboy and Peoria having made reports. The number of miles of road in the State owned by each company is represented by the following table:

	Miles.
Chicago, Milwaukee and St. Paul	685
Chicago and Northwestern	566.58
*Chippewa Falls and Western	10.33
Galena and Southern Wisconsin (narrow gauge)	20
*Green Bay and Minnesota	243.60
*Milwaukee, Lake Shore and Western	146.70
Mineral Point	49
*Madison and Portage	39
*Pine River and Stevens Point (narrow gauge—wooden rail)	16
Prairie du Chien and McGregor (pontoon bridge across Mississippi River)	1 75
*Sheboygan and Fond du Lac	79
Western Union	85.20
West Wisconsin	177.50
*Wisconsin Central	445.50
*Wisconsin Valley	89.90
Total	2,659.06

*Roads wholly in Wisconsin.

The total mileage of the roads is 4,985.26, of which 2,659.06 miles are in the State.

The total capital of the companies is $100,000,000. The earnings for the year ending September 30th, 1877, are represented by the following table:

Passengers—whole line	$5,578,662 19
" in Wisconsin	2 447,526 08
Freight—whole line	16,130,946 03
" in Wisconsin	7,188,790 56
Mails, express and all other sources—whole line	1,151,818 89
" in Wisconsin	529,448 09
Totals—whole line	$22,861,427 61
" in Wisconsin	$10,165,764 73

The greatest work accomplished by the commissioner has been with the West Wisconsin Railway, where the bridges were examined and one rebuilt, over Black River, at his recommendation. Some roads have delayed making their reports, which has prevented the completion of the tables, but the general report is a decrease in the amount of business over previous years.

☞ The gross earnings of the Philadelphia and Erie Railroad for the month of December, 1877, were $257,742 28, the gross expenses $157,239 03, and the net earnings $100,503 25. The net earnings for the year 1877, were $1,123,365

36, against $1,164 533 25 for the year 1876, a decrease of $41,167 89.

Debt of Milwaukee, Wis.

The total outstanding indebtedness of the city of Milwaukee, January 1, 1878, was as follows:

Readjustment bonds and scrip		$339,289 25
Water bonds		1,600,000 00
General city bonds		342,000 00
Dredging bonds		1,000 00
City scrip		47,592 41
Superior railroad bonds		3,000 00
Beloit railroad bonds		2,000 00
		$2,334,881 66
Less scrip due Feb. 1, 1876, money in treasury	$47,592 41	
Less Beloit railroad bonds	2,000 00	
Less Superior railroad bonds	3,000 00	
		52,592 51
Total indebtedness Jan. 1, 1878		$2,282,289 25
Less estimated balance sinking fund	$90,000 00	
Less water bonds held for sinking fund	35,000 00	
		125,000 00
Actual indebtedness Jan. 1, 1878		$2,157,289 25

Interest on bonded indebtedness of the city is payable as follows:

Readjustment bonds 5 per ct. June 1 and Dec. 1
Water bonds 7 per ct. Jan. 1 and July 1
General City bonds $242,000 7 per ct. Jan. 1 and July 1
General City bonds $100,000 7 per ct. June 1 and Dec. 1

The total assessed valuation of the city for 1877, was $53,854,126, and on this amount was levied as tax for city and ward purposes exclusive of assessments against lots for sewers and street improvements, the sum of $986,587 89; levied for state, county and school tax, $256,055 08—total tax levy, $1,242,642 97. The amount is $73,616 53 less than was levied for the same purposes in 1876.

Erie Railway Accounting.

Mr. Edwin D. Worcester, Secretary of the New York Central and Hudson River Railroad Company, has made an affidavit in regard to the Erie Railway litigation, in answer to the affidavits of Alexander Robertson and Charles Barrett, and in support of the affidavit of Stephen Little, auditor of the accounts of Receiver Jewett, of the Erie Railway. Mr. Worcester states that he is perfectly familiar with matters pertaining to railroad accountings, and that he has examined the said Little's affidavit and the statements and accounts therein given, and finds them substantially correct; and that Robertson and Barrett erred in their conclusions, because they selected certain items for consideration, separating them from their necessary connection with other items, instead of considering all together and in their relations to each other. Mr. Worcester then reviews certain decisions of the State Board of Railroad Commissioners in regard to the term "Floating Debt," showing that it does not include current and accruing indebtedness for labor and ordinary supplies; that the statements called for by the law, under the head of "Earnings and Cash Receipts and Profit and Loss," constitute a profit and loss account for the year as distinguished from a statement of actual cash transactions; and that the reason the language used in the general railroad act is not more definite is, in his opinion, because of the fact that when the act was passed, the magnitude and complications of the companies were so small that the amounts receivable for or chargeable against the business of the year would nearly or exactly agree with the amounts received and paid in cash. Isaac P. Chambers, Auditor of the New York Central and Hudson River Railroad Company, also makes affidavit that he is satisfied the affidavit of Auditor Little is correct and completely exposes the errors in the affidavits of Robertson and Barrett.

Portland and Ogdensburg Railroad.

The following statement of the Treasurer, A. W. Hastings, was presented at a meeting of the bondholders of the Vermont Division of the Portland and Ogdensburg Railroad, held at Springfield, Mass., on the 24th ult.:

ASSETS.

Construction and equipment account, including discount on town and rail road bonds, and interest during construction to date	$4,930,772
Shop stock, machinery, and material on hand	80,000
Cash balance, &c	49,500
Stock subscriptions due	55,500
	$5,065,772

LIABILITIES.

Capital stock paid	$1,022,000
First mortgage bonds sold	1,457,800
Pledged	842,200
Consolidated bonds pledged	82,000
Second mortgage bonds pledged	189,000
Preference bonds sold	94,000
Pledged (preference)	314 000
Pay rolls, supply bills, &c	82,000
Notes and bills	404,772
Amount coupons to Nov. 1, 1875	234 000
Traffic balance	86,000
Balance due agents	398,000
Total	$5,065,772

Railways in West Australia.

A correspondent of Herapath's Railway Journal says that there seems to be a good prospect of considerable railway extensions being commenced at an early day in the colony of Western Australia. As yet the only railway open for traffic is the Geraldton and Northampton line. The following lines have during the last few years been projected and surveyed by Mr. Thos. H. J. Browne, C. E., of Perth, the capital of the colony:

1. A railway from the Port of Freemantle, to the Eastern Districts of the Colony, divided into 3 sections, viz: The Swan Valley railway, from Freemantle through Perth to Guildford, at the head of the Swan Navigation, a distance of 18 miles; the Helena Valley railway, from Guildford, in continuation of the Swan Valley line to York, a distance of 49 miles; the Avon Valley railway, forming a north and south junction with the Helena Valley line at York, placing the important towns and districts of York, Beverley, Northam, Newcastle, and Toodyay in communication with each other, and by the Helena Valley line with Perth the capital, and Freemantle the chief seaport of the colony. This line would be 50 miles long.

2. A railway from the southern seaport of the colony, Bunbury, the port of call for whalers, and the output for the chief of the timber trade of the colony to the large agricultural district of Dardanup, and the jarrah timber forests at the foot of the hills enclosing the valley of the Ferguson river, 20 miles long.

3. A railway from the northern seaport of Geraldton to Greenbough Flats, the great grain producing district of the colony; length 18 miles.

It is intended that these railways shall be made as sing'e lines of 3ft. 6in. gauge, laid with 30lb. rails of Vignoles type, on split slab jarrah sleepers, the rails fished at the joints, and secured by dog spikes to the sleepers in the usual way.

In no country of Australasia can railways be made more cheaply than in Western Australia; and the lines above named can not only be made cheaply but quickly, owing to very favorable local conditions.

Mr. Browne, long resident at Perth, has spent several years in maturing plans and estimates for these various works, and his proposals are thoroughly approved by the most influential persons in the colony, as being well suited to the wants of the locality. The estimated cost of all these lines is under £3,000 per mile, and if they are carried out as intended only the most moderate traffic returns would yield a dividend.

Elkton and Delaware Junction Railroad

At a meeting of the commissioners of the Elkton and Delaware Junction Railroad, held in Baltimore on the 25th ult., it was voted to open books for subscription to the stock at the Baltimore Corn and Flour Exchange on Monday, February 4, shares $100 each. A committee was also appointed to ask the Legislature for the transfer of the $58,000 that was assigned by the State to the Elkton and Massey's railroad in 1860, but which project has been abandoned and the money not used. This money is part of the $1,000,000 subscribed by Maryland to Eastern Shore railroads in 1860, all of which has been used except the portion assigned to the Elkton and Massey's project. The Baltimore Sun, from which the above is obtained, says that the new road, to run from Elkton, Cecil county, Md., to Middletown, Del., thirteen miles, is of vital importance to the trade of Baltimore with the Eastern Shore, as it shortens the distance thirty-one miles, and then adds:

Mr. Pratt, who is vice president of the Philadelphia, Wilmington and Baltimore Railroad Company, says the road will cost from $150,000 to $175,000, and the money should be raised here without trouble. He thought that if parties interested in Eastern Shore trade with Baltimore now show a disposition to aid the project his company will lend a helping hand. His road would sooner carry traffic forty miles, as now, than thirteen miles over the new route; but the shorter line would make up by doing a greater business. He said five years ago, when the building of the road was agitated in Baltimore, he offered, for the purpose, to put on the market bonds bearing six per cent. interest indorsed by the Philadelphia, Wilmington and Baltimore Railroad Company, but there were no takers. If the same lukewarmness is shown now he said his company will let the project take care of itself. As an earnest of their desire for the success of the project those of the commissioners present, including Mr. Pratt, each subscribed $1,000 to the stock.

☞ The Reading branch of the Wilmington and Reading Railroad, extending from Birdsboro to Poplar Neck, in Bucks county, Penn., was sold by auction at the Philadelphia Exchange on the 29th ult. for $6,000. The sale was made on the suit of F. E. Sampson vs. Geo. Richardson and others, in the United States Circuit Court for the Eastern District of Pennsylvania, and clear of all

incumbrances, subsequent to the lien of a mortgage dated July 6th, 1874.

Railroad Construction in 1877.

The construction of railroads during the past year was smaller than for any year since 1871 with the exception of 1874 and 1875. In 1872 7340 miles of road were constructed; 3883 in 1873; 2,025 in 1874; 1561 in 1875; 2460 in 1876, and 2190 in 1877. California leads the list of the past year with 239 miles constructed, Ohio comes second with 236 miles, and Minnesota third with 210 miles. Fifteen States or Territories, including Alaska, built no road at all, and in Alaska, Arizona, Idaho, Montana and New Mexico no railroads have ever been built. New England built only 119 miles of road during the past year, and the South Atlantic States only 84, the greatest activity being manifested in the Middle States, where 376 miles were built, the North Interior States, including Ohio, Michigan and Indiana, 308 miles, and the Northwest States, comprising Illinois, Wisconsin, Minnesota, Iowa, Missouri, Kansas and Nebraska, where 619 miles of track were laid. About two-thirds of the mileage built last year was in eight States, each of which constructed more than 100 miles. Illinois, which has a larger mileage of railroad built than any other State in the Union, and which for several years has led the country in the amount of additions it has made to its extensive system, built only 33 miles of road in 1877 or but 1¼ per cent. of the total. A curious fact is that Ohio, which has more non-paying railroads within in its limits than any other State in the Union, built more roads in 1877 than during any year before since 1871, came within four miles of leading every other State, and constructed 10¼ per cent. of the whole amount of track laid. Nearly all Ohio's new lines, however, are local, and aim not at all at the "great through traffic" which has called into being and ruined so many railroads in all parts of the country. Of the 236 miles built by Ohio last year 157 are of narrow gauge and made light and cheap. These narrow gauge roads have this disadvantage, however, that they do not allow the transfer of their rolling stock to other roads of the standard gauge, and hence are unable to seize any opportunity which might offer of extending their business beyond their own limits.

The entire construction of narrow gauge road during the year was unusually large, amounting to no less than 705 miles, or nearly one-third of the total. The building of this class of road is becoming very popular, on account of its cheapness in construction and maintenance, and as economy is now the order of the day, it is probable that the next few years will show a still larger percentage in favor of this sort of line than even the year just closed.

These figures do not give much encouragement to those who are hoping that the country will soon grow and population increase sufficiently to utilize and render profitable the railroads which are now so numerous as to be far in excess of the demands upon them. During the past year, the percentage of increase in railroads was larger than that of the increase of population, and the United States still holds its own as having a larger mileage in proportion to the number of its inhabitants than any other nation. We have now about 80,000 miles of road in this country and a probable population of 45,800,000, which gives 575 persons to support one mile of road and a nominal investment in railroads of $100 for each individual. In this respect we are far in advance of Europe, which has 3310 inhabitants to support every mile of road, and of even Great Britain and Belgium—countries most fully provided with railroads of any in the Eastern Hemisphere—where there are 1860 and 2283 inhabitants respectively per mile. There is information at hand of very few new projects in railroad building during the present year, though there are a number of unfinished lines on which work is now in progress. Most of these are short roads, however, with the exception of the Southern and Texas Pacific, whose further rapid building will doubtless depend on the action which Congress is expected soon to take upon them. The Northern Pacific is expected to do little toward completing its great line, and though a number of long Texas lines are only waiting for capital to build them, little is at present anticipated from that quarter. It will need many years of depression in this industry, however, to bring the necessities of the people up to the facilities afforded, and though time will doubtless render profitable most of the roads in the country, stockholders need not expect to reap a very abundant return for their investments at present.—*Boston Journal.*

☞ David Seslor has been elected President, John G. Clemens Vice President and M. C. Adams, Secretary of the Columbus and Miami Valley Railroad Company.

U. S. Four Per Cent. Bonds

We are prepared to furnish the new United States Four Per Cent. Bonds, coupon or registered, in all denominations, FOR IMMEDIATE DELIVERY at the Government subscription rate, or at the current market price if more favorable to the purchaser.

Payment will be received in gold or its equivalent in currency at the market price of gold at the time.

By purchasing the Bonds direct from us investors will avoid the formality of a subscription, and the purchase of gold with which to make payment and receive their Bonds at once.

The Coupon Bonds are in denominations of $50, $100, $500 and $1,000, and the Registered Bonds in denominations of $50, $100, $500, $1,000, $5,000 and $10,000.

Interest payable quarterly on the first days of January, April, July and October.

We are also prepared to furnish, at the lowest market rates, all other issues of Government Bonds for immediate delivery, or to buy them, in exchange for the 4 Per Cent Bonds, or for cash.

All marketable Stocks and Bonds bought and sold on commission.

Gold, gold coupons and "called" Five-Twenty Bonds bought at best rates.

We have published a pamphlet containing the information which investors desire about Government Bonds, copies of which can be had upon application.

EDWIN H. BROWN,

7 Warren Street, New York,

Solicitor U. S. & Foreign Trade Marks & Patents.

Make a note of the time when you first think of an invention, date and keep all writings, sketches, drawings and models of it. It will be well to have persons sign the former as witnesses, and this may be done without exhibiting the contents. To establish title to your invention, even after obtaining a patent, you may have to prove that you made it before any one else, and never gave it up.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further precedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

The Coal Trade.

For the week ending the 19th instant, the total production, as reported by the several carrying companies, amounted to 264,886 tons, against 274,616 tons in corresponding week last year a decrease of 9,730 tons. The total amount of anthracite mined for the coal year is 785,163 tons, against 688,549 tons for same period last year, an increase of 96,514 tons. The quantity of bituminous coal sent to market for the week amounted to 46,628 tons, against 47,745 tons in corresponding week last year, a decrease of 1117 tons. The total amount of bituminous mined for the year is 101,961 tons, against 93,086 tons for corresponding period last year, an increase of 7,975 tons. The total tonnage of all kinds of coal for the week is 311,514 tons, against 322,361 tons in corresponding week last year, a decrease of 10 847 tons. The total tonnage of all kinds of coal for the coal year is 886,224 tons, against 781,635 to same date last year, an increase of 104,589 tons. The receipts at Perth Amboy for the week ending on the 19th instant were 24,193 tons, the shipments 18,452 tons, leaving a stock on hand of 106,987 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the fourth week of December was 77,062 tons, of which 59,103 tons were coal, and 17.959 tons coke. The total carried for the year is 4,826,184 tons, of which 3,933,890 tons were coal and 640,408 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad brought 15,000 tons to Port Richmond whilst 13,000 tons were shipped thence last week. The entire tonnage of the Reading Railroad for the week ending Saturday January 26, was 63,000 tons.—*Phila. Ledger, Jan.* 23.

American Railroad Journal.

New York, Saturday, February 9, 1878.

Baltimore and Delta Railroad.

The Baltimore Sun says that the directors of the two railroad companies known as the Baltimore, Hampden and Towsontown, and the Baltimore and Delta, both narrow gauge, met in joint conference at Barnum's Hotel, Baltimore, on the 5th inst., and then adds:

The conference agreed that the two roads should be consolidated, and that Mr. Stevenson Archer should draw an act of incorporation and obtain the necessary legislation to perfect it. Mr. Philip Dandridge, of Winchester, Va., was elected chief engineer. It was ordered that the engineer, together with President Waters, E. Stanley Rogers and P. T. George, be authorized to employ assistant engineers and other members of the corps, and arrange the terms of payment therefor. That committee was also instructed to put the work of survey in immediate operation. The report of Mr. E. C. Price, appointed at the last meeting, was that the payment of five per cent. upon subscriptions of stock was being rapidly made, and that he apprehended no delay in prompt collection of the same. The road, for which $150,000 has been subscribed, will extend from Delta, York county, Pa., through Harford county, Baltimore county and to Baltimore, striking Belair and Towsontown. Mr. Dandridge was for a long while an engineer of the Baltimore and Ohio Railroad Company. He was resident engineer in the construction of the Metropolitan Branch, the road from Winchester to Strasburg, and the one from Staunton to Harrisonburg, Va. Recently he had been employed on the Cincinnati Southern road.

☞ The Cleveland Southern Railway Company has been incorporated to run from Cleveland through the counties of Cuyahoga, Lorain, Medina, Wayne, Holmes, Coshocton, Muskingum, Perry, Hocking, Athens and Meigs, to the town of Pomeroy, capital stock $500,000, by Charles Hickox and others.

The Bullock Printing Press.

A controversy that has lasted for several years between the Bullock Printing Press Company and the New York Times with reference to an alleged infringement by the Times of the Bullock patent has been determined by the decision of Judge H. Wheeler, sitting the United States Circuit Court, in favor of the Bullock company. The Times has been enjoined from using the patented features of the Bullock press, the infringement of which was complained of and directed to account to the Bullock company for the profits derived from such use. One of the questions presented by the case was as to whether the Court would interfere by its injunction where it appeared by the testimony that pending the trial the defendants had substituted some other device in place of the one the use of which was complained of. Concerning this Judge Wheeler says; It is ordered hereupon that a decree be entered for an injunction and account, with costs to the complainants.

Mr. Charles F. Blake appeared for the Times and F. C. Bowman and Benjamin F. Lee for the Bullock Printing Press Company.

Scioto Valley Railroad.

The construction of the railroad link, to connect Portsmouth and Huntington via Ironton, is gradually changing its bearing, the necessity that Portsmouth herself should have a railroad bridge across the Ohio river becoming more apparent daily. That the Newport and Big Sandy Railroad will soon be a connection, which the railroad interests of Cincinnati, Newport, Maysville, Portsmouth and Huntington and the intermediate trade can no longer do without, is very obvious. And even should only that portion of it be constructed which would connect Portsmouth with Maysville, a bridge at Portsmouth would be an unavoidable result. The Scioto Valley Company, aware of this fact, and further aware of the enormous benefit their road would derive from a step which would not only give them the desired Huntington connection but also the direct traffic from Central Kentucky—are considering the feasibility (instead of building from Portsmouth to Ironton, crossing the Ohio river at Ashland and thence reaching Huntington)—to cross the Ohio river at Portsmouth and construct the road from Springville instead of from Ashland upwards on Kentucky's soil. That the people of our county would hail with cheer such a turn in this railroad movement and readily give rights of way and all reasonable

assistance to such an enterprise, need no comment.—*Greenup (Ky.) Independent.*

Connecticut River Railroad.

The income of this company for the year ending September 30, 1877, was as follows:

From passengers		$263,551 57
" freight		274,476 98

		371,371 36
Net earnings for the year		$201,931 27
Accretion to the sinking fund		10,872 88
General interest received		488 16
Total income for the year		$213,292 31

Against which are charged:

Amount paid on account of contract with Ashuelot R. R. Co.	$5,612 56	
Interest paid—		
On funded debt	15,000 00	
On general debt	11,647 57	
Dividend of January, 1877	84,000 00	
Dividend of July, 1877	84,000 00	
		200,260 13
Surplus for the year		$13,032 18
Total surplus, last year	$548,699 68	
Deduct entries to profit and loss made during the year, not belonging to the operations of the current year	66 63	
Surplus at beginning of the year, as changed by aforesaid entries		548,633 05
Total surplus, September 30, 1877		$561,665 23

A comparison of the income with that of the preceding year, shows a decrease in the gross earnings, including interest received, of $15,386 65; while in the expense account, including taxes, insurance, interest paid and payments on account of Ashuelot Railroad, there was also a decrease of $11,049 78. The passenger receipts were $25,541 83 less; freight, $18,065 48 more; and mails, express, rents and other income, in the aggregate $8,757 88 less than for the preceding year. The surplus for the year after payment of dividends being $13,032 18, against $2,148 06, in 1876. The earnings and expenses of the Ashuelot Branch, from April 21st, the date of our possession, are included in the general accounts.

Cross ties to the number of 32,624, and 800 tons of steel rails have been consumed in renewal of the track. The total amount of steel rails now in use exceed 55½ miles, or say, 57½ per cent. of the main tracks. No charges have been made in the construction account.

On the ninth day of May last a vacancy occurred in the Board of Commissioners of the Sinking Fund, by the death of Francis Bacon, Esq. Mr. Bacon has served as commissioner, on the part of the bondholders, from the time of the establishment of the fund, and had for about sixteen years discharged his trust with fidelity and integrity. At a meeting of the bondholders, held on the eleventh day of June last, I. M. Spelman, Esq., was appointed to fill the vacancy in the board. The value of the fund on the thirtieth day of September, 1877, as per report of the commissioners, was $205,624 16.

The Vermont Valley Railroad Company, having, by a decree of the United States Court, recovered control of its road on the sixth of April last, this company has since that time rendered such aid as was practicable to that company, by furnishing passenger cars and extending passenger train service between Brattleboro and Bellows Falls.

The arrangement between this company and the Ashuelot Railroad Company for the management of the Ashuelot Railroad, having been duly approved by their respective stockholders, has been in operation from the twenty first of April to September thirtieth, a period of five and one-third months. The directors have confidence that this arrangement will result to the mutual benefit of the respective companies and to their patrons.

During the past season a new express train, with drawing room cars, was run between New York City and the White Mountains. This train was well patronized and the interests of the roads composing the line will, no doubt, be benefitted by continuing the arrangement during the season of White Mountain travel.

The company have 18 locomotives. Miles run with passenger trains, 223,666; with freight, etc., trains, 119,044—total, 342,710. Number of passengers carried, 896,748; do. carried one mile, 9,777,284. Tons of freight carried, 292,029; do. carried one mile, 6,858,585. Earnings per mile of road, $7,322 02. Earnings per mile run, $1 71; operating expenses per mile run, $1 10; net earnings per mile run, $0 60.6. Percentage of expenses to earnings, 64.

BALANCE SHEET, September 30, 1877.

The office of the company is at Springfield, Mass. The officers are:

President.—DANIEL L. HARRIS.

Directors.—Daniel L. Harris, I. M. Spelman, Edward A. Dana, Charles S. Sargent, Chester W. Chapin, Oscar Edwards, W. B. Washburn, Roland Mather, S. M. Waite.

Clerk and Treasurer.—SETH HUNT.

Auditor.—JOHN WHITTELSEY.

Superintendent.—JOHN MULLIGAN.

The Woosung Railway.

The end of the Woosung Railway is now rapidly being approached, and Chinese obstructiveness is busy in removing this tiny advance in the direction of material progress. The work of demolition, says the North China Daily News, goes slowly but persistently on; and the destroyers are now engaged in taking up the track itself—rails, sleepers, and all—a portion of the work in the performance of which the native workmen show themselves sufficiently apt. The engines, Pioneer and Celestial Empire, driven by the natives who obtained their knowledge of the levers while acting as stokers to the European engine drivers, are employed in hauling. The native drivers seem quite *au fait* in their art, so far as their skill is at present called into requisition—as were also the native permanent-way men, signalmen, and watchmen in theirs—affording further proof that, had railways been permitted to continue and extend in China, but little difficulty would have been experienced in filling the ranks of all departments of the required employes with trustworthy natives. The engines, Viceroy and Flowery Land, have been taken to pieces; the task of dismantling the former, however, proving too tough a one for the "balacksmiths" at first employed, in consequence of the bolts being made on a principle unknown to them. They, therefore, gave up the job, and the services of some workmen from the Arsenal were obtained. These proved equally at fault, and ultimately the foreman employed by the late company's agent had to be called in to direct the work, and so prevent injury to the mechanism. That the railway and plant will be sent wholesale to Formosa there is no doubt; but it is still uncertain in what part of the island it will be set up. What will become of the road itself is at present unknown; but probably the plough and the spade will in a few weeks efface all that now remains of the "first railway" introduced into China, the bridges being perhaps retained for the accommodation of—wheelbarrows. Such is the melancholy account given of this attempt at railway enterprise. The whole affair is most unlucky and discouraging, and shows what injury may be worked through official jealousies.—*London and China Tel.*

☞ At a special term of the Supreme Court at Albany, N. Y., on the 4th inst., a decision was rendered in the case of the Troy and Boston Railroad Company, v. the Boston, Hoosac Tunnel and Western Railroad Company. It was an appeal from an order granting an injunction pending action between the parties. The decision is that the order appealed from should be reversed, with $10 costs and preventing disbursements.

☞ The Hestonville (Pa.) Railway Company has permitted its notes, to the value of $20,000, to go to protest. It is expected a receivership is

inevitable. The Company's total floating and funded debt is $461,127.

Railroads of Maine.

The Railroad Commissioners in their annual report represent that the railroad system of the State, as a whole, is in better condition than ever before, and the trunk lines of travel through the State, are, in all essentials, inferior to none, in confirmation of which, they call attention to the singular and almost entire immunity from serious casualities for several years past.

This happy exemption is considered a proof of the safe condition of the railroads, the good order of equipments and the faithfulness of the management of the several corporations.

The Commissioners deprecate all antagonism whether from within or without that would make the railroads of the State the object of plunder or spoil, and argue that they should be left to arrange their tariffs to suit the circumstances under which they are struggling, so as to yield a living profit. The true interests of railroads is to carry as cheaply as possible, so as to induce the greatest amount of business and the largest aggregate receipts with the smallest percentage of attendant expenses.

During the year three more roads have changed their gauge from 5½ feet to 4 feet 8½ inches—the European and North American, 114 miles, Bangor and Piscataquis, 62½ miles, and the Bangor and Bucksport, 18 8-10 miles.

Now all the railroads of Maine are of uniform gauge except the 27½ miles of the Portland and Oxford Central, still resting under an injunction of the Supreme Court, and the 15 miles of the Aroostook River road, a branch of the New Brunswick, built to a gauge of 3½ feet.

The total number of miles of railroad in the State is given as 1006.83, the same as last year, it being about one mile to each 33 square miles of territory, to each $231,000 of property and to 644 of population.

Among the repairs and improvements noted are, on the Bangor and Piscataquis road, the renewing of 7828 new ties, strengthening all the more important bridges and expending $15,000 in changing the gauge. On the European and North American, the filling and ballasting of 1500 feet of trestle work bridges, the replacing by superior structures several important bridges, besides extensive repairs on others, 885 tons of new iron rails and 59,858 new ties laid. On the Knox and Lincoln sufficient repairs have been made to render the road perfectly safe. On the Maine Central and its branches a new iron bridge, 115 feet long, over the Presumpscot river near Falmouth and a new iron bridge at Emerson's Stream below West Waterville have been built, the long iron bridge at Augusta has been strengthened and a granite abutment built at the east end. Wooden bridges have been built and extensive repairs made where necessary. A great advance has been made on this road in the direction of permanency and solidity in the character of the structures and of the road bed generally. The total length of new bridges built on this road during the year is 899 feet. Eleven hundred tons of new iron and 500 tons of new steel rails have been laid, 8000 old rails have been repaired and relaid. 2½ miles of side and spur track have been built, 90,000 new ties have been placed and 5000 yards of ballast put upon the roadbed. On the Portland and Ogdensburg, bridges have been strengthened, 40,911 new ties and 266½ tons of new iron laid.

The Grand Trunk road is reported in superior condition in all respects. Twenty-six thousand new ties and five miles of steel rails have been laid. Enough steel rails have been purchased and are in course of delivery to complete the track in this State, making a steel line complete from Portland, Maine, to Detroit, Michigan. One of the company's wharves at Portland has been rebuilt and extensive repairs made on others. Iron bridges are to be placed at Worthley's brook, Oxford bridge, Swift's creek and Bryant's pond.

On the Boston and Maine 1800 feet of pile has been filled, the bridges are well kept up and track in excellent condition.

On the Portland and Rochester the changes for the better are marked and important. A new iron bridge between five and six hundred feet long has been built over the Saco river at Buxton, 10,000 new ties and 100 tons of new iron have been laid.

On the Portland, Saco and Portsmouth 1100½ tons of steel rails have been laid, 18,091 new ties placed, a new top has been placed on the bridge at Portsmouth, extensive improvements have been made in yard and wharf property at Portland. Marked improvements are noted in the Somerset road, and the St. Croix and Penobscot road. A connection of the latter road with the European and North American Railway at Passadumkeag is contemplated. The Commissioners recommend an amendment to the act of last year providing bridge guards to all overhead bridges of 18 feet or less, so that it shall apply to bridges 20 feet overhead, and repeat a suggestion of last year in regard to requiring safety switches on all points on main lines where switches are required away from stations.

Philadelphia, Newtown and New York Railroad.

The Philadelphia, Newtown and New York Railroad was formally opened on the 2d inst. Many years ago the question of building a railroad between Philadelphia and Newtown, Bucks county, was first agitated. The need of such a road was generally recognized, and largely attended meetings were held in its interest. Subscriptions were opened and the completion of the work seemed so near at hand that a large brick depot was built in Newtown for the accommodation of the patrons of the prospective line. For some reason or other, however, the project then failed, and the depot, which still stands, was and is yet used for widely different purposes from those originally intended.

Subsequently, interest in the proposed road was again revived, and it was more or less talked about until 1872, when actual work was commenced under a charter providing for the construction of the "Philadelphia, Newtown and New York Railroad." The panic of 1873 greatly interfered with and finally stopped the work of construction; but in May, 1876, the road was completed to Fox Chase, on the line between Philadelphia and Montgomery counties. The extension of the road was then hurried as fast as circumstances would permit, and on the 23d ult. track-laying as far as Newtown was completed.

From Newtown a line has been surveyed to Edgarton, on the Delaware, and it is proposed, if possible, to extend the road to that point and across the river, where connection can be made with the Mercer and Somerset Railroad, which in turn makes connection at New Brunswick for New York.

There is also a project to extend the road from Newtown to New Hope, and, by crossing the river, connect with the Flemington Railroad, which also has New York connections.

The completed part of the new road is 22 miles long. It commences at Coopersville, on the Connecting road, and for the present is operated by the Pennsylvania Railroad Company, from whose depot, in West Philadelphia, its cars are run. The latter part of this arrangement, however, is not to be permanent. The Newtown Company purchased a lot at Second street and Lehigh avenue, upon which they expect to build a depot, and when this is done their cars will leave and arrive there.

The road from first to last has cost about $1,900,000. After crossing the Pennypack it runs through a rich and thickly populated agricultural country, and taps small but prosperous manufacturing villages. The road bed is compact and stone ballasted, the rails thick and well fastened, and the bridges and masonry work present the appearance of safety and solidity.

A Patent Car Axle.

There was a trial recently at the western terminus of the Citizens Passenger railway of a patent revolving car axle, jointly invented by Messrs. W. W. Towson and A. H. Henderson, of Baltimore, which seems to offer superior advantages over those now in use. The inventors claim for this axle that in turning curves it will lessen the friction between the flanges of the wheels and the outside track of the curve, and at the same time materially decrease the strain upon the horses. The invention consists in cutting any ordinary axle in two and then connecting them together so as to allow either wheel to work independent of the other. By this method, in turning a curve the outside wheels can revolve much faster than the inside, which does away with the disagreeable shaking and jarring of the car, and at the same time allows the curve to be turned with great ease, and saves straining the horses. One of these axles has been in use on a car of the Citizens' line for some months past, and has given great satisfaction. The trial was witnessed by Mr. James Hagerty, president of the Citizens' line, Mr. Blondell, of the City Passenger railway, Allen Dorsey, of the York road railway, Mr. Fairfax superintendent of the Park avenue line, and others interested in railroad management, and they were much pleased with its working. It is intended to use the axle on either steam or horse railroads, and can be fitted upon any car at comparatively trifling cost.—*Balt. Sun.*

Northern Pacific Railroad.

The bill reported on the 5th inst. by Representative Rice, of Massachusetts, from the Committee on Pacific Railroads, extends for 10 years the time for the completion of the Northern Pacific Railroad. It provides for the construction of not less than 100 miles a year, and that the main line between Portland and a point as far east as Umatilla, Oregon, shall be constructed on the south side of the Columbia River. Actual settlers on secured lands within the limits of the railroad grant are secured in their rights by paying $2 50 per acre; pre-emptors of homesteads are also protected. The company is authorized to issue bonds and secure the same by mortgage on the whole or any part of its road and property. The bill does not extend the time to build the branch line through Washington Territory from the mouth of Snake River to Puget Sound, but only gives the company the land earned by it on the 31 miles already built.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio of the Kalida Narrow gauge Railroad company, to run from Miller's crossing on the Toledo, Delphos and Indianapolis Narrow gauge railroad in Putnam county, to the town of Kalida in said county. The capital stock is $25,000, by Hiram Barber and others.

☞ The Virginia State Auditor reports that the receipts from the Moffett bell punch, with some slight modifications of the law, will be about $600,000.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

The mark (") occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "§."

Maderia and Mamore Railroad.

The steamship City of Richmond, Captain Kelly, chartered by Messrs. P. & T. Collins, to proceed to Brazil with laborers and railroad iron, arrived at Willow street wharf, Philadelphia, on the 4th inst. This vessel was built in Richmond, Va., in 1872, and was fitted out at Wilmington, Del. She is an iron propellor of 1438 tons, 218 feet in length, 33 feet beam and 22 feet depth of hold. She is schooner rigged and has three decks. She has a crew of 35, with accommodations for 40 saloon and 420 steerage passengers. The New York inspectors gave a favorable decision on her last December, and she has been thoroughly overhauled for this trip. She will carry out 1000 tons of railroad iron for the new Brazilian Railroad. The vessel, in addition to life rafts and boats, will carry 300 cork life preservers, in addition to the usual complement.

Statement of the Public Debt of the United States, February 1, 1878.

DEBT BEARING COIN INTEREST.

Debt, less amount in Treasury, Feb. 1, 1878	$2,044,287,366 26	
Debt, less amount in Treasury, on the 1st ult.	2,045,955,442 79	
Decrease of debt during the past month	$1,668,076 53	
Decrease of debt since June 30, 1877	15,870,857 00	

BONDS ISSUED TO THE PACIFIC RAILROAD COMPANIES, INTEREST PAYABLE IN LAWFUL MONEY.

	Amount Outstanding.	Accrued Interest not paid.
Central Pacific bonds, 1862-64	$25,885,120 00	$129,425 60
Kansas Pacific bonds, 1862-64	6,303,000 00	31,515 00
Union Pacific bonds, 1862-64	27,236,512 00	136,182 56
Central Branch Union Pacific bonds, 1862-64	1,600,000 00	8,000 00
Western Pacific bonds, 1862-4	1,970,560 00	9,852 80
Sioux City and Pacific bonds, 1862-64	1,628,320 00	8,141 60
Totals	$64,623,512 00	$323,117 56

Interest paid by United States, $37,896,334 50; interest repaid by transportation of mails, &c., $9,004,872 23; balance of interest paid by United States, $28,889,472 28.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, January 31, 1878.

JOHN SHERMAN,
Secretary of the Treasury.

Prizes Awarded.

The Pennsylvania Railroad Company has awarded to Fred. Ehrenfeld the premium of $100 for the most perfect track between Pittsburgh and New York. Mr. E's division extends from East Conemaugh to Altoona, and this is the fourth time he has taken the prize on this division, in addition to one prize secured while on the South West branch. Mr. Lytle, foreman on Mr. E's division, secured the $50 prize offered to that class of employes. Mr. L. Greek, Supervisor of the Tyrone Branch, received the premium for the best Branch of the Pennsylvania Railroad. Mr. Greek, sub-division foreman at Hillsdale, (brother of the former), and Mr. James Blair, sub-division foreman at Latrobe, received the same premium as Mr. Lytle, at South Fork. Mr. M. G. Wilson, of Duncannon, foreman of one of Mr. G. W. King's divisions—the district extending from Harrisburg to Newport—received a prize of fifty dollars recently from the Pennsylvania railroad company for the "neatest and most carefully kept stretch of track."

☞ According to the Report of the Railroad Commissioner of Illinois the number of miles operated by the fifty-one companies in the State is 7438½; total in and out of the State, 15,241½.

Philadelphia Stock Exchange.

Saturday, February 9, 1878.

Financial and Commercial Affairs.

In the Money line, less activity has been reported, with a freer offering of capital to responsible borrowers, who have been apparently in less need of aid, leading to an easier range in the loan and discount line. The discount business has been on an unusually limited scale, little short of strictly choice grades of commercial paper passing favorably before lenders, who have been very conservative in the acceptance of names, as endorsements. Call loans were quoted here at from 4@7, the principal negotiations having been within the range of 4@5½, closing on Wednesday at 4@6 per cent; and very choice to prime mercantile credits were rated at 5@7½ per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $1,871,100, and a decrease in the item of circulation of $36,800. The average of deposits was augmented $3,130,500. The legal tender reserve was increased $131,000; and the specie average $1,036,400. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $16,016,775, as against $15,682,000 the preceding week. The City bank exchanges in currency reached $340,214,148, or a daily average of $56,702,358.

Government securities have been moderately active, chiefly on investment account, but under more liberal offerings, in part of bonds returned from Europe, prices have been quoted irregular and weak. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 105⅝@105⅞; do. coupon, 105⅝@105¾; do. 1865, new, registered, 102⅝@102⅞; do. coupon, 102⅝@102¾; do. 1867, registered, 105@105⅛; do. coupon, 104⅞@105⅛; do. 1868, registered, 107¾@108¼; do. coupon, 108@108⅛; do. ten-forties, registered, 104⅜@104⅝; do. coupon, 107⅜@107⅝; do. five per cents, 1881, registered, 103¾@104; do. coupon, 103¾@103⅞; do. 4½ per cents, 1891, registered, 102⅞@103; do. coupon, 102¾@103; do. 4 per cents, 1907, reg., 100¾@101; do. small, 101¾@102; $500 and $1,000, coupon, 101¾@102.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $346,172,050, and $13,493,000 as security for public deposits.

The outstanding amount of legal tender notes is $349,110,424. The National bank circulation is now $320,656,690 of currency notes and $1,432,120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,761,000.

An examination of the quarterly account of the United States Treasurer, which is the general cash account of the United States, shows the following figures of receipts and expenditures: Receipts—balance due the United States July 1, 1859: unavailable, $28,507,623 56; available, $4,685,625 04; money received by the Treasurer from July 1, 1859, to June 30, 1877, $14,835,289,660 55; total, $14,868,482,909 15. Expenditures—moneys paid by the United States Treasurer from July 1, 1859, to June 30, 1877, and charged out by authority of law, $14,653,017,218 98; balance due the United States, unavailable, June 30, 1877, $29,585,805 82; available, same date, $185,879,889 35; total expenditures, $14,868,482,909 15.

The liquidation of the public debt of the United States in January reached $1,668,077; and since July 1, $15,870,857.

The disbursements of the U. S. Treasury in January reached $11,197,882, including on account of civil and miscellaneous, $5,624,228; war, $3,452,077; navy, $1,343,503; interior (Indians and pensions), $778,024.

The U. S. Sub-Treasury receipts in January were $70,028,510 (of which $7,318,583 from Customs;) payments, $77,470,053, (of which $16,169,807 were for coin interest.)

The Comptroller of the Currency reports the amount of additional circulation issued during the month of January at $1,041,690; total amount issued since the passage of the act of July 14, 1875, $41,111,970. The total amount of legal-tender notes retired to date under the act of January 14, 1875, is $32,829,576, the amount retired during the present month $833,852, leaving the amount of legal-tender notes outstanding on February 1, $349,110,424.

In State bonds the dealings have been on a restricted scale, and prices have been quoted somewhat weaker, though at the close showing rather more steadiness in the instance of the more prominent loans, which were offered with less urgency. Railway Mortgage loans have been generally in fairly active demand with the favorites of the actual interest bearing loans, which were taken quite freely for investment purposes, quoted, as a rule, stronger and, at the close, buoyant as to values. And in the line of Railway and Miscellaneous share property business has been remarkably tame during the week, with little indication of confidence on the part of operators, as to the immediate future course of the market, which has been fluctuating, frequently, influenced by a variety of reports and rumors, which have been of temporary interest, but manipulated by the speculative element, with a view, generally, to the depression of values. Yet the undercurrent has been regarded as favorable to an early and substantial improvement.

The income of the Government from internal revenues last week was about 2¼ millions, and from Customs last week again about two millions.

Gold has been fairly active in the speculative line, stimulated by the Washington reports and rumors, as to pending financial and revenue legislation, but the customs and export drains have been comparatively very moderate, with less of buoyancy in the general market than was apparent near the close of the preceding week. The extremes of the price during the week have been 101¾@102⅜, closing on Wednesday at 102 as against 102⅜ on Wednesday of the preceding week. The specie outflow last week was only $157,837—making the total exports of specie hence since January 1, $1,555,946 against $1,199,977 the same time in the preceding year. The imports of specie at this port last week reached $149,053, and since January 1st have been $822,602 as against $1,452,632 same time in the preceding year. The Customs demand for gold last week reached $1,505,945 or an average of $250,916 per day.

Foreign Exchange has been in rather more demand, and though opening weaker closed somewhat steadier as to price, on lighter offerings of prime bills. Bankers' sixty day bills on London closed on Wednesday at $4 82@$4 82⅛; sight bills on London at $4 84@$4 84⅛ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,923,815 as against $6,495,787 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $2,181,917 of Dry Goods, and $4,741,898 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $6,424,239, against $6,522,846 same week in 1877.

A somewhat brisker business has been reported for Hardware, Boots and Shoes and Dry Goods, at generally steadier rates.

Less activity has been noted in the leading kinds of domestic produce, with Breadstuffs, Naval Stores, Petroleum, Provisions and Cotton quoted toward the close generally weaker, influenced, in the export connection, in good part by the unfavorable tenor of recent foreign advices which worked decidedly against free export dealings especially in Breadstuffs. Foreign merchandise has has been in moderate demand and quoted irregular in price. Coffees cheaper. Sugars a shade higher, and toward the close more active.

Metals have been less sought after but quoted about steady as to values. Eglinton Pig Iron quoted at $24@$24 50; Glengarnock $25@$25 50; Coltness $26 50@$27; No. 1 American Pig at $18@$20; No. 2 do. at $17 50@$19. Forge $16@$17; American Rails at works $33@$37. Old Rails $19. (2,500 tons reported on p. t.) Wrought Scrap $22@$23. Steel Rails, on the basis of $42@$46 at mills and delivered. (300 tons reported sold on private terms.) Ingot Copper in request on the basis of 17½ for early delivery; sales 150,000 lbs.

The movement in the Ocean freight line has been less active mostly in Breadstuffs, Provisions, Cotton, Petroleum, and general cargo, with rates ruling generally easier and closing weak. Liverpool steamer rates at the close for Grain, quoted at 9@9½d. Flour, at 3s. Provisions, 40s.@50s.; Leather, 60s. Measurement Goods at 22s. 6d.@25s. per ton; Cotton, ⅛d.@9-32d. per lb. Liverpool, by sail. Cotton, 15-64@⅛d. Grain, at 7½d.; Flour, 2s. 4½d.; Measurement Goods, 17s. 6d.; Tobacco 30s.; Oil Cake at 20s.@22s. 6d. Grain rates on charter hence for Cork and orders left off at 5s. 7½d.; for the Continent Grain at 5s. 6d.@5s. 9d.; and from Baltimore for Cork and orders 5s. 9d.@6s. and from Philadelphia at 5s. 9d.@6s.; and from Portland at 6s.@6s. 3d. Refined Petroleum hence for Cork and orders, 4s.@4s. 3d.; for the Continent, 3s. 6d.@4s. and for Marseilles or Cette (crude) at 4s. 3d.@4s. 6d. Cotton by sail from New Orleans to Liverpool ⅛d.; from Galveston, at 7-16d.; Ky. Tobacco from New York to Genoa at 35s. 6d. Naval Stores from Wilmington or Charleston for Cork and orders at 3s. 6d.@5s. 3d. Lumber from Brunswick to the River Platte, $19. Deals from Charleston or Savannah to the United Kingdom at 100@110s.; Hewn Timber from Doboy to do., at 35s. 6d.@36. Through Provision freights from the West for Liverpool, by steam, 62@75; for the Continent at 82½@95 per 100 lbs.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

New York.—New York Elevated R. R. 1st mort., 83; Kansas Pacific Inc. Belvidere Delaware Railroad.

The directors of the Belvidere Delaware, the Flemington, and the Mercer and Somerset Railroads, elected on the 4th inst., are as follows:

Belvidere Delaware Railroad—G. B. Roberts, Josiah Bacon, Strickland Kneass, J. M. Kennedy, A. J. Derbyshire, Charles Sitgreaves, Lewis Perrine, Charles Bartles and Ashbel Welch.

Flemington Railroad—Charles Bartles, Ashbel Welch, Thomas B. Fidler, Samuel Lilly, William P. Emery, Alexander Wurts, John C. Hopewill, Benjamin Fish and Robert F. Stockton.

Mercer and Somerset Railroad—Thomas Hanlon, George B. Roberts, Thomas A. Scott, Strickland Kneass, Martin A. Howell, Augustus Van Zandt, Lewis Perrine, Benjamin Fish, Levi F. Atchley, A. L. Dennis and Ashbel Welch.

Southern Maryland Railroad.

At a meeting of the stockholders of the Southern Maryland Railroad Company, held in Baltimore on the 4th inst., the following Board of directors was elected: John Van Riswick, Samuel D. Smock, Charles B. Church, C. E. Rittenhouse, John Pettibone, W. B. Ried, all of Washington city; E. N. Darling, of Kansas; J. H. Wiggin, of New Hampshire; J. M. Scovel, of New Jersey; George W. Cram, of Connecticut; J. M. Broom and S. I. Wales, of Maryland.

A resolution was adopted looking to the early adjustment of the difficulties between the creditors and the company, the speedy completion of the road and a reduction of the present mortgage to such an amount as will pay the the creditors and complete the road.

☞ The annual statement of the United States Branch of the Liverpool, London and Globe Insurance Company for the year 1877 is a very favorable exhibit. The total assets amount to $3,959,901 and the total liabilities to $2,194,769 49, which leaves a surplus over all liabilities of $1,768,131 51. The total income of the company for the year was $2,713 059 32, and the total expenditure $1,603,916 79, leaving $1,109,142 53 as the surplus income.

☞ An order has passed the Portland City Council making the Mayor and Auditor of the city, ex-officio, the Commissioners of the Portland and Rochester Railroad sinking fund in place of the present Commissioners. The fund being invested in city bonds and in custody of the City Treasurer, the duty of the Commissioners is simply for the investment of the income of the funds, which now amount to about $77,000.

☞ The directors of the Boston, Clinton, Fitchburg and New Bedford Railroad Company, elected on the 6th inst., are: Nathaniel Thayer, Jr., Lyman Nichols, Nathaniel Thayer, William J. Rotch, William W. Crapo, Charles T. Crocker, George A. Torrey, William B. Wood, John E. Sanford.

☞ Henry A. Whitney, of Boston, has been elected President of the Providence, Warren and Bristol Railroad Company. The directors are: Samuel W. Church, T. P. I. Goddard, Wm. R. Robeson, Henry A. Whitney, Francis M. Weld, Wm. Goddard, A. E. Burnside.

☞ The Mississippi and Tennessee Railroad Company has recently cancelled its debt to the State of Tennessee by the payment to the State Comptroller of $299,814 in Tennessee bonds at their face value.

☞ The last rail on the Rochester and State Line Railroad, in New York, has been laid near Salamanca, and trains will soon run between Rochester and Salamanca, connecting with the Atlantic and Great Western Railroad.

☞ Messrs. Bowne & Fox, Stock brokers, Philadelphia, have removed from the Merchants Exchange to No. 132 South Third Street, next to the Girard Bank.

Imports of Dry Goods at New York.

The imports of foreign dry goods at New York for the month of January, were:

☞ The annual report of the Huntingdon and Broad Top Mt. R. R. Co. shows receipts during the year 1877 of $261,410 25, and expenses of $151,333 02, leaving net earnings of $110,077 23. The number of passengers carried in 1877 was 47,382. The number of tons of freight moved was 388,396 of which 140,143 tons were Broad Top coal, and 187,488 were Cumberland coal, the whole tonnage being 5760 tons less than in 1876. The officers are: President, B. Andrews Knight; Secretary and Treasurer, J. P. Aertsen.

The Federal Treasury.

The following is an official comparison of the condition of the Treasury on Feb. 1, 1877, and Feb. 1, 1878:

Exports (12 m. ending Dec. 31)	590,666 029 00	620,268,222 00

Elkton and Middletown Railroad.

The Elkton Whig, in noticing the movement for the construction of this twelve mile line of railroad, by which the distance between Baltimore and the Eastern Shore would be lessened thirty-one miles, says:

As the railroad communications of the peninsula now stand, the greater portion of the products of that section seeks a market in Philadelphia, and the purchasing trade follows the products. Were those communications changed by the construction of a railroad from Middletown to Elkton the trade of the peninsula would in a great measure be turned to Baltimore. The reduction of the distance and the more favorable field for selling and purchasing afforded by Baltimore would very naturally cause the products of the Eastern Shore, at least, to flow in that direction. Baltimore has many advantages over Philadelphia as a grain market, but as the railroad lines now exist the difference in freight tariff, &c., is so greatly in favor of Philadelphia that it is cheaper and more remunerative for our producers to use the markets of the latter city. We earnestly urge upon our citizens and the capitalists of Baltimore the necessity of immediate and energetic action. Several opportunities have already been allowed to pass by, and if Baltimore ever expects to secure to any considerable extent the trade of this section of the State her moneyed men must be up and doing.

☞ The Charleston (W. Va.) Courier says that the State of West Virginia engrafted in her first constitution, as a condition precedent to her admission into the Union, a promise to assume an equitable proportion of the debt of the Commonwealth of Virginia. That promise stands good and binding to day.

British Exports of Railroad Iron.

The following statement is published of the British exports of railroad iron during the last three years. To a considerable extent it represents the rate at which new construction has been advancing in various portions of the world:

To—	1875. Tons.	1876. Tons.	1877. Tons.

Cincinnati, Sandusky and Cleveland R. R.

An adjourned meeting of the holders of the second mortgage bonds of this company was held in Boston on the 31st ult., at which it was decided to petition the Court for the appointment of De Witt C. Brown, General Manager of the road, as Receiver in place of J. S. Farlow, resigned. The committee appointed at the previous meeting submitted their report, from which we make the following extract:

We presume that it was not expected, when a Receiver was appointed, that the road would remain in the custody of the court for so long a period. We regard it as exceedingly desirable that the road should be restored to the hands of the corporation at the earliest day possible; for there is little doubt that the watchful care of a Board of Directors interested in the securities of the road will exert a healthful influence in its operation.

Still it would seem, as a pre-requisite to this, that some plan should be devised for the extrication of the road from its financial embarrassments.

To this subject, therefore, your Committee have given careful consideration.

The differences of opinion among the bondholders, as to the value to our corporation of the Columbus road, brought that matter before us.

Our conclusions are, that the use and control of the Columbus road is of value to our corporation, but that, in the present depressed condition of railroad interests, we cannot afford to pay as a rental for that road more than twenty per cent. of its gross receipts, in lieu of the present rental of forty per cent.

We have conferred with some of the principal owners in that road, who are also large bondholders in our road, and are satisfied that they will accept rental at the rate of twenty per cent. of the

gross receipts from June 1, 1877, for one, two or three years, as we may elect ; or, if this is not acceptable, that they will accept such percentage of the gross earnings as two impartial railroad experts, from the facts in the case, may deem reasonable.

During the term which may be agreed upon for this new contract, the parties in interest will have opportunity to determine the value of the Columbus Road ; and, in case an agreement cannot be concluded on mutually satisfactory terms for a new contract, the old contract for a rental of forty per cent, which would at the expiration of the new agreement be reinstated, may be terminated by either party by giving six months' notice.

The above concessions being made by the parties interested in the Columbus road, the committee advise, in order to give our road better opportunity to free itself from its embarrassments that the holders of the second mortgage bonds shall fund six coupons, commencing with the coupon falling due June 1, 1877, into a ten year seven per cent. scrip ; this scrip to draw interest from the average maturity of the coupons payable semi-annually at seven per cent. per annum.

In view of the forbearance which will be exercised by the holders of the second mortgage bonds, we deem it right that they should be hereafter represented in such way as may be found compatible with our by laws, by the election of two of their number as directors in our corporation.

It is hardly possible, and perhaps not wise, to attempt to forecast the future of our corporation, under the influence of the proposed changes in our affairs ; yet it may be well to say, that, if these changes are carried into effect, the liabilities upon our road, other than its common stock, will be as follows:

First mortgage bonds, originally	$1,000,000
Reduced by sinking fund to	750,000
Sandusky City and Indiana bonds	350,000
Preferred stock	429,000
Second mortgage bonds	1,100,000
Floating debt, less the property recovered from Mr. Sloane and valued at $100,000	460,000
	$3,089,000

Our road from Sandusky to Dayton is ....155 miles in length.
And from Cary to Finley.... 15 miles in length.

In all....170 miles in length.

Our incumbrances, it will be seen, are therefore less than $18,200 per mile.

The first mortgage bonds and the preferred stock are subject to an interest charge at the rate of 6 per cent. per annum ; annual sum of	$85,140 00
The Sandusky City and Indiana bonds bear interest at the rate of 7 per cent. per annum	24,500 00
We add interest on net amount of floating debt, $460,000, 7 per cent.	32,200 00
Annual interest charges aside from interest on second mortgage bonds	$141,840 00

There would seem to be little doubt that the net earnings of the road, under the most unfavorable conditions, must be very much in excess of the amount called for to meet these charges.

☞ A certificate of incorporation has been filed with the Secretary of State of Ohio of the Cincinnati and Blanchester Northeastern Railroad, to run from Cincinnati through the counties of Hamilton, Clermont, Warren, Clinton, Fayette, Madison and Franklin to Columbus, capital stock $500,000, in shares of $50 each, by John Ferris and others.

☞ The following gentlemen have been elected directors of the Monmouth and Illinois River Railway Company for three years: H. M. B. Willson, of Fairview, Fulton county, and W. K. Johnson and J. T. Reichard, of Monmouth.

Underground Telegraph Lines.

The Austrian Military Review gives some particulars as to the underground telegraph lines which are being laid from Berlin to the most distant extremities of the German Empire. The first underground line completed was that between Berlin and Halle, which is to be connected with three lines from Berlin to Cologne, from Berlin to Frankfort-on-the-Main, and from Berlin to Strasburg. The lines from Berlin to Hamburg and Kiel, from Berlin to Breslau, and from Berlin to Konigsberg were then proceeded with. The Berlin-Hamburg line is provided with two parallel cables, each of seven wires ; and from Hamburg one of these cables is continued to Kiel, and the other to Wilhelmshafen and Emden, where it is joined on to the North Sea cable to England. The work of laying these cables is very difficult in mountainous districts, but along the high roads it is simple enough, and of late the operation has been further simplified by the use of a machine constructed for the purpose. This machine, attached to a traction engine, excavates the earth along the line of route, and, having laid the cable in the ground, throws it back again, the only manual labor required being that of the men who level the soil afterward. This machine was tried in the presence of Herr Stephen, the Director of the Prussian Post Office, upon the underground line from Berlin to Spandau, by way of Charlottenburg, and was found to work very well. Marshall von Moltke has despatched a detachment from one of the "railway regiments" to Spandau to make an underground passage for the cable underneath the fortifications, and a commission, composed of civil engineers and telegraph employes, has been appointed to arrange for laying down, in the course of the Spring, the lines from Berlin to Cologne, Frankfort, and Strasburg.

☞ The great suit brought against the Central Vermont Railroad managers, which was carried to the Vermont Supreme Court at Burlington, Vt., as to who should pay the taxes along the line of the Rutland Railroad, has been decided. The suit arose out of the lease of the Rutland and Burlington Railroad to the Central Vermont management and the taxes amount to about $100,000. The Supreme Court decides that the Central Vermont receivers and managers are not liable for these taxes and the Rutland and Burlington Company will have to pay them.

☞ Judge Drummond, of the United States Circuit Court for the Southern District of Illinois, upon application of W. J. Ketchum and Charles W. Fairbanks, attorney for the Indiana Banking Company has granted a postponement of the sale of the Springfield and Northwestern Railroad until the 23d inst. A pool had been arranged at Springfield to buy in the road, and this postponement now gives the Eastern bondholders a chance with the others.

☞ Tenders for the lease of the Quebec, Montreal, Ottawa and Occidental Railroad were opened on the 3d inst. The highest offers were by A. P. McDonald, $280,000 per year, and Hon. P. Mitchell, 25 per cent. of the gross receipts.

☞ The consumption of Molasses in the United States for the year 1877, according to the annual statement of the New York Shipping List, was 89,965,906 gallons, of which 27,065,906 gallons were of foreign production, leaving 12,900,000 gallons of domestic. In 1876 the consumption was 48,809,504 gallons, of which 36,459,504 were foreign and 12,350,000 domestic.

Boston, Concord and Montreal Railroad.

A correspondent of the Boston Journal, writing from Concord, N. H., under date Jan. 31, 1878, says that active efforts are being made in Coos county to secure the extension of this road from Groveton, where it now connects with the Grand Trunk Railway, to Colebrook, a distance of 28 miles, and then adds:

This project has been under discussion for a number of years, and of its success in the near future there can be no reasonable doubt. From Groveton to North Stratford the proposed line could run cars over the Grand Trunk iron for a reasonable compensation, or at a low rate of expense the present road bed of that route could be widened sufficient for parallel iron to be laid. On leaving North Stratford the line would follow closely the valley of the Upper Connecticut, and that portion of the route would be very feasible. The iron horse would not tarry long at Colebrook, but would push on eight miles further to Canaan, Vt., on the Canadian border, where the officials of the Megantic Line would lay a spur a mile and a half in length and thus make a grand connection via Colebrook to Montreal and Quebec, and also to the British Provinces.

This may seem an enthusiastic view of the proposed line, but the writer, in company with railroad men, has been over almost every rod of the contemplated route, and thus, in a measure, speaks from the results of personal observation. The upper Coos county has prosperous and growing towns, while her fertile valleys and upland slopes produce splendid crops. Her forests of timber which are now felled and burned would furnish immense freights for a railway for twenty-five years. Subscription books were opened in Colebrook, where $2500 worth of stock was taken the first day.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio, by C. W. Risley and others, of the Delphos, Bluffton and Frankfort Railway Co., to run from Delphos, passing through the counties of Allen, Mercer and Van Wert, to terminate at the Indiana State line on the west line of Van Wert county, Ohio ; capital stock $25,000, in shares of $50 each.

☞ The Marietta and Shawnee Railway Company of Ohio, by F. W. Kellogg, President, has filed a supplementary certificate, to construct a branch narrow-gauge from the main line at Big Run station, in Athens county, through the counties of Athens, Meigs and Gallia, to connect with the Gallipolis, McArthur and Columbus railway at the town of Gallipolis.

☞ We have received from Messrs. Bowen & Fox, Stock Brokers, 132 South Third St., Philadelphia, a Pamphlet of 16 pp., giving the highest and lowest quotations of Philadelphia Securities monthly for 1877—comprising State and city Securities, and the bonds and stock of Railroads, Canals, City Passenger Railroads, banks, insurance, coal, iron, trust companies, etc., etc.

☞ The contract for supplying scales for the postal service for the present year has been awarded to Fairbanks & Company. The Government has now nearly 50,000 of these scales in use.

☞ Four new coaches for the Scioto Valley Railroad arrived at Columbus, Ohio, on the 2d inst. from the Harlan & Hollingsworth Manufacturing Co., of Wilmington, Delaware.

Patent Office Report.

The annual report of the Commissioner of Patents says that the total amount of money received by the bureau during the year 1877 was $732,342 20. Its expenses of all kinds for the same period were $610,075 12. The accumulated surplus over the annual expenses covered into the treasury to the credit of the patent office fund was on the 31st of December $1,114,222 40. There were 13,029 patents issued to American citizens in 1877, and 590 to foreigners. Appropriations of $30,000 for the reproduction of photo-lithographs destroyed by the late fire, and of $20,000 for the printing of patents granted prior to 1867 are asked. A change by which the patent office printing shall be done under the supervision of the commissioner and not at the government printing office, the publication of a digest of patented inventions, a requirement that patentees shall pay a final fee of $15 and the cost of printing and photo-lithography, and the establishment of a patent court as a more permanent tribunal than either the board or commissioner, to act as a court of appeal, are suggested.

☞ At Columbus, Ohio, on the 20th ult., articles of incorporation were taken out by Wm. H. Gibson and others for the Pittsburg and Chicago Narrow Gauge Railway Company, to run from Youngstown through Mahoning, Portage, Stark, Holmes, Wayne, Ashland, Richland, Huron, Seneca, Hancock, Putnam and Paulding counties, Ohio, to the State line. Capital stock, $3,000,000.

☞ The new Pittsburgh, West Virginia and Southern Railroad, which is really the extension of the Pittsburgh, Castle Shannon and Washington Railway, is to have a capital stock of $500,000, the greater part of which is already subscribed.

☞ Mr. Walter Katte, Chief Engineer of the New York Elevated Railroad, states that in order to overturn one of the loaded cars on this road a wind pressure of 27 pounds to the square foot, equal to a velocity of 74 miles an hour, would have to be applied at right angles to the car.

☞ The Pennsylvania end of the Hempfield Railroad is to be offered for sale on the 4th of March, at the suit of Robert Laird, for the use of Rachel Henderson, executrix of the estate of the late Joseph Henderson.

☞ The Central Branch of the Union Pacific Railroad is now running regular trains to Concordia, 155 miles west of Atchison. The company built 43 miles of new road during the past fall and winter.

☞ The corporators of the Pittsburgh, West Virginia and Southern Railroad Company, have accepted the charter granted by the State of West Virginia.

☞ Ground was broken at Bentleysville, Penn., on the 2d inst. for the extension of the Pittsburg and Castle Shannon Narrow Gauge Railroad. M. D. Hays is President of the Company.

☞ The Seaboard Pipe and Telegraph Line Company, through Mr. F. P. Stevens, attorney in Baltimore, advertises for 3,000 telegraph poles. The proposals for each county of the State are to be handed in by February 15. The line proposed is to extend from the Pennsylvania oil regions to Baltimore.

The New Postal Cars.

A new postal car, named the "Massachusetts," built in New Haven for the Boston and New York Air Line, was brought to this city on Wednesday evening, in charge of Chief Head Clerk S. S. Hartsborn, and made its first trip to New York last evening, in charge of the postal clerks, R. E. Blake, Thomas W. Lane, J. J. Treadwell and William J Tilley, Jr. This car is one the finest and most perfectly adapted for postal purposes of any in use in the United States, being elegantly furnished, heated with steam and fitted with all appliances for its business. Its letter case contains about 900 boxes and has the capacity of making up about 70 sacks of papers and 80 pouches of letters.

On the first of March one of the same pattern will leave Boston on the Boston and Providence road for New York, with S. S. Hartsborn for chief head clerk of both lines. These cars will leave Boston one hour later than those by the way of Springfield, thereby giving the merchants and business men of Boston and vicinity greater facilities, and also making connection with all the later trains, which will be a great convenience to the public in general.—*Boston Journal, Feb.* 1.

☞ Wm. H. Morse, of Worcester, Mass., has been elected President, and Charles Heywood, of Gardner, Mass., Vice President of the Boston, Barre and Gardner Railroad Company.

OFFICES TO LET,

Singly or in suites, in the new building of the

Queen Insurance Company,

Nos. 37 and 39 Wall St., New York.

This building is PERFECTLY FIRE-PROOF, and has all the modern improvements.

Apply at the present office of the company, Nos. 214 and 216 Broadway, Park-Bank Building, to

WM. H. ROSS, Manager.

SEWALL GOLD AND SILVER MINING COMPANY.—This company, duly organized under the laws of the State of New-York, propose to commence the prosecution of work on their mine and to put up reduction works at once. A limited number of shares of the capital stock for a working capital are offered for sale at the office of H. G. Stebbins & Son, No. 48 Exchange Place, where the books of subscription are now open. G. T. SEWALL, President.

OFFICE OF THE ILLINOIS CENTRAL RAILROAD COMPANY, No. 31 NASSAU-ST., NEW YORK, Jan. 17, 1878.

A DIVIDEND OF THREE (3) PER CENT. HAS been declared by this company, payable on the 1st day of March next, to the holders of the capital stock of this company as registered at the close of the 12th day of February next, after which, and until the 4th day of March, the transfer-books will be closed.

L. V. F. RANDOLPH, Treasurer.

Solicitor U. S. & Foreign Trade Marks & Patents.

Make a note of the time when you first think of an invention, date and keep all writings, sketches, drawings and models of it. It will be well to have persons sign the former as witnesses, and this may be done without exhibiting the contents. To establish title to your invention, even after obtaining a patent, you may have to prove that you made it before any one else, and never gave it up.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

FINANCIAL.

The Coal Trade.

For the week ending the 26th ultimo, the total anthracite production, as reported by the several carrying companies, amounted to 187,028 tons, against 237,083 tons in corresponding week last year a decrease of 50,055 tons. The total amount of anthracite mined for the coal year is 972,190 tons, against 925,632 tons for same period last year, an increase of 46,558 tons. The quantity of bituminous coal sent to market for the week amounted to 43,229 tons, against 42,271 tons in corresponding week last year, a decrease of 42 tons. The total amount of bituminous mined for the year is 144,290 tons, against 136,857 tons for corresponding period last year, an increase of 7,933 tons. The total tonnage of all kinds of coal for the week is 230,257 tons, against 280,354 tons in corresponding week last year, a decrease of 50 097 tons. The total tonnage of all kinds of coal for the coal year is 1,116,480 tons, against 1,061,989 to same date last year, an increase of 54,491 tons. The receipts at Perth Amboy for the week ending on the 26th ultimo were 5021 tons, the shipments 11,151 tons, leaving a stock on hand of 100,857 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the last days of December was 34,815 tons, of which 26,292 tons were coal, and 8523 tons coke. The total carried for the year is 4,860,999 tons, of which 3,960,182 tons were coal and 648,931 tons coke, These figures embrace all the coal carried over the road, east and west. The Reading Railroad brought 12,000 tons to Port Richmond whilst 12,500 tons were shipped thence last week. The entire tonnage of the Reading Railroad for the week ending Saturday February 2, was 54,000 tons.—*Phila. Ledger, Feb.* 4.

American Railroad Journal.

New York, Saturday, February 16, 1878.

Philadelphia, Wilmington and Baltimore Railroad.

The fortieth annual report of the Philadelphia, Wilmington and Baltimore Railroad Company has just been published. The earnings for the year were—$2,761,055 47 on the main stem and Port Deposit branch; $155,194 53 on the Southern Division, and $2,211 38 (net,) on the Delaware Railroad, making the total earnings $2,918,461 38. The operating expenses were $1,663,441 75, leaving $1,073,821 24 as the net earnings of the Company. Out of this was paid $924,900 as dividends, and the remainder, $148,921 24, was transferred to the renewal fund and revenue account.

The report states that there remains but about 14½ miles of iron track on the road, including the southern division, and this will be mostly relaid in steel in 1878-79. The work of replacing the old wooden bridge over the Susquehanna by an iron one, which commenced in 1878, has gone steadily on. Of the thirteen spans constituting the structure, eleven have been changed to iron; one will be changed in 1878, and the draw (the remaining span) will not need reconstruction before 1879. The wooden bridge cost $2,268,983 19, and its renewal in iron so far has cost $449,877.

Philadelphia and Erie Railroad.

The annual report of the Philadelphia and Erie Railroad states that the gross receipts for the year 1877, were $3,172,992 70, the expenses $2,049,627 84, and the net earnings $1,123,865 86—showing a decrease compared with the previous year: in gross earnings of $179,986 47, in expenses of $138,818 58, and in net earnings of $41,167 89. The Sunbury and Erie 7 per cent. loan of $1,000,000, maturing October 1, 1877, has been extended twenty years by agreement with the bondholders, and reduced to $976,000. The report was ordered to be printed, and the meeting adjourned after electing board of managers, until May 16th next, to await the decision in the pending suit relative to the payment of interest on $2,400,000 preferred stock held by the Pennsylvania Railroad Company. Interest upon this stock was paid at 8 per cent. up to and including January, 1875, but it is now claimed that holders of it are not entitled to dividends when they are not earned.

The election for managers resulted in the choice of the following gentlemen: Robert Thompson, Wistar Morris, Joseph W. Gaskill, A. J. Derbyshire, Samuel G. Thompson, Samuel G. Lewis, Strickland Kneass, J. N. DuBarry, Alex. Biddle and J. Alexander Simpson.

United States Rolling Stock Co.

At the annual meeting of the United States Rolling Stock Co., held in this city on the 11th inst., James B. Hodgkinson, Adrian Iselin, E. G. Fabbri and Jonathan Edwards were elected trustees for the ensuing year, and a dividend of ten shillings per share for the half year was declared, payable on the 1st proximo.

The annual report shows that the gross earnings for the past year are in advance of 1876 by $13,426 46, but the net earnings, according to a former system of accounts, shows a decrease of $10,779 56—a total difference of $24,206 02 against the present year. This difference is mainly due to increased taxes and legal expenses and losses by bad debts; the income account shows absolute net earnings of $357,989 73, out of which a dividend of eight shillings per share was paid in August last, leaving $254,949 73 to be still disposed of.

Philadelphia and Reading Railroad.

The Philadelphia and Reading Railroad Company have determined to make monthly comparative statements of gross receipts, tonnage and passengers, as well for the English as the home market. Below will be found the figures for the month of December last as compared with those of the corresponding month in 1876:

Gross receipts:	Dec. 1877.	Dec. 1876.
Railroad traffic	$1,206,434	$793,106
Canal traffic	16,144	7,867
Steam colliers	63,601	40,281
Richmond coal barges.	17,821	5,057
Total Railroad Co.	$1,304,003	$846,313
Reading Coal and Iron Co..	795,868	473,651
Total	$2,099,872	$1,319,965
Tonnage and passengers:		
Tons of coal on Railroad.	647,727	418,032
Tons of merchandise.	281,187	239,666
Passengers carried.	522,026	523,360
Coal transported by steam colliers.	47,842	30,512
Tons of coal mined:		
By Coal and Iron Company. ..	361,829	198,411
By tenants	108,965	86,938
Total mined.	470,794	285,350

This exhibit is as satisfactory as could be desired, there being a very large increase in every item except in those of merchandise and passengers, in which there is shown a slight diminution.

Louisville and Portland Canal.

The following rates of toll on the Louisville and Portland Canal, recommended by General Weitzel in his report for the year ending December 31, 1877, have been approved by the Secretary of War, and have gone into effect: Steamboat and model barges, 8 cents per ton; square barges, flats, coal boats, &c., 6 cents per ton; all empty square barges and coal boats, 5 cents per ton; small boats, $4 each; rafts of logs, &c., measurement and rates the same as for coal boats; Boats be-

longing to or chartered by, the United States, free; towing, harbor rates; use of dredge, $2 50 per ton; use of steam pump $2 50 per hour; use of dry docks, $15 for first day, and $10 each subsequent day.

Pennsylvania Railroad.

Operations at the Altoona shops of the Pennsylvania Railroad Company, for the year 1877, were of a very extensive character. There were built nine new engines of class "H" and thirteen of class "C." There were repaired, at the same time, 224 engines. Of the locomotives damaged at Pittsburg, about fifty have been repaired, while twelve others of the same class were repaired at Harrisburg and Ronova. A large number of the engines damaged at Pittsburg were rendered utterly worthless and had to be sent to the scrap pile, and will be charged to the account of Allegheny county. One of the facts exhibiting the capacity of the Altoona shops was the erection of a large "Modoc" in forty-four hours, and it is claimed that with the force employed, with the machine power at hand, such an engine could be turned out, ready to draw a train, in a working day of ten hours. With the machinery in use, the wheels can be taken out of the superstructure of an engine in four-and-a-half hours.

St. Louis, Vandalia and Terre Haute R. R.

PRESIDENT'S OFFICE,
PITTSBURGH, PA., JANUARY, 5, 1878.

To the Stockholders of the St. Louis, Vandalia and Terre Haute Railroad Company:

GENTLEMEN: Your directors beg leave, respectfully, to submit herewith their report of the operations of the company during the fiscal year ending October 31st, 1877, and its financial condition at that date.

The earnings of your road during the year, as operated by the lessee were		$1,118,470 83
From which should be deducted the amount paid on account of division of earnings with Indianapolis and St. Louis R. R. Co	$77,708 49	
Less amount received on account of division of earnings with other companies	11,445 92	
		66,262 57
Total earnings on which rental is to be computed		$1,052,207 76
Thirty per cent of the preceding amount, being rental, is		$315,662 81
Add interest on city of Greenville bonds		159 75
Total receipts		$315,822 06

The year's charges against this sum were:

Interest on 1st mortgage bonds	$182,930 00	
Interest on 2d mortgage bonds	182,000 00	
Taxes	31,971 45	
Legal expenses	2,366 48	
Other general expenses	2,487 24	
		351,757 17
Leaving a deficit for the year, and advanced by the lessee, of		$35,935 11
Add deficit to November 1, 1876, as shown by last report		262,087 33
Total deficit, November 1, 1877		$298,022 44

Of this deficit, as stated in the last annual report, $201,000 is composed of interest paid in 1874, on the income bonds, since exchanged for preferred stock.

The following statement will show the earnings in detail compared with last year:

	1877.	1876.
From freight	$640,612 90	$618,626 12
" passengers	372,589 87	399 788 13
" express	31,208 18	30,300 20
" mails	72,758 69	37,532 23
" miscellaneous	1,355 69	
Totals	$1,118,470 83	$1,086,246 68

The increase in the freight earnings was wholly in the local business, the increase in this direction having been $34,980 12, or 11.32 per cent.; there having been a decrease in the foreign or competitive freight of $12,993 24, or 4.2 per cent. The increase in the local freight earnings was not commensurate with the largely augmented ton mileage amounting to 28.87 per cent., although it was about equal to the increase in the local tonnage; this latter having been 41,920 tons, or 11.24 per cent. The large addition to the local ton mileage, without a corresponding increase in the earnings therefrom, indicates that the average local rate must have been considerably reduced; this reduction was 13.63 per cent.; the average local rate in 1876 having been 2.33 cents per ton per mile, while in 1877 it was 2.01 cents, a reduction of 3.2 mills per ton per mile, equal, on the ton mileage, to $54,788 34. The unwise and long continued competition during the greater portion of the fiscal year, between more or less all the east and west railroad lines, was the chief cause of the decline in the local freight rates; for, although the so called cutting of rates is ostensibly on what is known as the through business, it always affects more or less unfavorably the local rates besides. The average rate on the competitive business was reduced from 9.47 mills per ton per mile in 1876, to 8.85 mills in 1877, a reduction of 6.2 mills per ton per mile, or 6.55 per cent. The competitive tonnage increased 8,112 tons, or 3.89 per cent., and the ton mileage 2.48 per cent. Had it not been, therefore, that the average rate on this business was reduced below that of 1876, (which was very low) the earnings therefrom would have been increased $20,768, instead of diminished $12,993 24; the total loss in both classes of freight traffic having been $74,788 31. The expenses would not necessarily have been increased, and therefore, this sum, had the average rates been equal to last year, would have increased by so much the net earnings; and would have nearly supplied the deficiency in meeting the interest on the company's funded debt, and the loss to the lessee in operating the road. This great evil of excessive competition among the leading railroads of the country is one, however, that seems inherent to the present morals of the system of conducting their business; and arises not so much from the lack of aggregate business, as from the necessities of particular companies overloaded with excessive debts or capitals, mainly the former, which find it imperative, in order to preserve their credit, to persistently endeavor by the secret lowering of rates to obtain more than their legitimate share, based on advantages of location, of the business offering.

The coal business of the road continues to show a satisfactory development. The total tons carried in 1877 were 252,986, against 223,860 in 1876, an increase of 29,126, or 12.01 per cent. The revenue, however, from this business increased in a greater proportion, owing to the fact of better rates therefor having been obtained. The coal revenue in 1877 was $121,507 48, and $103,106 34 in 1876, showing an increase of $18,401 14, equal to 17.8 per cent. This increase was not as great as was expected, on account of the Wabash Railway Company having refused to join the other roads centering at East St. Louis in maintaining uniform rates. No additional mines have been opened during the year.

The zinc works established in the previous year have since been in full operation, and have given your road considerable business, both in the way of ore to them and the product carried eastward. They are regarded by the proprietor as a success.

Of the decrease $27,248 26 in the passenger earnings $16,462 68 occurred in the local, and $10,785 58 in the foreign or competitive travel. There was a slight increase in the average rate received in both cases, equal to 1.18 mill per passenger per mile in the local travel, or 3.85 per cent., and 0 38 mill, or 1.34 per cent., in the competitive travel; but the average length of trips was considerably reduced, which, joined to a slight reduction in the number carried, resulted in the diminution noted in the earnings. In the local travel the number carried decreased 7,469, or 4.94 per cent., with a more than corresponding reduction in the passenger mileage amounting to 643,936, or 13.49 per cent.; while in the competitive travel there was an increase of 2,272, or 3.17 per cent., in the number carried, but a reduction in the mileage thereof equal to 6.22 per cent. Owing to a change since November 1, 1876, in the method of classifying the passengers, the increase shown in the foreign or competitive travel is more apparent than real. The aggregate diminution —5,197—is doubtless owing to the fact of the travel having been greatly stimulated in 1876 by the Centennial Exposition at Philadelphia, thus causing an unfavorable comparison with the results of the past fiscal year, which may be considered normal.

The following statement will show the comparative expenses of the lessee during the fiscal years of the company of 1876 and 1877.

	1877.	1876.
Conducting transp	$202,166 54	$245,153 52
Motive power	195,245 22	191,535 66
Maintenance of way	340,554 25	281,675 76
Maintenance of cars	82,656 01	72,868 78
General expenses	24,518 94	23,958 55
Totals	$845,140 96	$814,682 22

The result to the lessee in the operating of your road during the year was as follows:

Total expenses, as above stated	$845,140 96
Percentage (70) of earnings allowed in the lease for expenses	736,545 45
Loss for 1877	$108,595 51
Loss for 1876	71,229 10
Increase	$37,366 41

This sum is more than covered by the increased expenses of maintenance of way, which include the expenditures for betterments, hereafter referred to.

The amount of earnings absorbed by expenses was 75 per cent. in 1876, and 75.66 per cent. in 1877, being an increase on this basis of 0.66 per cent. of earnings. On the basis of service performed, or mileage of trains, the expenses increased 0.76 per cent.; the cost in 1877 having been 93.3 cents per mile run, and 92.6 cents in 1876. It will be recollected, however, in judging of these expenses, that they include the amount expended by the lessee in the permanent improvement of the road, the cost of which is generally charged on new roads, or comparatively so, as additional construction.

The track is in fair condition. There were used in repairs during the year 70,697 cross ties, 1,696½ tons of re-rolled iron rails, and 500 tons of steel rails. This is equivalent to relaying with new cross ties 26.8 miles of track, or 16.8 per cent. of the whole length of the road; and with new rails 23.3 miles of track, or 14.6 per cent. of the whole line. The lessee intends to increase hereafter the proportion of steel rails for repairs. At the present cost for steel, the use of iron at all in relaying the main line cannot be considered an economical measure. To put the track in the condition that the important position of the line demands, will require during the present year at least 5,000 tons of new rails.

New side tracks and extensions of old ones were made at different points, aggregating 9,410 feet, and old ones shortened 1,782 feet; the cost of all which was charged to expenses.

The total number of miles of track owned by

your company, and in use at the close of the year, was as follows:

Main Line between Indiana State Line and East St. Louis	158.30 miles.
Side tracks	25.53 "
Total	173.82 miles.

The equipment owned by your company and delivered to the lessee, and the amount now on hand by the lessee, will be shown by the following statement:

	Delivered to Lessee.	On hand Oct. 31, 1876.	On hand Oct. 31, 1877.
Engines	32	32	32
Passenger coaches	14	13	14

The lessee reports the motive power to be in better condition than at the close of the previous year, there having been considerable increase in the amount expended for repairs, especially of passenger engines.

It will have been noticed that the freight car equipment is still short 18 cars of the complement delivered to the lessee. It was hoped that the shortage of 3 cars at the close of the fiscal year of 1876 would have been made good during the past year, but it has increased 15 cars, 5 of which were destroyed in the riot at Pittsburgh in July last. It is believed to be only necessary to call the attention of the lessee to this matter to have it rectified.

Your attention is invited to the Balance Sheet and Income Account of the Treasurer, and to Statements Nos. 1, 2, 3 and 4 furnished by the lessee, showing the monthly earnings; tonnage, ton mileage and revenue therefrom; passengers passenger mileage and revenue; cost per ton and per passenger per mile; mileage of trains; and earnings, expenses and net earnings per mile run by trains; all compared with the same period of 1876, and appended to this report. The increase in the business of the road, although not shown by these statements to be in so large proportion as that exhibited for 1876, still denotes a constant and healthy development; and there is no doubt it will continue, as the country contiguous to your road, and especially tributary to St. Louis, becomes more occupied by settlements and its resources developed. The local business is likely to be more permanent in its character than on many other roads in Illinois, owing to the fact that the crops raised are not confined to corn and its products, which, when there is a failure, results very unfavorably to the lines dependent thereon. The farmers in the locality that your road traverses are equally interested in the growing of wheat and like grains, and also in the grazing of cattle, thus diversifying the products for transportation, which in turn tends to mitigate the unfavorable effect that a failure in one crop generally produces.

No change has been made in the ordinary stock or funded debt of the company since the last report. The installments on subscribed stock reported as then due, $6,399 90, still remain uncollected. There is little or no probability of this amount being received; the subscribers owing the largest part are insolvent, and others claim some kind of offset; while to all the statute of limitations gives a good defense, which those who have found it inconvenient to pay would doubtless avail themselves of.

There was issued to the lessee during the last fiscal year, $93,000 of preferred stock, on account of betterments and additions made to the road prior to November 1, 1875. There is still due on this account, $1,018 17. The remainder of the floating liabilities are payable in cash, as follows:

Bills payable	$24,733 34
Coupons due November 1, 1877	91,000 00
Coupons due prior and not presented	4,865 00
Due T. H. & I. R. R. Co. for old right of way claims paid	3,988 25
Due T. H. & I. R. R. Co. on lease account	66,637 69
Total	$191,224 28

No expenditures have been made during the year for additional construction and equipment. The payments appearing as additional charges on this account were in settlement of claims incurred prior to 1875. The betterments made to the road since have been included as part of the expenses in operating same, as before stated.

No change has taken place in the contested tax cases to which reference was made in the last annual report.

By order of the Board of Directors.

THOS. D. MESSLER, President.

INCOME ACCOUNT, October 31st, 1877.

Balance, November 1, 1876	$262,087 33
12 months' interest on 1st mortgage bonds	132,930 00
12 months' interest on 2d mortgage bonds	182,000 00
Taxes	31,971 45

W. H. BARNES, Treasurer.

☞ Articles of association of the Kansas City and Eastern Railroad Company have been filed with the Secretary of State of Missouri at Jefferson City; capital stock $625,000. The directors are: S. S. Jackson, of Jericho, N. Y.; E. H. Allen and Keyser Coates, of Kansas City; Logan O. Swope, William McCoy and John S. Pendleton, of Independence, Mo.; and Thomas Mott, of North Hemestead, N. Y. This new narrow gauge railroad is to extend from Lexington to Booneville, and will be a continuation of the Kansas City, Wyandotte, and Northwestern Railway, now running from Kansas City to Lexington. The length is to be 125 miles, of which 43 is built and being operated.

Narrow Gauge Railways.

In a paper by Jules Moran diere, in the Memoirs de la Societe des Ingenieurs Civils (translation reprinted in Van Nostand's Magazine), the following table is given, showing the extent to which the narrow gauge railway system has been adopted throughout the world:

	Open to traffic. Miles.	In construction. Miles.
Great Britain	26	..
France	483¼	89½
Algiers	20½	155½
Belgium	77	..
Norway	192½	..
Sweden	168	..
Russia	208½	183¼
Austro-Hungary	52¾	..
Prussia	20	..
Italy	7½	..
Island of Sardinia	18	..
Switzerland	22	..
Greece	5½	..
India	820¾	1,902
Australia	328	..
New Zealand	244	..
Cape of Good Hope	67	..
Canada	457	878
United States	2,010	7,552
Central America	37½	155
Peru	17½	..
Chili	118	..
Bolivia	..	155
Brazil	20	411
Java	34	..

The constructors of narrow gauge railways have adopted almost every conceivable variety of gauge between 1 foot 6 inches and 4 feet.

James River Valley Railroad.

A bill is before the Virginia Legislature proposing the construction of a railroad along the valley of the James river from Clifton Forge, on the Chesapeake and Ohio railroad, to Richmond, Va. Mr. Cyrus H. McCormick, of Chicago, a former Virginian, is one of the corporators. It proposes to construct the railway without aid from corporations and counties, and to construct it without imposing upon any community deprivation of the means of transportation to market during its construction. It also proposes to guarantee the prompt completion of the road.

☞ The Burlington, Cedar Rapids and Northern Railroad company have recently received two new passenger coaches, manufactured by the Ohio Falls Car Co. The cars are warmed by a heating apparatus connected with the stoves at each end of the car, and pipes extending on each side of the car underneath the seats. At each seat is a register, by means of which passengers can regulate the amount of heat desired for themselves. This company has also recently purchased four new engines.

☞ The officers of the Chicago and Pacific Railroad company, recently elected, are: T. S. Dobbins, President; W. L. Pease, Vice President; George S. Bowen, Secretary and Treasurer; J. S. Wilcox, Solicitor. The gross earnings of the road last year were $183,263 83. The operating expenses were $110,466 18, leaving a net profit for the year of $68,797 65. The company operates ninety miles of road.

British Railway Statistics.

Synopsis of the Railway Returns of the Board of Trade for the year ended December 31, 1876, covering the three grand divisions of the United Kingdom separately and in the aggregate.

† Ten lines report 96 miles of 3d track and eleven 184 miles of 4th or more track.

Canadian Pacific Railroad.

A dispatch dated Omaha, Neb., says that Senator Cornwall, of British Columbia, and Messrs. Roscoe and Dewdrey, Members of the House of Commons, from Victoria and Yale, passed through there on the 9th inst. on their way to the Canadian Parliament, and then adds:

They are prepared to push the building of the Canadian Pacific road, which was promised to British Columbia when it became a part of the Dominion of Canada, but which has been deferred. Surveys have been completed for the entire line. A practicable pass, but 860 feet high, has been found through the Rocky Mountains, and it is proposed to make Burrard Inlet the western terminal point coming down Fraser River. The road will have its eastern terminus near Fort William on Lake Superior, will pass through Assiniboine City, touch the headwaters of the Milk River and pass in the neighborhood of the fiftieth degree of latitude. Pending the tardy action of the Canadian government capitalists in the Northwest have taken hold of the matter and contracts are already let for about four hundred miles.

Framingham and Lowell Railroad.

At the annual meeting of the stockholders of this company, held in South Framingham, Mass., on the 7th inst., the following gentlemen were elected directors for the ensuing year: Wm. D. Peck, Sterling; William F. Ellis, Ashland; E. P. Carpenter, Foxboro; George A. Torrey, Boston; James W. Clarke, Framingham; S. B. Rogers, Sudbury; Ralph Warner, Boston; Jacob Nichols, Lowell; S. N. Aldrich, Marlboro'; Messrs. Warner, Nichols and Aldrich being new members of the Board. The report of the directors was submitted, and is as follows:

Since the last adjourned special meeting of the stockholders of the Framingham and Lowell Railroad Company, held December 28, 1877, the Directors, through a committee of their board, have conferred with a committee from the board of directors of the Boston, Clinton, Fitchburg and New Bedford Railroad in regard to the matter of differences in accounts between the two corporations and are pleased to report to the stockholders that after a thorough examination of the accounts they have come to an agreement for a basis of settlement. First it was determined what the actual indebtedness of the Framingham and Lowell Railroad was on the first of April, 1872, the date the lease of the Framingham and Lowell Railroad to the Boston, Clinton and Fitchburg went into effect which was found to be $224,880 10. To provide for the payment of this indebtedness the Framingham and Lowell Railroad issued eight per cent. coupon notes having ten years to run, to the amount of $250,000, upon which was realized the sum of $210,444 43, which reduced the above mentioned indebtedness of $224,880 10 to the sum of $13,935 67. In making up the balance of this account the charge made by the Boston, Clinton and Fitchburg Railroad on account, under the lease, are not allowed or taken into the account, but simply such actual cash payments for interest, and other purely corporation items and expenses as were made by the Boston, Clinton and Fitchburg as herewith set forth, with interest on the same at the rate of 7 per cent. per annum, to which they are entitled as per terms specified in the lease.

These items are as follows and are added to the balance of indebtedness of $13,935 67:

Nine sets of coupons paid on the $150,000 issue of September coupon notes Oct. 1, 1872, including October, 1876	$54,000 00
Interest on these payments to Feb. 1, 1878, at 7 per cent	8,820 00
Seven sets of coupons paid on $100,000 issue of 8 per cent. coupon notes August 1, 1878, including August 1, 1876	28,090 02
Interest on these payments to February 1878	3,920 00
Land damage claims paid by the B. C. and F. B. R., amounting to $24,826 21, upon which interest is allowed to Feb. 1, 1878, at 7 per cent	4,062 47
General corporation expenses paid	13,079 54
Interest on same to Feb. 1, 1878	1,720 82
Making a total of	$127,538 50

To which amount is to be added 8 per cent. notes, amounting to $40,000, held by the B., C. F. and N. B. Railroad, making the total amount of their claims $167,538 50, to which claim there can be no question as to the validity of it.

The ledger account shows a balance in their favor of $100,979 05, to which add the 8 per cent. notes of $40,000 held by them and add the bills payable of the Framingham and Lowell Railroad of $204,500, upon which the B., C. F. and N. B. Railroad are indorsers, making a total of $345,479 05, the amount of their claim October 1, 1877.

It is agreed upon the present basis of settlement that their claim against the Framingham and Lowell Railroad shall be $175,000, thereby setting aside and cancelling the entire indebtedness as shown in their favor in the previous figures of $315,479 05. This is regarded by your directors as a very desirable settlement to be effected. The conditions connected with this basis of adjustment are that the stockholders of the Framingham and Lowell Railroad shall surrender four-fifths of the capital stock held by them and that the creditors shall consent to take at par the stock thus surrendered in payment of their claims against the corporation. The B., C. F. and N. B. Railroad agreeing if this part of the plan be assented to by the stockholders to take their proportion of the stock thus surrendered in payment of their claims of $175,000 they to receive 1750 shares of the stock. The holders of the balance of the 8 per cent. notes, amounting to $210,000, in becoming a party to this settlement would in the aggregate receive 2100 shares of the surrendered stock and the indebtedness of the corporation would be extinguished and the cost of the road stand at about $1,000,000; $500,000 in first mortgage bonds and $511,000 in stock, provided the stockholders adopt and carry out this plan, the claim or $175,000 due the Boston, Clinton, Fitchburg and New Bedford Railroad, and all the other indebtedness of the corporation. As there are many stockholders owning less than five shares the following ratio for surrendering is recommended: stockholders holding 1 share not to surrender it; 2 shares surrender 1; 3 surrender 2; 4 surrender 3; 5 surrender 4; 6 surrender 5; 7 surrender 6; 8 surrender 6; 9 surrender 7; 10 surrender 8; 11 surrender 9; 12 surrender 10; 13 surrender 10; 14 surrender 11. The whole number of shares is 5110; four-fifths of which is 4088.

The directors having carefully considered various plans for the settlement of the indebtedness of the company, have decided unanimously to recommend to the stockholders and to the creditors the adoption on this method, as by so doing it stops all interest, settles the entire indebtedness and saves the road from bankruptcy, in which event the stock would be entirely worthless. We would recommend immediate action as we fear if the matter is delayed the road will be compelled to go into bankruptcy. If this plan is adopted and meets with the support of the stockholders and creditors, the one fifth of stock which is left to the stockholders will in the opinion of your directors be worth more than the whole five-fifths can be made to be worth by the adoption of any other plan of adjustment known to them.

The report was accepted and the stockholders voted to accept the plan as recommended.

The Pennsylvania Railroad in Maryland.

The Cumberland Alleganian says "that the late decision of the court will not affect the construction of the new railroad or retard its building. The company anticipated the result, and had made provisions for it. The decision will be respected in every particular, and the interests of the road are in nowise damaged. The road has gone thus far, and it is not likely that minor opposition will retard its progress. We still expect to see the Pennsylvania Railroad in Maryland the connecting link between Cumberland and the East and in competition with the Baltimore and Ohio road."

☞ The directors of the Providence and Worcester Railroad Co., recently elected, are: William S. Slater, Paul Whitin, Henry Chapin, Gideon L. Spencer, Elijah B. Stoddard, Lyman A. Cook, Estus Lamb, John C. Whitin, George A. Lepte, Eben B. Phillips, John R. Balch, Moses B. L. Goddard, Amos D. Lockwood, Frederick Grinnell and Joseph E. Davis.

☞ A bill has been introduced in Congress by Senator Maxey for extending the Galveston and San Antonio Railroad to Elpaso via Fort Clark by a subsidy of fifteen thousand dollars per mile. A junction is to be formed at Elpaso with the Southern Pacific Railroad of California.

☞ The Buckfield and Rumford (Me.) Railroad Company has been appointed receiver of the old Portland and Oxford Central Railroad, and will commence at once active operations in repairing the road.
